Request Granted.

Requesting preparation of proposed Charter amendment providing for payment by the City and County of dues to the Police Officers Association, and Fire Fighters' Union Local 798, and the widows and orphans associations of each, on behalf of uniformed members of the Police and Fire Departments.

Supervisor Blake requested that a communication be directed to the City Attorney, asking him to prepare in proper form a proposed Charter amendment providing for payment by the City and County of dues to the Police Officers' Association, Fire Fighters' Union Local 798, and the widows and orphans association of each, on behalf of uniformed members of the Police and Fire Departments. Supervisor Blake added the request that upon receipt the proposed Charter amendment be referred to Committee and that he be notified when the matter is scheduled for public hearing.

No objection and Clerk directed to comply.

Farewell Statements.

Supervisor Blake expressed his regret that this will be the last day on which he will sit as a member of the Board of Supervisors. He recalled the former members of the Board with whom he had served during the last fifteen years and expressed his sense of pride in having worked with them and with present members.

Supervisor Morrison, when his name was reached on roll call, thanked his colleagues for their words of praise and expressed his sense of honor at having served with them. He said that this is a time of great challenge and opportunity in government. He expressed his confidence that the Board will meet with honor, integrity, and ability the many challenges which the future will bring.

President Ertola and each Supervisor as his name was reached on roll call expressed his high regard and best wishes for Supervisor Blake and Supervisor Morrison. President Ertola presented to each Supervisor a memento of the years 1967-69 during which he served as President, a marble paper weight with a gold seal of the City and County in bas relief embedded in it. Members of the Board praised Supervisor Ertola for the fine manner in which he had conducted himself as President.

Noted and ordered filed.

Statement.

Calling for community effort to improve attitudes toward the Police Department.

Supervisor Francois stated that he had this morning attended the funeral services for Officer Eric Zelms, the young policeman recently killed in line of duty. He said that it seems to be a test of militancy today to assume a posture of hatred of the police and there are too many who preach such hostility. Supervisor Francois said he feels there is a connection between such preaching and attacks on individual policemen. Supervisor Francois said that he will continue to support the Police Department because he recognizes that without proper police protection, no one is safe to enjoy the good life, and that he hopes those who are responsible for building character and influencing the attitude of youngsters will make every effort to discourage this kind of thinking and that the Mayor will take the lead in trying to direct the community in its effort to eliminate this kind of senseless and dangerous attitude.

Referred to Committee.

Amending Section 12 of the Traffic Code to authorize regularly employed and salaried civilian employees of the Police Department to direct traffic or enforce parking regulations.

File No. 581-68, Ordinance No.

Supervisor Francois requested that subject legislation, tabled by Fire, Safety and Police Committee, be taken from the table.

Referred to Fire, Safety and Police Committee.

Requesting public hearing to determine what cooperative local, State and Federal government action might be taken to improve the quality of the environment.

Supervisor Mendelsohn stated that the problem of pollution of the environment has become widely recognized. Unfortunately there are gaps in the protective legislation enacted at the State and Federal levels; as local legislators the Board must now do what it can to plug the gaps in controls and to find ways to solve this problem.

Supervisor Mendelsohn called attention to the fact that the League of California Cities has published a report of the Committee on the Future entitled "Pollution—Air! Water! Land! Noise!"—and have asked for comments by the Board by the end of January.

Supervisor Mendelsohn requested that a communication be directed to the League of California Cities, Peninsula Division, over his signature, pointing out that he agrees in principle with the points made in the report of the Committee on the Future and that a committee of the Board will hold hearings on the subject shortly.

No objection and request granted.

Supervisor Mendelsohn added the request that the appropriate committee of the Board hold hearings as soon as possible on the question of what San Francisco—in cooperation with the Federal and State governments—can do to protect and improve the quality of the environment.

Referred to Health Committee.

Request Granted.

Requesting preparation of legislation embodying proposals of the Human Rights Commission relative to adoption of a workable program for urban development.

Supervisor Morrison stated that he has not as yet received a response from the City Attorney to his request of November 24, 1969, for legislation implementing the recommendations of the Human Rights Commission relative to adoption of a workable program for urban development. Supervisor Morrison requested that a follow-up request be directed to the City Attorney and that when the legislation is received it be referred to the appropriate committee for public hearing and recommendation to the full Board.

No objection and Clerk directed to comply.

Supervisor Morrison stated that he was glad to read recently that

the question of rapid transit on the Golden Gate Bridge is again being discussed, since it seems not unlikely that the Bridge could safely carry light rapid transit cars like those planned to replace present street cars of the Municipal Railway System. If light, rapid transit cars were to cross the Golden Gate Bridge, there would have to be an extension of the Municipal Railway System here. Supervisor Morrison said that while management of the Municipal Railway is planning the modernization of the system, some attention should be given not only to maintaining present street car lines but to expanding the use of streetcars.

Supervisor Morrison requested that communications be directed to the Public Utilities Commission and the General Manager, Public Utilities, suggesting that a modern street car line be established on Geary Boulevard to serve the Richmond District and on Third Street to serve the Bayview, Hunters Point, and Visitacion Valley Districts, and requesting comments.

No objection and Clerk directed to comply.

Suggesting provision of safety equipment for members of the uniformed force of the Police Department.

Supervisor Tamaras requested that a communication be directed to the Chief of Police, suggesting—if he has not already done so—inclusion in his departmental budget request a request for funds for whatever equipment the Chief believes appropriate to provide members of the uniformed force with a greater measure of safety in the performance of their duty.

No objection and Clerk directed to comply.

Suggesting review of program for the training of recruits in the uniformed force of the Police Department.

Supervisor Tamaras said that he, too, had attended the funeral this day for Officer Eric Zelms, the young policeman killed in line of duty. Supervisor Tamaras noted that Officer Zelms had his revolver in its holster at the time and wondered if the training of recruits should be reviewed with a view to more effectively training newly inducted members to protect themselves from such attacks.

No objection and Clerk directed to comply.

Statement.

Addition of American flag as insignia on Police Department uniforms.

Supervisor Tamaras recalled that he had recently asked the Police Commission and Chief of Police to consider adding a small replica of the American flag to the uniform of policemen in the form of a shoulder patch. He said he hoped the Commission will give favorable consideration to his suggestion. He said he had noticed a hostile attitude to policemen in youngsters with whom he had come in contact during his election campaign and felt everything possible must be done to change such an attitude. Possibly the replica of the flag on the uniform might be helpful in this regard.

Referred to Committee.

Amending the Administrative Code by adding Section 1.21 thereto, requiring notice to Board of Supervisors of determination to terminate or abandon projects or programs initiated, implemented, or approved by the Board of Supervisors.

Supervisor Tamaras presented:

File No. 624-69, Ordinance No.

Previously referred to Governmental Services Committee.

Request Granted.

Suggesting increased employment of licensed vocational nurses at Laguna Honda and San Francisco General Hospitals.

Supervisor Tamaras presented a communication from the Hospital and Institutional Workers' Union Local 250, stating the belief that there is an extreme under-use of licensed vocational nurses at Laguna Honda Hospital and San Francisco General Hospital.

Supervisor Tamaras requested that a communication be directed to the Director of Public Health asking why the City and County seeks to add registered nurses to its staff and has not sought to employ additional licensed vocational nurses, a policy which departs significantly from practices in private hospitals, and asking what consideration has been given to the substantial cost reductions which could be achieved by proper use of licensed vocational nurses.

No objection and Clerk directed to comply.

Statement.

Recommending that the City and County provide Police Department uniforms and equipment.

Supervisor Francois stated that at the funeral for Officer Zelms there were policemen from most of the surrounding communities. He noticed that the only policemen wearing a long coat were San Francisco's policemen; all the others wore the short Eisenhower jacket.

Supervisor Francois added that at the present time the Finance Committee has under consideration a proposal that the City and County provide members of the Police force with uniforms and equipment but has not taken any action because there are now no funds available for such use. He said he felt the Board should provide uniforms, if for no other reason than to provide the additional measure of safety afforded by the short jacket.

Adopted.

Motion that the Board award certificates of commendation to the following:

Roger J. Traynor (Supervisor Boas).

Paulist Fathers (Supervisor Tamaras).

Lucile V. Mohr (Supervisor Tamaras).

Dianne Feinstein

Noted and ordered filed.

Administration of Oaths.

The President introduced the Honorable Robert J. Drewes, Judge of the Superior Court, and announced that Judge Drewes would administer the oath of office to the re-elected and newly elected members of the Board. Thereupon, the President requested said re-elected and newly elected members to come forward to the rostrum, where the oath would be administered en masse.

Judge Drewes administered the oath of office to the following members of the Board: John J. Barbagelata, Roger Boas, Dianne Feinstein, Peter Tamaras, and Dorothy von Beroldingen.

Statement of President Ertola.

President Ertola thanked the Clerk of the Board, members of the Clerk's staff, and the deputy City Attorneys assigned to the Board of Supervisors for the assistance rendered him during the past two years. He thanked his colleagues for the honor bestowed on him in electing

him as President and stated that the experience has been one that he will remember all the years of his life, since in his opinion the San Francisco Board of Supervisors is second to no other legislative body in the United States.

Nomination for Office of President of the Board of Supervisors.

The President announced he would now entertain nominations for the office of President of the Board for the next ensuing two-year term.

Supervisor von Beroldingen, seconded by Supervisor Francois, moved that the name of Supervisor Dianne Feinstein be placed in nomination for the office of President of the Board for the next two years. Supervisor Tamaras added his words of welcome to Supervisor Feinstein.

The President inquired if there were any more nominations.

Supervisor Boas, seconded by Supervisor Mendelsohn, moved that the nominations be closed.

No objection and motion carried.

Thereupon, the Clerk called the roll on the motion to elect Supervisor Dianne Feinstein President for the next ensuing two-year term, and the motion carried by the following vote:

Ayes: Supervisors Boas, Ertola, Feinstein, Francois, Gonzales, Mailiard, Mendelsohn, Pelosi, Tamaras, von Beroldingen—10.

No: Supervisor Barbagelata—1.

Statement of President-Elect Dianne Feinstein.

Outgoing President, John A. Ertola, requested that Supervisors Tamaras and von Beroldingen escort the newly elected President to the rostrum.

President Feinstein, upon assuming the Chair, presented to Supervisor Ertola an inscribed plaque in commemoration of his term as President and as a tribute to his conduct in office.

President Feinstein thanked her colleagues for electing her as President. She said that the Board is now entering a crucial decade coming out of a very dismal decade and that she would like to think the eleven members of the Board with the Mayor will form a team dedicated to reaching solutions that are difficult to obtain, a team that will exercise the highest integrity in reaching the necessary decisions.

President Feinstein said that as she has watched the Board these last weeks she has been amazed at the amount of work going on—work that has depth, substance, and feeling. There have been mistakes made and there are areas in which the Board has not even begun to work. One of the overriding issues that will emerge will be the necessity of arriving at the kind of environmental controls that will assure the beauty that is San Francisco's. For this reason, she said, she will ask that the present Health Committee of the Board be named the Health and Environment Committee.

Other vital problems which face the Board are tax and fiscal prob-

lems, crime, and transportation. These are some of the areas the Board will be working on. She hoped the Board will move out into the public to carry its message to the people in an effort to see that this is a decade of magnificence for San Francisco.

Statement of Mayor Alioto.

President Feinstein thereupon introduced Mayor Joseph L. Alioto. Mayor Alioto thanked Supervisor Ertola for the excellent job he has done as President of the Board and congratulated the newly elected and re-elected Supervisors. He spoke of the most pressing problems for the coming year, among which are the need for reorganization and modernization of City government to make it responsive to the needs of the 1970's, and the plight of the over-burdened home owner. He said that he is convinced that San Francisco has the resources, willingness, and ability to be the first American city to solve the most pressing of its problems and in reaching solutions, cooperation between the Mayor and the Board of Supervisors can best assert itself.

Introduction of Supervisors and Members of Their Families.

The President introduced members of the Board of Supervisors, who, in turn, introduced the members of their families who were in attendance and spoke a few words in honor of the occasion.

APPROVAL OF JOURNAL.

There being no errors, corrections, or omissions, the Journal of Proceedings for the meeting of Monday, December 22, 1969, was considered read and approved.

Statement by Mayor.

President Feinstein introduced his Honor, Mayor Joseph L. Alioto.

Mayor Alioto addressed the Board on four issues which he considered to be essential priorities for action during the coming year:

1. Establishment of an Airport Commission;

3. Improved law enforcement;
4. Property tax relief.

The Mayor said that, in addition to the above essential priorities for the new year, he will press for many other programs and priorities which he considers to be of utmost urgency; and because the burdens of implementing these priorities are so great, combined with the effort required in prosecuting the libel suit against Look Magazine, he has decided not, at this time, to undertake the additional burden of a time-

Statement of Controller.

Sale of \$3,250,000 Water System Bonds, 1961, Series I, and of \$26,000,000 Airport Bonds, 1967, Series C.

Controller Nathan Cooper advised the Board that no bids were received for purchase of \$3,250,000 Water System Bonds, 1961, Series I, and of \$26,000,000 Airport Bonds, 1967, Series C.

He said that inquiry revealed that bidders felt that the term of maturity of the Water System Bonds was too long to warrant a bid of six percent. Mr. Cooper said that he does not consider this a serious problem; maturity dates can be rescheduled within the ability of the Water Department to pay interest and redemption costs from revenues, and the bonds again offered for sale in the not too distant future.

Mr. Cooper said that with regard to the Airport Bonds, the problem is somewhat different. These were scheduled for fifteen-year maturity but not in even amounts for each year. This was done because revenue for the first four or five years was estimated not to be sufficient to pay more than the amount of interest and redemption scheduled for those years. Later revenues were estimated to be sufficient to take up the balance of the costs. This schedule was unattractive to bond buyers.

Mr. Cooper said his office will investigate the possibility of rescheduling maturity dates and will also consider the possibility of negotiating sale under the same terms and conditions. If this cannot be arranged, the sale can be offered again. The bond market has improved the past week; perhaps in another week or two the market might be able to absorb these two bond issues.

Mr. Cooper recommended that the matter of sale of these two bond issues be referred to the Finance Committee for further consideration.

Adopted.

Motion that the matter of sale of \$3,250,000 Water System Bonds, 1961, Series I, be referred to Finance Committee for further consideration.

Supervisor Tamaras said he felt the Board should inform itself about what action is being taken by the Federal and State Governments and by private industry to combat pollution of the air before the City buys any more new equipment for the Municipal Railway.

Supervisor Tamaras, seconded by Supervisor von Beroldingen, moved that subject legislation be referred to committee until such reports are received.

proposal, the money will be offered to another city. There will be no cost to San Francisco.

In regard to Supervisor von Beroldingen's request above, Supervisor Mendelsohn called the Board's attention to the fact that the entire matter of pollution of the environment is in Health Committee for an in-depth exploration of State and Federal legislation pending and in effect and possible local action to fill any gaps not covered by State or Federal legislation.

(Superior Court Action No. 580805 brought for \$100,000 for personal injury resulting from alleged malpractice and negligence at San Francisco General Hospital. University of California School of Medicine is a codefendant and will pay the sum of \$30,000.)

Passed for second reading by the following vote:

Ayes: Supervisors Barbagelata, Ertola, Feinstein, Francois, Mailiard, Mendelsohn, Pelosi, Tamaras, von Beroldingen—9.

Absent: Supervisors Boas, Gonzales—2.

Passed for Second Reading as Amended.

The following called out of Legislative and Personnel Committee by Supervisor Francois was taken up:

Amending the Administrative Code by amending Section 16.98 thereof ((to provide that no residence requirement be specified for entrance ranks in the uniformed forces of the Police Department, except as may be established by the Civil Service Commission, not to exceed one year)) relating to residence requirements for persons making application for offices and employments in the City and County Service, by revising requirements for applicants for appointment to entrance ranks in the uniformed force of the Police Department.

File No. 19-69-1, Ordinance No.

Supervisor Francois, seconded by Supervisor Tamaras, moved passage for second reading.

Motion to Amend.

Supervisor Francois, seconded by Supervisor Tamaras, moved amendment to provide that applicants must be residents of any of the following states for one year immediately prior to the beginning date of written examination: California, Oregon, Washington, Nevada, Idaho, Utah, New Mexico, Wyoming, Colorado, Montana, Arizona, Alaska, Hawaii.

Police Commissioner Richard K. Miller stated that the Commission endorses the amendment as proposed by Supervisor Francois, with the possible exception of including servicemen discharged in this area. Mr. Miller suggested that perhaps preference in employment should be given, first, to residents of San Francisco, and, second, to residents of California.

Motions to Amend Pending Motion.

Supervisor Francois, seconded by Supervisor Tamaras, moved amendment of the pending motion to provide that applicants must be residents of any combination of the above-listed thirteen states for at least one year, or servicemen discharged in California from the armed forces; provided, however, that application must be made within six months of discharge.

Mr. John De Soto, representing the Civil Service Commission, stated that Civil Service has had an active year in recruiting policemen. In response to a question by Supervisor Barbagelata, he added that the biggest problem is lack of funds for advertising and for investigation of applicants. Additional funds are needed to speed up the investigative process and more will be needed to do investigations outside California. The Department is at this time investigating 66 applicants for the existing 57 vacancies in the entrance rank of the Police Department.

Mr. De Soto asked the Board to consider granting authority to recruit servicemen who are in the process of being discharged. At present they must wait until after actual discharge.

At this point the Chair summarized the pending motion to amend

as follows: Require one year's residence in any of the thirteen listed states and make servicemen discharged within the State eligible, provided application is made within six months of discharge.

Supervisor Francois requested that a communication be directed to the Civil Service Commission, requesting that the Commission review the provisions of Civil Service Commission Rule 4, Section 12.1, Calculation of Time, Age, Credits for Service, etc., since it appears to put San Francisco at a competitive disadvantage in recruiting policemen, in particular. Supervisor Francois said it appeared that the City might be in a more favorable position if calculations under Rule 4 were made with regard to the date of commencement of examination rather than the closing date for application.

Motion to amend adopted by the following vote:

Ayes: Supervisors Barbagelata, Ertola, Feinstein, Francois, Mailiard, Mendelsohn, Pelosi, Tamaras, von Beroldingen—9.

Absent: Supervisors Boas, Gonzales—2.

Passed for second reading as amended by the following vote:

Absent: Supervisors Boas, Gonzales—2.

Adopted as Amended.

Supervisor Ertola presented:

File No. 449-70-1, Ordinance No.

Referred to Finance Committee.

Request Granted.

Objecting to comments of League of California Cities spokesman criti-

cizing the San Francisco Civil Service Commission.

Supervisor Ertola referred to newspaper reports to the effect that Mr. R. W. Cowden, Chairman of the League of California Cities' Workmen's Compensation Committee, had been very critical of the fact that the San Francisco Civil Service Commission has accepted for employment ten police and fire candidates who originally were rejected for medical reasons.

Supervisor Ertola requested that a communication be directed to the League of California Cities, telling them that he is proud that the Civil Service Commission had the flexibility to make these judgments and that he does not appreciate the League's commenting on quasi-judicial matters in San Francisco.

No objection and Clerk directed to comply.

Request Granted.

Requesting information relative to cost to City of forged warrants.

and asking what steps might be taken to minimize this kind of loss.

Police problems.

Supervisor Mendelsohn stated that—as important as the problems of recruitment and the furnishing of uniforms for the Police Department are—these problems are only part of the over-riding public concern as to how the Police Department can operate in such a way as to provide safety for the public and for policemen themselves. Recruitment, training of recruits, adequacy of equipment, maximum use of existing manpower are all important facets of the problem.

Supervisor Mendelsohn stated that all the questions that have been raised by various Supervisors over the past months should be the subject of thorough fact-finding hearings looking toward development of an over-all strategy to help the Police Department achieve optimum capability in public and police safety. Supervisor Mendelsohn requested that such hearings be conducted by a joint committee as soon as possible so that the Board can determine what administrative or legal changes are necessary.

Supervisor Mendelsohn added the request that communications over his signature be directed to the Mayor, Police Commission, and the Police Officers' Association, asking their cooperation in a joint effort to reach conclusions in this matter.

Referred to Joint Fire, Safety and Police, Finance, and Legislative and Personnel Committee.

Meeting Announcement.

Supervisor Pelosi announced that the Finance Committee will hold public hearings on the subject of adopting a planning-programing budget system at 3:00 p.m. on February 4, 11, and 18, 1970.

Referred to Committee.

Reconsideration of policy relative to construction of a Southern Bay Crossing.

Supervisor Pelosi stated that the advisability of constructing a Southern Bay Crossing has been questioned recently. In view of the fact that the Bay Area Rapid Transit District will be completed in the near future, the advisability of spending four million dollars to move automobiles from the East Bay to San Francisco with, perhaps, a commensurate need for a bay front freeway in Santa Clara County, indicate that it might be appropriate for the Board to conduct public hearings to determine the position San Francisco wishes to take relative to whether or not a Southern Bay Crossing should be built at this time.

Referred to Streets and Transportation Committee.

Requests Granted.

Requesting information relative to effects of noise on human beings

and suggestions relative to means of abatement.

Supervisor Pelosi requested that a communication be directed to the Department of Public Health, asking for a review of ways in which departmental operations might be modified in order to reduce the output of noise and asking for a report on the effect of noise on human beings and recommendations of means of abatement.

Supervisor Pelosi also requested that a communication be directed to the City Attorney, asking for a report on current state and local laws which prohibit various kinds of noise, and for preparation of appropriate legislation, in consultation with the Department of Public Health, which would reduce the level of noise in San Francisco.

No objection and Clerk directed to comply.

Requesting statement of accomplishments of Stanford Research Institute.

Supervisor Tamaras requested that a communication be directed to the Mayor, asking for a statement of the work done by Stanford Research Institute under its contract with the City and County. Supervisor Tamaras said he wished to have this information as an aid in considering the forthcoming budget.

No objection and Clerk directed to comply.

Referred to Committee.

Motion—Amending Rules of Order of the Board of Supervisors by amending Rule 55 thereof to change the title of Health Committee to Health and Environment Committee and to refine the definition of assigned matters.

File No. 67-70.

I hereby move that Rule 55 be amended to read as follows:

“Rule 55. **Health and Environment Committee.** All matters pertaining to the functions or scope of activity assigned to the Agricultural Commissioner, Coroner, Department of Public Health, Public Pound and Sealer of Weights and Measures, including subjects regulated by the Health Code and Housing Code, and subjects directly related to environmental preservation, control, management and enhancement, such as air, water, and land pollution.”

Finally Passed.

The following recommendation called out of Legislative and Personnel Committee, heretofore considered, was taken up:

Amending the Administrative Code by amending Section 16.98 thereof, relating to residence requirements for persons making application for offices and employments in the City and County Service, by revising requirements for applicants for appointment to entrance ranks in the uniformed force of the Police Department.

File No. 19-69-1, Ordinance No. 9-70.

Supervisor Ertola asked if the group of Police Cadets would be included in this ordinance. Mr. John De Soto, Assistant Director of Recruitment and Examinations, Civil Service Commission, stated that

the cadet program is not included and there is no shortage of people for this program.

Supervisor Barbagelata stated he had checked with other cities in the United States and learned that they travel across the country trying to find recruits for their own police departments. The City of Los Angeles now has 449 vacancies and they are seeking recruits in Texas and Washington, D.C. Further, the District of Columbia Police Department is seeking its own recruits on the West Coast, particularly in Los Angeles.

Motion Failed for Lack of a Second.

Supervisor Barbagelata moved that this item be referred back to Committee for further investigation.

Motion lost for want of a second.

Explanation of Vote.

Supervisor Francois stated that this legislation will not solve all of the problems of obtaining needed police recruits but that it is a step in the right direction and therefore urged an affirmative vote.

Supervisor Gonzales stated that he was going to vote against this legislation for several reasons. As it stands it will not do the job that is required. Many large centers of population in the country should be included in the ordinance, such as the states of Pennsylvania and New York. More realistic thinking and planning should be used to bring the recruitment problem up to the 20th or 21st century. He stated that such states as Montana and Arizona have small populations and therefore could not possibly help with the problem. This is why states with large populations should be included in this ordinance.

Further, he stated that some of the requirements of recruits should be reduced to encourage men to become policemen, such as reduce the height minimum from 5-8 to perhaps 5-7.

Captain William O'Brien stated that certain standards are fixed by State law and the 5-8 height minimum is one of them. The Police Department must adhere to these standards in order to qualify for training funds. NOT

Finally passed by the following vote:

Ayes: Supervisors Boas, Ertola, Feinstein, Francois, Mailliard, Mendelsohn, Pelosi, Tamaras, von Beroldingen—9.

Noes: Supervisors Barbagelata, Gonzales—2.

Recess.

At the hour of 2:25 p.m., the Board recessed for the taking of official photographs and then reconvened at the hour of 2:35 p.m.

Approving rental increases effective March 1, 1970, at Midtown Park pending determination of moderate-income rental range.

File No. 209-69-1, Resolution No. 34-70.

Supervisor Pelosi stated that the flat \$25.00 increase for each size of apartment in Midtown Park is not equal for all. Figuring this raise on a percentage basis, the increase for a one bedroom apartment is 20% and for a two bedroom apartment is 13.5%. Therefore, such increases in rent should be computed on a strict percentage basis that would be fair to all concerned.

Refused Adoption.

Supervisor Pelosi, seconded by Supervisor Gonzales, moved that the matter be rereferred to the Finance Committee for computation of rent increases on a percentage basis.

Refused adoption by the following vote:

Aye: Supervisor Pelosi—1.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

Monday, February 2, 1970—2:00 p.m.

In meeting of the Board of Supervisors, San Francisco, Monday, February 2, 1970—2:00 p.m.

The Board of Supervisors met in regular session.

The roll was called and the following Supervisors were noted present:

Quorum present.

President Dianne Feinstein presiding.

Adopted.

The Clerk presented the following recommendation of his Honor, the Mayor:

Selling \$26,000,000 principal amount of Airport Bonds, 1967, Series C, at private sale and fixing definitive interest rate thereon.

File No. 567-69-14, Resolution No. 44-70.

Suspension of the Rules.

Supervisor von Beroldingen, seconded by Supervisor Francois, moved that the rules be suspended so that the Board might consider subject legislation.

Motion adopted by the following vote:

Ayes: Supervisors Barbagelata, Boas, Ertola, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Pelosi, Tamaras, von Beroldingen—11.

Statement by Mayor.

President Feinstein introduced his Honor, Mayor Joseph L. Alioto. The Mayor stated that on Friday, January 30, 1970, he had held an emergency meeting in his office to solve the problem of sale of these Airport bonds. A bid offer has been received from the Bank of America and Crocker-Citizens National Bank for purchase at a private sale at a firm interest rate of six percent. He advised the Board that

the City Attorney has ruled that since no offers were received for purchase of these bonds at public sale, they can be sold at a private sale. The Mayor urged the Board to adopt the proposed legislation.

In response to questions by members of the Board, Controller Cooper advised that Bank of America and Crocker-Citizens National Bank was the only bidder and that in his opinion private sale is legal and proper.

Supervisor von Beroldingen, seconded by Supervisor Gonzales, moved adoption.

Adopted by the following vote:

Ayes: Supervisors Barbagelata, Boas, Ertola, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Pelosi, Tamaras, von Beroldingen—11.

Hearing Held.

Hearing appeal from the decision of the City Planning Commission denying application for change in use classification of property located on the north side of Palmetto Avenue west of St. Charles Avenue, from R-1 District to R-2 District.

File No. 93-70.

The privilege of the floor was granted to the following:

Appellants:

Mr. Zvonko Pribanic and Steve Biser, owners of subject property.

Mr. Steele called the Board's attention to the wording of the appeal and questioned whether it might have mislead persons asked to sign the petition.

In response to a question by Supervisor Feinstein, Deputy City Attorney Stark said that there might be a possibility of misinterpretation of the appeal; however, it is also possible that signators knew what they were signing. He said he thought a decision on this question could be made from testimony of persons supporting the appeal.

Mr. Percy Steele, Zoning Administrator, presented the position of the City Planning Commission.

The opportunity to rebut was given to appellants.

There being no one else present desiring to speak, the Chair declared the hearing concluded.

The following recommendation of Joint Finance and Health and

Environment Committee was taken up:

(Supervisor von Beroldingen dissenting in Committee.)

Approving proposed waste disposal agreement with City of Mountain View, Sanitary Fill Company, and Mountain View Shoreline Regional Park Community, and authorizing execution thereof.

File No. 116-70, Ordinance No.

Supervisor von Beroldingen explained that she had dissented because she felt the Board has not amply explored alternative solutions. Harbor Tug and Barge Company has asked for two weeks to perfect their proposal for hauling San Francisco's solid waste to the Delta counties for use in building up the levees and low lands. Since this would provide a permanent, less expensive solution, Supervisor von Beroldingen said, she felt the Board should delay action on subject proposal.

Supervisor von Beroldingen, seconded by Supervisor Boas, moved that consideration be continued to February 16, 1970.

Director of Public Works Tatarian stated that despite excellent relations with officials of Mountain View, it has taken five months to negotiate this contract. It seems inconceivable that Harbor Tug and Barge Company could complete negotiations with the Delta counties and cities in anything like that time. San Francisco simply does not have the luxury of further delay. There is barely sufficient dumping space at Brisbane for the next five months.

In response to a question by Supervisor Feinstein, Deputy City Attorney Baglin stated that while it is possible that Mountain View might renege on the contract, he believes it is highly improbable that they would do so since they need the waste for their proposed park site and they will control the land fill operation.

Motion to continue consideration refused adoption by the following vote:

Ayes: Supervisors Boas, Tamaras, von Beroldingen—3.

Noes: Supervisors Barbagelata, Ertola, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Pelosi—8.

Taken Up Out of Order.

Adopted as Amended.

Supervisor Francois, seconded by Supervisor von Beroldingen, moved suspension of the rules to permit consideration out of order of the following recommendation of Finance Committee.

No objection; motion adopted.

Favoring selection of evergreen trees on Market Street.

File No. 424-69, Resolution No.

Supervisor von Beroldingen presented a comparison of the estimated cost of maintenance of sycamore trees and of evergreen trees.

In response to a question by Supervisor Gonzales, Supervisor von Beroldingen stated that the matter of selection of trees for planting on Market Street is beyond the jurisdiction of the Board; however, the Chief Administrative Officer has stated that he will give serious consideration to any expression of opinion by the Board.

Chief Administrative Officer Mellon reviewed the history and reasons for selection of the sycamore tree, copies of which reports are contained in the file. He said that firms which would be willing to bid on maintenance of the street trees have indicated there would be no difference in the amount of the bid whether the trees are sycamore or evergreen.

Mr. Mellon advised the Board that it would cost at least \$400,000 to have the design consultants redesign Market Street to accommodate the use of other trees of different scale. With the delays involved, and the cost of changes in design, the total cost could come close to a million dollars, not to mention the cost of delays to completion of the rapid transit system.

John Anderson, Chairman of the Transit Task Force Advisory Committee, and Allan B. Jacobs, Director of Planning, spoke in favor of planting sycamore trees on Market Street.

Refused Adoption.

Motion to Continue Consideration.

Supervisor von Beroldingen, seconded by Supervisor Tamaras, moved that consideration be continued one week for information relative to which major cities have used the sycamore tree extensively for street planting and for a breakdown of the estimated cost of redesigning Market Street.

Motion to Amend.

Supervisor Francois, seconded by Supervisor Mendelsohn, moved amendment as follows: Line 20, after "for evergreen trees on Market Street" DELETE "." and ADD "; provided that such support is contingent upon proper assurances that any alteration of plans for tree planting shall not increase the cost of reconstruction of Market Street in any substantial amount or result in any significant delay in completion of said project."

Supervisor Ertola suggested that the last "Whereas" clause be deleted and the "Resolved" clause be changed to incorporate the intent and purpose of the pending motion.

Authorizing extension of lease with City of San Francisco Civic Plaza Parking Corporation for operation of the Civic Center Plaza Garage.

File No. 203-69-6, Ordinance No.

In response to questions by various Supervisors, Controller Nathan Cooper reviewed the history of the decision to build the Civic Center Plaza Parking Facility, stating that, despite the fact that it was known that a three-level structure was not feasible at the time of construction, it was felt that the parking space would be required in the near future. He advised that the cash outlay required from the City and County to meet debt service and to build up the bond fund is being reduced and it is hoped that within five years there will no longer be a need for such an outlay.

In response to questions by Supervisor Tamaras, Deputy City Attorney Henning advised that the land lease and operating agreement executed in 1958 provide that the nonprofit corporation shall have a lease for fifty years and that the corporation, with the approval of the Controller, shall select the operator.

In response to questions by Supervisor Tamaras, Arthur S. Becker, Director of the Parking Authority, advised that the operator, System Auto Parks, also operates the Sutter-Stockton Garage, one of the most successful and profitable operations of its kind in the city. The operator is on a straight management basis under the daily supervision of the Director of Property and the Controller.

Refused Adoption.

Motion to Refer to Committee.

Supervisor Tamaras, seconded by Supervisor Boas, moved re-referral to Finance Committee with a view to determining whether or not more efficient management might be arranged.

Controller Cooper stated that he will ask the nonprofit corporation for an assurance by next Monday that it will call for bids for operation of the garage when the present contract expires. However, this is a matter apart from the question before the Board at this time. He said that in his opinion no operator could produce enough revenue to pay debt service and possessory interest taxes. Until the present contract for operation of the garage expires, there is nothing the City and County or the Corporation can do about changing the terms.

Motion to re-refer refused adoption by the following vote:

Motion to Amend.

Supervisor von Beroldingen, seconded by Supervisor Mailliard, moved amendment by changing the fee for transfer of a permit from \$5,000 to \$750.

Supervisor von Beroldingen stated that the Committee was advised by representatives of the building construction trades that they would oppose any issue that did not include a requirement that all construction be done by San Francisco labor. In response to her question, Deputy City Attorney Stark stated that the inclusion of such language in this resolution would be improper. Such a statement might be included in the ballot argument favoring the bond issue, or the Board might adopt a separate resolution declaring its policy in this regard.

Adopted by the following vote:

Ayes: Supervisors Barbagelata, Boas, Ertola, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Pelosi, Tamaras, von Beroldingen—11.

The Chair announced a caucus of the Board immediately following today's meeting.

Request Granted.

Requesting statement of cost of implementing the declaration of policy which has been placed on the forthcoming June ballot asking the electorate to indicate whether or not they favor compulsory bussing of school children.

Supervisor Francois requested that a communication be directed to the Controller, asking for an estimate of the cost of implementing the declaration of policy which has been placed on the forthcoming June ballot by a number of Supervisors, asking the electorate to indicate whether or not they favor compulsory bussing of school children. Supervisor Francois asked that the Controller, in his reply, take into consideration the fact that the declaration is broad and general in its application and would apply to all transportation and all reassignments of school children, that thousands of students are presently being bussed, that in lieu of the proposed plan of the Board of Education, facilities would have to be provided for students within their immediate neighborhoods, and that a substantial number of presently reassigned students would have to be placed in schools within walking distance of their homes.

No objection and Clerk directed to comply.

Requesting information relative to compliance of Registrar of Voters with requirement of California Elections Code Section 387.

Supervisor Francois requested that a communication be directed to the Chief Administrative Officer, inquiring whether the Registrar of Voters is complying with the provisions of Section 387 of the California Elections Code, which requires notice to registered voter of cancellation of registration for failure to vote. Supervisor Francois asked that—if the Registrar is not complying with said Section 387—the Board be advised of the reasons therefor and how the Board might be of assistance in bringing about compliance.

File No. 164-70.

Referred to Finance Committee.

Request Granted.**Requesting preparation of legislation imposing a tax on the use of sewers.**

Supervisor Mailliard requested that a communication be directed to the City Attorney, asking him to prepare for reference to committee, if he determines it to be legal, a proposed ordinance which would have the effect of taxing users of the San Francisco sewer system. Supervisor Mailliard stated that—considering the monumental need for improvement of the sewer system—it is only right that major users should in some measure pay for use. He said he assumed it would be a simple matter, since such a tax would be in direct relation to the amount of water used, and water is already being metered.

No objection and Clerk directed to comply.

Request Granted.**Urging continuation and expansion of the Federally Assisted Code Enforcement Program.**

Supervisor Mendelsohn requested that a communication be directed to the City Attorney asking that he confer with the Director of Planning and the Director of Public Works and prepare for his introduction a resolution asking the Federal Government not to curtail the Federally Assisted Code Enforcement Program but rather to increase the allocation of funds for this very necessary program.

No objection and Clerk directed to comply.

Complaints relative to dirt and debris at Ocean Beach.

Supervisor Mendelsohn stated that it has come to his attention from a variety of sources that there is wide public concern about the accumulation of dirt and debris in the area of Ocean Beach, including the sidewalks and street areas. Supervisor Mendelsohn requested that a communication be directed to the Recreation and Park Department

asking what their procedures are for the cleaning of the area.

No objection and Clerk directed to comply.

Referred to Committee.

Requesting consideration of proposed legislation which would permit the use of gasoline tax funds for public transit and air pollution purposes.

Supervisor Mendelsohn stated that Assemblyman Foran has introduced a proposed Constitutional Amendment and an implementing companion measure to allow gasoline tax funds to be used for rapid transit facilities and for air pollution control. Supervisor Mendelsohn requested referral to committee for consideration and recommendation of a policy statement in support of the subject legislation.

Supervisor Pelosi moved that the committee hearings be held to consider:

- (a) the findings of the Delinquency Prevention Commission to date relative to problems it has uncovered;
- (b) recommendations of the Commission to the Board of Supervisors and the administrative branches of government concerning action which should be taken;

Requesting investigation of alleged waste of drugs by the medical staff of San Francisco General Hospital.

Supervisor Tamaras stated that a particular situation has been called to his attention in which exorbitant amounts of drugs have been given to patients without any attempt being made to determine the patient's ability to pay. He said that he has been informed that such practices are by no means unusual at San Francisco General Hospital.

Supervisor Tamaras requested that an investigation be made by the appropriate committee of the Board into the alleged waste of drugs by the medical staff of San Francisco General Hospital.

Referred to Health and Environment Committee.

Adopted as Amended.

The following recommendation of Finance Committee, heretofore considered and temporarily postponed, was taken up:

Determining and declaring that public interest and necessity demand the submission of a bond issue in the amount of \$45,000,000 for improvement of the public schools.

Supervisor Ertola stated that this action should be taken after more consideration is given than is possible this afternoon. This need is not new. In 1968 the matter of the vulnerability of district police stations was called to the attention of the administration. Supervisor Tamaras has many times over the last year called upon the Police Department to inform the Board of its needs. Supervisor Ertola said that in his opinion the erection of fences around police stations is a mistake.

Supervisor Tamaras said that he is willing to spend whatever is necessary to provide safety for members of the Police force. File No. 270-70-1, Ordinance No.

(February 16, 1970—Consideration continued to March 9, 1970.)

Statement by Supervisor Tamaras Relative To Salary Standardization Ordinance

Foreword:

This year, in submitting to the Board salary standardization recommendations for miscellaneous employees, your Legislative and Personnel Committee has fully recognized the extraordinarily critical circumstances which confront the City's fiscal condition and its real property taxpayers.

Two public hearings, at which all interested were given an opportunity to be heard fully, have been held. Civil Service Commission recommendations have been reviewed comprehensively and intensively. All data regularly submitted has been evaluated with extreme care..

Your Committee thereafter has concluded that the Commission's recommendations, constituting the highest dollar-increase ever submitted to our Board, must be modified if we are to fairly and equitably observe the law's requirements for salary standardization, with due regard for economy in government.

The total cost, in consequence of the Committee's considered findings, is \$3,861,238 instead of \$9,525,128 as recommended by the

Commission, a reduction of \$5,663,890. A fuller explanation appears below.

Documentation:

Your Committee presents to you today its recommendations pertaining to File No. 270-70-1, the Salary Standardization Ordinance of 1970 for Miscellaneous Employees, in accordance with Sections 151 and 151.1 of the Charter. There are 14,846 such employees, in 1320 classifications.

Each member of the Board has before him today (1) a copy of the Civil Service Commission's Salary and Wage Survey dated January 30, 1970, with a copy of the Commission's letter of transmittal dated January 31, 1970; (2) a copy of the Commission's letter to the Board of Supervisors under date of January 30, 1970, transmitting a draft of the administrative provisions of the Salary Standardization Ordinance as recommended by the Civil Service Commission; and (3) a copy of the Commission's letter dated February 25, 1970, addressed to the Clerk of the Board, transmitting supplemental recommendations for salary increases and other revisions of the proposed Salary Standardization Ordinance. The foregoing constitute a comprehensive compilation of Civil Service Commission recommendations.

Also before each Board member today is a copy of the pamphlet dated March 6, 1970, entitled "Recommendations of the Legislative and Personnel Committee in Connection with the Salary and Wage Survey 1969-70," reflecting the compensation schedule recommendations of the Committee.

Administrative Provisions: The Civil Service Commission has considered varied requests for amendments to the administrative provisions of the Salary Standardization Ordinance, those provisions which affect working conditions of the employees involved. Of those requests, the Civil Service Commission has recommended approval of 15, as enumerated in the Commission's letter of January 30, 1970, mentioned above.

The Legislative and Personnel Committee studied intensively those 15 administrative provisions, as well as 9 others urged by the employees. It gave careful attention to representations made both verbally and in writing by interested individuals and representatives of organizations. As a result, the Committee recommends that the Board approve and adopt only the amendments to the administrative provisions of the Salary Standardization Ordinance which are set forth hereinbelow. Any further additions or deletions proposed by the members would require appropriate motions to amend.

As briefly as possible, the changes in the administrative provisions recommended by the Committee are as follows:

1. Section IV (E)—Additional Compensation

The entire paragraph, which provides a 10% premium rate for certain assignments in sewage treatment plants, is recommended for deletion. Payment for such assignments is reflected in the compensation schedules recommended for 1970-71.

2. Section IV (J)—Additional Compensation

This amendment extends the additional compensation of \$15 per month to temporary employees who translate to and from a foreign language for a minimum of twenty hours per month. This was heretofore limited to permanent employees. The payment is subject to certification by the Department as to the need for such special service, and approval by the Civil Service Commission. The estimated cost is \$9,600 per annum.

3. Section IV (K)—Additional Compensation

This is a new section providing a premium payment of 2½ % to employees who must continually deal with emotionally disturbed persons where such contact is not a normal duty or characteristic of the Civil Service classification. Such payment is subject to certification by an appointing officer, and approval by the General Manager, Personnel. The estimated cost is \$1,080 per annum. This premium payment, when properly authorized, would be applicable to medical stewards, among other classifications.

4. Section VI (A)—Holidays for Employees Whose Compensations Are Fixed Herein

Insertion of new language is recommended, to be effective January 1, 1971, providing for observance of certain holidays on Mondays in accordance with the recent change in State law.

(4th paragraph)

Amendment provides that certain employees from other City departments, who are regularly assigned to work in the Board of Education, may enjoy the same substitute holidays as currently observed by Board of Education employees.

5. Section VI—Holidays for Employees Whose Compensations Are Fixed Herein

(5th paragraph)

Amendment changes the holiday language to coincide with the provisions of the new State law: February 22 (3rd Monday in February) and May 30 (last Monday in May). This section permits employees to work on such holidays subject to certain conditions.

6. Section VII (B)—Compensation Adjustments

New language is recommended to permit an appointment to be made at no higher than the third increment step in the compensation schedule for classes where recruitment has been unsuccessful at a lower step. If the class is a single-position class, approval by the General Manager, Personnel, is subject to ratification by the Civil Service Commission. If the classification is a multiple-position class, recommendation of the General Manager, Personnel, and approval by the Civil Service Commission must be ratified by a 2/3 majority vote of the Board of Supervisors.

7. Section VII (B)—Compensation Adjustments

Amendment is recommended to make salary adjustment mandatory rather than discretionary for employees promoted from a lower class to a higher class, subsequent to which the salary of the lower class is raised above the salary of the higher class.

8. Section VII (B)—Compensation Adjustments

(2nd paragraph)

To provide for adjustment of salary and anniversary increment date of any employee promoted from one class to a higher classification who would receive a lesser salary than an employee promoted at a later date to the same classification from the same base class from which the promotional examination was held and the same salary step in such base class.

9. Section VII (C)—Method of Payment

(5th paragraph)

Compensation Upon Transfer or Re-Employment—This amendment extends salary protection to employees who are laid off for a period of not more than 30 calendar days and receive any type of reappointment. Previously, this protection was accorded only to regular Civil Service reappointees following lay off.

10. Section VII (D)—Method of Payment, Exception

Amendment is recommended to protect employees on industrial accident leave from loss of service credit for salary increments. Military and educational leaves are now so protected.

11. Section VII (G)—Method of Payment

Recommended new language will permit re-employment of attorneys and physicians under certain conditions without loss of prior service credit. To be applicable, there must be a certification of a shortage of qualified personnel to fill vacancies in such classes.

12. Section VII (H) & (I)—Method of Payment

Sections (H) and (I) are recommended for deletion. These sections provide a fringe payment to supervisory classes in the Municipal Transit System in accordance with fringe payments to the base class of operator which is to be determined later in the year in accordance with Charter Section 151.3.1.

13. Section VIII (D)—Methods of Calculation

This new sub-section is recommended, to authorize the Controller to convert other than bi-weekly compensation schedules to bi-weekly rates for payroll purposes.

14. Section IX—Compensation Schedules

The compensation schedules for fiscal year 1970-71 are presented in bi-weekly form to permit employees to receive bi-weekly salary warrants, effective July 1, 1970.

15. Section X—Compensation Adjustments, 1970-71:

The purpose and intent of this section is to provide that every permanent employee in the classes indicated will receive an increase in fiscal year 1970-71 either by seniority increment or change in the compensation schedule.

For fiscal year 1970-71, the provisions of this ordinance which govern the method of advancement of permanent employees on the basis

of service from the 1st step to the 5th step in the compensation schedule plan, shall be modified as follows:

- (1) For every classification noted by symbol (1*), where the compensation schedule for fiscal year 1970-71 is higher than for 1969-70, the seniority increment step advancement within the compensation schedule plan shall be suspended.
- (2) For every classification noted by symbol (2*), where the compensation schedule for fiscal year 1970-71 is higher than for 1969-70, and advancement within the compensation schedule is on the basis of six months of service, the first six month step increase due in fiscal year 1970-71 shall be granted, but the second six month step increase within the compensation schedule during fiscal year 1970-71, shall be suspended.
- (3) For every classification noted by symbol (3*) where the compensation schedule for fiscal year 1970-71 is the same as for 1969-70, permanent appointees who are at the maximum step in the compensation schedule shall receive an increase to a step which represents a 5% increase over the maximum of the compensation schedule established for the class upon completion of service similar to that required for advancement within the compensation schedule.
- (4) For every classification noted by symbol (4*), employees appointed on July 1, 1970 and thereafter, shall be appointed at a salary that is represented by that step in the compensation schedule plan which is 5% below the entrance step established for such classification.
- (5) For every classification noted by symbol (5*), employees appointed on July 1, 1970 and thereafter, shall be appointed at a salary that is represented by that step in the compensation schedule plan which is 10% below the entrance step established for such classification.
- (6) For every classification noted by symbol (6*), where the flat rate for fiscal year 1970-71 is the same as for 1969-70, permanent employees shall receive on July 1, 1970 an increase to that step in the compensation schedule which represents a 5% increase for the class. Employees appointed on July 1, 1970 and thereafter, shall be appointed at the established rate.
- (7) Problems or questions of procedure which may arise in connection with the administration of the provisions of this section, shall be resolved by action of the Civil Service Commission in accordance with the purposes and intent stated above.

Examples of Application of Item No. 15 Above:

Assume: A permanent appointee on July 1, 1969 to a position in a class at Schedule 26. Under current provisions, the employee appointed permanent on July 1, 1969 is due to earn the 2nd step in the schedule after one year of service, or on July 1, 1970. If salary standardization increases the schedule one step, or 5%, then under current provisions, on July 1, 1970, the appointee would be treated as follows:

Schedule 26 — 670 703 738 775 813

Schedule 27 — 703 → 738 775 813 854

Current Provisions: The employee on July 1, 1970, would not only get the new entrance rate of \$703, but would get **the additional 5%** to the 2nd step in the schedule, or \$738.

Proposed Provision: The employee who gets an increase because the schedule is increased as above, would forego the step increase for fiscal year 1970-71. In the above illustration, the employee on July 1 would go to \$703 and remain there for the fiscal year.

Future Years: For fiscal year 1971-72, the Board of Supervisors would have to determine in the light of conditions existing at that time whether the step increases within the schedules should be again made effective.

Assume: The same class as illustrated above in relation to salary standardization for next year, i.e., 1971-72—recommended for a 5% schedule increase:

Schedule 27 — 703 738 775 813 854

Schedule 28 — 738 → 775 813 854 896

If increments within the schedule are to again be effected, the same employee illustrated above would on July 1 go from \$703 to \$738 on the schedule change, and to \$775, the 2nd step, as his anniversary increment. If the situation is such that it is decided that increment increases again cannot be granted, then the employee would go to the \$738 and remain there for that fiscal year.

For each subsequent year, the Board of Supervisors would have to make the decision as to whether increment increases within the schedule were to be reinstated.

It is the recommendation of your Legislative and Personnel Committee that its proposed amendments to the administrative provisions of the Salary Standardization Ordinance as set forth above, and as included in the various recommendations under "Schedule of Compensations" below, be adopted, and therefore they are included in the comprehensive motion for amendment with which I opened my remarks today.

Schedule of Compensations: The Legislative and Personnel Committee presents to the Board its recommendations for amendment of the schedule of compensations which also entail in some respects adoption of implementing administrative provisions.

The members of the Committee have made their recommendations with a full awareness of the needs of the community, the services rendered by the employees, the requirement for maintenance of equitable relationships, the mandate of the people as set forth in the Charter that compensations shall be in accord with the generally prevailing rates of wages for like service and working conditions, and the necessity for preventing undue demands upon the real property tax base.

Each half-schedule number (.5) represents approximately a 2½%

increase above the next lower schedule number, and each full schedule (for example, Schedule 21 compared with Schedule 20) represents approximately a 5% increase above the next lower schedule.

The Committee's proposed amendments affecting the schedule of compensations and related administrative provisions are as follows:

1. Adjust classes up to and including Schedule 25 and related classes to 5% from 7.5% where generally prevailing data does not support an increase in excess of 5%\$1,176,102

A review of the data collected by the staff of the Civil Service Commission does not support a 7.5% increase for a majority of the classes up to Schedule 25. The data from other public agencies includes the State of California, Federal Government and Alameda County. The private data includes information from 96 private firms in San Francisco collected by the Bureau of Labor Statistics. Also included in the data are union rates for hospital classifications. There are a number of classes in this category (up to Schd. 25) where the data warrants a higher increase and they are so recommended.

2. Adjust the 7.5% ward duty premium to 5% for class 2320 Registered Nurse..... 346,600

The present compensation schedule for Registered Nurses is \$757-919 per month (Schedule 28.5). The Civil Service Commission recommended \$813-988 (Schedule 30) which represents a 7.5% increase for the next fiscal year.

The current pay for nurses under the California Nurses Association contract in San Francisco is \$715-835 per month. In order to maintain a 15% differential over the CNA rate, the City and County nurses would have to be raised to \$822-960 per month. There is no such schedule—the nearest schedule is \$795-965 (Schedule 29.5). This represents a 5% increase for the City nurses over the rate received in the present fiscal year. This is so recommended.

If the recommended reduction from 7.5% to 5% and the ward differential is reduced from 7.5% to 5% there will be a net saving of \$310,600. The nurses will receive an overall increase of 2½% over the compensation schedule for the current fiscal year. This will represent a 20% differential (including the ward duty), instead of a 22½% differential over the California Nurses Association contract rate.

According to the Civil Service Commission staff, the 7.5% ward duty premium for Registered Nurses was added in 1966 to alleviate a major recruitment problem in this classification and in recognition of the greater number of patients served by nurses on ward duty as compared to other hospitals in the area. There is no longer a major recruitment problem for Registered Nurses. The patient count at San Francisco General Hospital has decreased in the last three years from an average of 689 to 599, and at Laguna Honda Hospital from 1455 to 1350, while the number of employees in this class at the two institutions has increased.

A review of the data collected by the Civil Service Commission staff reveals that no public or private hospital included in the Salary Standardization Survey pays a ward rate differential for Registered Nurses.

With the reduction of the ward premium differential, the City and County nurses will maintain a 20% pay differential over the nurses included in the California Nurses Association contract for private hospitals in San Francisco which was the agreed differential in 1966 during the negotiations with the nurses.

3. Extended range adjustment in certain cases..... 350,000

The extended range adjustment of 5% is proposed in those classes where an increase in the compensation schedule is not recommended by the Legislative and Personnel Committee. In order to give relief to employees who are at the maximum of the schedule and who would otherwise suffer a loss in purchasing power, this extended range (5%) will be included in the Administration Provisions of the Salary Standardization Ordinance and the classes included in this adjustment will be identified by a symbol. The compensation schedule will remain the same. Employees other than those at the maximum of the range will receive the regular seniority step increase of 5%.

4. Adjust classes 2910 Social Worker, 2912 Senior Social Worker and 2914 Social Work Supervisor from 7.5% increase to 5% 136,656

A review of Civil Service Commission staff data indicates that a 5% adjustment in these classifications is in accord with generally prevailing data from other public agencies. For many years there was a serious recruitment problem in the Social Work classifications. Due to recent State legislation which separates the eligibility determination from the professional Social Work the recruitment problem has diminished and the number of positions required in the professional category will be reduced.

A similar adjustment in the Social Services classifications which require a Master's Degree is not recommended because recruitment problems still exist in those classes.

5. Adjust supervisory classifications in the Nursing Series to 5% from 7.5% 123,856

A review of the Civil Service Commission staff data indicates a reduction from 7.5% to 5% will maintain a 4½ step differential in the compensation schedules between Registered Nurses and Head Nurses. This is in accord with differentials between other professional classifications in the City and County service and in accord with practice in other public agencies surveyed. The other public agencies surveyed in the nursing classifications include Federal hospitals, State of Cali-

fornia hospitals, and Alameda, San Mateo and Santa Clara County hospitals.

6. Adjust professional classifications in the Librarian Series to 5% from 7.5%..... 39,444

A review of the Civil Service Commission staff data indicates an adjustment from 7.5% to 5% is justified on the basis of data collected from other public agencies for these classifications. The public agencies surveyed for Librarian classifications in the Bay Area include the following: State of California, Santa Clara, San Mateo and Alameda Counties and the City of Oakland. There is no recruitment problem at this time and Civil Service records indicate eligibles are available on existing lists to fill vacancies in these classifications.

7. Establish a new sub-entry step 5% or 10% below the current entry step as indicated for the following classifications 75,000

Class Title	No. of Pos.	Current Entry Rate	Average Private Entry Rate	Recommended Sub-entry Rate
1402 Junior Clerk	57	\$411	\$368	\$382 (— 5%)
1404 Clerk	120	500	400	453 (—10%)
1422 Jr. Clerk Typist	34	421	379	400 (— 5%)
1424 Clerk Typist	503	500	409	453 (—10%)
1430 Transcriber Typist	66	525	422	476 (—10%)
4320 Teller	7	500	396	453 (—10%)
	<hr/> 787			

A review of the Civil Service Commission staff data indicates that the data collected does not support the Civil Service Commission recommendation. New sub-entry steps are recommended in the administrative provisions of the Salary Standardization Ordinance and will be identified by a symbol.

8. Recommend no increase in compensation schedule to one-position classifications where incumbent is not at the maximum step in the compensation schedule.... 50,000

Even though the compensation schedule for such employees is not increased, this recommendation continues the seniority increment within the compensation schedule for an employee not at the maximum. Normal practice in private industry is to grant a single increase during a salary adjustment period.

9. Adjust increases in the Professional Engineering Series and related classes to 7.5% from 10%..... 222,942

The average starting rate for Engineers in private firms included in the Bureau of Labor Statistics survey and in the State of California and the Federal Government is substantially below the Civil Service Commis-

sion recommended increase of 7.5%. This recommended adjustment still leaves the Junior Engineer's starting salary well above the average starting salary elsewhere.

10. Adjust classifications in the Probation Officer Series to 5% from 7.5%..... 53,400

A review of the Civil Service Commission staff data indicates that the 7.5% increase in the Probation Officer Series is not justified on the basis of data collected from other public agencies surveyed. The average entry step in the public agencies surveyed is \$824 per month. The adjustment to a 5% increase (\$876) will still reflect an entry step in the base class \$52 over the average starting salary in other public agencies surveyed.

11. Adjust class 8321 Counselor, Boys Ranch School to 5% from 10%..... 10,260

This adjusted recommendation to 5% will bring this classification in accord with the recommendation for other related Counselor classifications. The data from other public agencies surveyed for Counselors at Boys Ranch School is somewhat higher than the City and County of San Francisco because the data collected is for the class of Probation Officer who perform the counseling work in some of these other counties, such as San Diego and Los Angeles Counties. The adjustment of this recommendation will leave the starting salary for this class in general accord with the data collected.

12. Adopt a new Administrative Provision to suspend increments for employees who are between the first and fourth step in the compensation schedule and who will receive an increase because of an increase in the compensation schedule based on data..... 2,403,400

If an employee is at the maximum of the compensation schedule and is to receive an increase in the schedule based on data collected, he is limited to **one** adjustment during the salary adjustment period. Under current procedure, if an employee is between the first and fourth step in the compensation schedule, he will receive a seniority step increase during the salary adjustment period, or two increases of at least 10% total. This new Administrative Provision will withhold the seniority increment during the next fiscal year in such cases and limit the employee to the increase based on a change in the compensation schedule. The withholding or resumption of salary increments for future years will depend on the economic factors to be considered at that time.

13. Adjust the commencement hour for premium payment for night tour of duty, except for certain specified classifications, from 2 p.m. to 5 p.m..... 368,918

The recommended adjustment would bring the premium payment for night tours of duty in conformity with standard prevailing practice. It reflects exactly the provisions applicable to Class 2320 Registered Nurse which are included in the current contract between the California Nurses Association and private hospitals generally in San Francisco, since elsewhere in the Ordinance is a specification under Class 2320 that the salary will include 9% additional to the entrance base rate for night shifts beginning after 2 p.m. and starting before 6 a.m. as ward nurse or emergency hospital nurse. The precise text of the applicable section, as it is proposed for amendment, follows:

(B) For night tour of duty EXCLUSIVE OF THE EXCEPTIONS NOTED HEREIN, a night tour of duty is eight hours work completed within nine hours commencing after 5 p.m. and prior to 6 a.m. A NIGHT TOUR OF DUTY FOR EMPLOYEES IN THE FOLLOWING CLASSES SHALL BE DEFINED AS EIGHT HOURS WORK COMPLETED WITHIN NINE HOURS COMMENCING AFTER 2 P.M. AND PRIOR TO 6 A.M. THIS PROVISION APPLIES TO CLASSES 2302 ORDERLY, 2312 LICENSED VOCATIONAL NURSE, 2308 SURGICAL AIDE, 2322 HEAD NURSE, 2330 ANESTHETIST, 2340 OPERATING ROOM NURSE, 2342 HEAD NURSE, SURGERY, 2424 X-RAY LABORATORY AIDE, 2426 X-RAY TECHNICIAN, 2506 CENTRAL SUPPLY ROOM AIDE, 2514 ORTHOPEDIC TECHNICIAN I, 2602 KITCHEN HELPER, 2608 VEGETABLE MAN, 2612 CAFETERIA HELPER, 2736 PORTER, 2738 PORTER SUB FOREMAN, 2740 PORTER FOREMAN, 1 120 SENIOR ORDERLY. EXCEPT AS MAY BE OTHERWISE PROVIDED IN THIS ORDINANCE, employees whose compensations are fixed herein on a monthly basis who are required to work on a night tour of duty of eight hours, shall be paid 6¼ % more than the base monthly rate exclusive of any additional compensation for other special assignments. This provision shall not apply to employees whose compensations are fixed herein on a per diem or hourly basis OR TO EMPLOYEES in class 2220 Physician assigned to emergency hospital service. This provision shall apply to part-time employees of the Juvenile Court in the classifications of 8320 Counselor-Juvenile Hall who work four hours or more but less than eight hours and whose tour of duty ends at 8 o'clock p.m. or later, and to employees in classes 7334 Stationary Engineer and 7372 Stationary Engineer, Sewage Plant.

Total Estimated Savings.....\$5,332,978

Conclusion:

In effect, the recommendations submitted today by the Legislative and Personnel Committee constitute a substantial reduction of Civil Service Commission recommendations, which were in large measure not in accord with survey data. At the same time, the Committee is making it possible for most employees to enjoy a 5% upward revision of their present compensation, either through incremental or range adjustment.

The recommendations were predicated in the case of each classification upon a review, individually and class by class, of all available data. At the same time, there was a consideration of relationships with allied classifications, and a weighing of compensation-affecting influences in private and other public jurisdictions, including, among others, cost-of-living increases reported by the United States Department of Labor since enactment of the last Salary Standardization Ordinance.

The deliberations of the Committee were made complicated and hypersensitive by the multiplicity of adversary interests generated by the Civil Service Commission's recommendations. Organizations such as the Greater San Francisco Chamber of Commerce generally contended for sharp reduction of the Commission's proposals, while labor interests advocated retention or upward revision of the Commission's recommendations. The contentions of both factions were supported by persuasive arguments, and a tense situation was recurrently agitated, as was the case last year, by unconfirmed rumors of a referendum to the voters on one hand, and overt warnings of a strike on the other.

In the face of widely divergent but always insistent pressures, the Committee offers a solution which it believes is in strict conformity with the people's edict, expressed in the Charter, that the "Supervisors shall fix a compensation which shall be in accord with the wages paid in private employment or other governmental organizations in the state for the nearest comparable service and working conditions."

Your Legislative and Personnel Committee, Supervisor James Mailliard, Supervisor Ronald Pelosi and the writer, has held eight separate sessions of several hours duration each, during daytime and evening hours, in order to give mature deliberation to the important matter of salary standardization. It has conducted an exhaustive study of the data submitted by the Civil Service Commission, individual employees, other interested persons, and organizations. The counsel of all members of the Board was cordially invited at any or all of those meetings, and the Committee welcomed that which was offered.

The Committee members present the foregoing recommendations to you with complete unanimity. They feel strongly that they represent the best possible solution of an admittedly complex problem. Because of the volume and intricacies of the classifications involved, the final product almost inevitably will raise the possibility that incongruities and inconsistencies will crop up in the future, which can be remedied in due course. On the whole, however, the recommendations treat substantially all of the employees alike and without disturbance of relationships which now exist.

The Committee members are extremely hopeful that the manifest equality of their over-all recommendations will be acceptable to all interested factions, that the employees will continue to enjoy a livelihood supported by adequate wages, and that the homeowners, the business community and other private taxpayers will continue to enjoy without disruption a favorable economy bolstered and enhanced by essential municipal services.

The Committee urges each and every member of the Board to recognize the essential fairness of its recommendations, and to vote in favor of them, without change.

Addendum to March 6, 1970 Statement by Supervisor Tamaras Relative to Salary Standardization Ordinance

Subsequent to its extended discussion with employee representatives and the Mayor on Saturday, March 7, 1970, the Legislative and Personnel Committee has amended its original recommendations as set forth in my statement of March 6, 1970.

The Committee's amendments, all of which are designed to eliminate inequities and produce administrative uniformity, necessarily will add to the total cost of the Salary Standardization package. Nevertheless, the amount by which the Legislative and Personnel Committee has reduced the total submitted by the Civil Service Commission is \$4,755,252, a reduction which is unprecedented in the history of salary standardization. At the same time, the Committee feels that the salaries recommended for all employees are fair and equitable, and in full compliance with the spirit and letter of the Salary Standardization requirement of like pay for like work.

The specific amendments approved by the Legislative and Personnel Committee following last Saturday's meeting, and which are incorporated in the Committee's motion for amendment of the Salary Standardization Ordinance today, are as follows:

1. Establish night differential applicable to nurses at 10% instead of 9% as was originally proposed by the Committee. This amendment will maintain the current differential of 10%. At the same time, an amendment is recommended that the proposed designation of "entrance rate" in relation to the night differential be stricken, thus maintaining the current provision. There is no separate element of cost attached to the foregoing, since the cost is included in the total shown in Item 5 below.
2. The following language is to be inserted with each of the stipulated classifications listed in the salary recommendations: "10% additional per hour when assigned to work involving contact with raw sewage in sewage treatment plants." The foregoing language shall apply to classes:

7205 Chief Stationary Engineer
7333 Junior Stationary Engineer
7334 Stationary Engineer
7335 Senior Stationary Engineer
7343 Maintenance Machinist
0166.1 Junior Operating Engineer

0172 Chief Operating Engineer

There is no change in the Committee's total as a result of this amendment, since this provision heretofore has been eliminated from the Administrative Provisions, Section IV E, first paragraph.

3. Restore Civil Service Commission salary recommendations for the following classes:

- 7203 Buildings and Grounds Maintenance Supervisor
- 7205 Chief Stationary Engineer
- 7209 School Heating and Ventilation Supervisor
- 7223 Cable Machinery Supervisor
- 7252 Chief Stationary Engineer, Sewage Plant
- 7334 Stationary Engineer
- 7335 Senior Stationary Engineer
- 7372 Stationary Engineer, Sewage Plant
- 7373 Senior Stationary Engineer, Sewage Plant

The purpose of this restoration is to bring the salary recommendations into conformity with three principal union contracts (P.G. & E., Hospitals and Class IA Buildings). The total estimated cost of the amendment is \$112,980.

4. Include no increase in compensation schedule to 1-position classifications where incumbent is not at the maximum step in the compensation schedule. These classifications are as follows:

- 1104 Parking Authority Director
- 1116 Commercial Division Assistant Manager
- 1118 Commercial Division Manager
- 1136 Assistant County Clerk
- 1274 Director, Bureau of Personnel & Safety
- 1661 Assistant Fiscal Officer, Board of Education
- 1680 Chief Assistant Controller
- 1814 Assistant Actuary
- 1824 Principal Administrative Analyst
- 1882 Director, Systems and Data Processing
- 2638 Director of Food Services, SFUSD
- 2970 Director, Admin. Service Dept. of Social Services
- 4256 Real Estate Analyst
- 5109 Assistant Deputy for Development
- 7231 School Buildings Maintenance and Repair Supervisor
- 8246 Disaster Corps Director
- 8436 Chief Adult Probation Officer

This amendment will specify classifications affected, additional to those already set forth in the Committee's recommendations, and is submitted for the purpose of uniformity of treatment. It will reduce the estimated savings in relation to Civil Service Commission recommendations from an estimated \$50,000 to \$18,474.

5. Restore all premium shifts as originally proposed by the Committee to commence at 5:00 p.m., to a commencement hour of 2:00 p.m. This amendment is recommended primarily for the purpose of avoiding a net result which would be reflected in a lesser take-home pay for a large number of employees. It is recommended by the Committee that the Civil Service Commission study this entire premium shift schedule intensively between now and presentation of its next Salary Standardization recommendations, to the end that shifts which can be worked without premium pay be properly assigned and compensated. The total cost of this amendment is \$368,918.
6. Authorize the Clerk of the Board to correct obvious clerical errors in the Salary Standardization Ordinance, such as, for example, that which appears in relation to Classification No. 3538, where the salary schedule should be shown as 26 instead of 36.

The foregoing is hereby made a part of the Legislative and Personnel Committee's recommendations.

Supervisor Peter Tamaras.

A further saving of \$276,000 is effected because the new increases become effective on the 11th working day of the new fiscal year.

Section 10 (1) (2) of the administrative provisions of the Salary Standardization Ordinance (increment steps) are recommended for deletion. It is proposed that the former method of administering salary increments within the schedules be continued.

A savings of \$2,403,400 was estimated in the report of the L&P Committee of March 6. A further study of the data supporting this figure indicates that the cost of restoring increment schedules amounts to \$1,419,554 which results in a total cost figure of \$6,022,314.

A special compensation schedule for Registered Nurses is recommended to more accurately reflect a 15% differential between the City and County nurses and nurses included in the California Nurses association agreement for private hospitals in San Francisco.

The compensation schedule for 2322 Head Nurse and 2830 Public Health Nurse is recommended for an additional 2.5% increase, effective 1/1/71 (estimated cost \$46,480). Included in figures above.

Supervisor Tamaras concluded by stating that while the Legislative and Personnel Committee had recommended the proposal under consideration, a recomputation by the Civil Service Commission reflects a substantial change. In view of the computational error, and in order to avoid a general strike, the Committee had come to the decision, with the acquiescence of employee representatives, that in the interest of all taxpayers and employees this compromise was the best arrangement.

Motion to Amend.

Supervisor Francois, seconded by Supervisor Gonzales, moved, as an amendment to the pending motion, that the compensations for all employees earning over \$20,000 annually, excepting doctors, be reduced by a half or full step.

Consideration Temporarily Postponed.

Supervisor Francois, seconded by Supervisor Mendelsohn, moved to temporarily postpone action on his amendment to await receipt from Mr. George Grubb of a list of classes receiving more than \$20,000 per year, and therefore to temporarily postpone consideration of the two pending Salary Standardization Ordinances (for Miscellaneous Employees and for Firemen and Policemen).

Supervisor Feinstein requested that a communication be directed to the Director of Public Works, regarding the City Engineer's statement to the Regional Water Quality Control Board that advancing the date of meeting dry weather sewage standards in the Southeast Sewage Treatment Plant from July 1975 to July 1973 would cost the City an unexpected \$400,000,000 for compliance, together with an itemization or detailing of those engineering and construction costs considered in this figure, and a detailing as to why a sewer bond is not scheduled until November 1971.

An ordinance fixing and determining schedules of compensation to be paid municipal officers and employees and non-certificated employees of the San Francisco Unified School District whose offices and positions are allocated to classifications specified herein and compensations for which are subject to the provisions of Sections 151 and 151.1 of the Charter, establishing work schedules and conditions of employment, and method of payment for various work schedules; providing that said schedules of compensation shall be effective beginning July 1, 1970.

Motion to Amend.

Supervisor Mendelsohn, seconded by Supervisor Boas, moved as an amendment to the pending motion to delete those schedules of compensation proposed to be reduced in Supervisor Tamaras' omnibus motion, and restore them to the originally recommended increase offered by the Civil Service Commission and/or the Legislative and Personnel Committee.

Ayes: Supervisors Barbagelata, Boas, Ertola, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Pelosi—9.

In response to a question by Supervisor Francois, George Grubb, General Manager, Personnel, advised that each employee covered by the motion will get either a raise or an increment during the next fiscal year.

After further discussion, Supervisor Francois explained that during discussions the weekend the strike was in effect there were proposals made by employee representatives for certain classifications they felt were entitled to further consideration. If there is any lack of understanding as to why certain classifications received increases in the schedule of compensation and others did not, it can be attributed to discussions between City officials and representatives of employees.

Referred to Committee.

The following from Fire, Safety and Police Committee with recommendation "do not pass", heretofore considered, were taken up:

(Supervisor Tamaras dissenting in Committee.)

Prohibiting topless waitresses and performers.

File No. 568-69-2, Ordinance No.

(March 23, 1970—Consideration continued to March 30, 1970.)

Supervisor Tamaras urged passage of subject and next following ordinance. He stated that he believed the courts to be wrong in finding similar legislation to be unconstitutional and that enactment would clearly reflect the opinions and attitudes of the majority of the citizens of San Francisco.

The following also spoke in favor of enactment: Police Officer O'Shaughnessy, a representative of the California Division of Alcoholic Beverage Control, and Deputy District Attorney Benson.

In response to questions by Supervisor Francois, David Roche, legal representative of the Police Department, stated that he would defer to the City Attorney's interpretation of subject legislation and agreed that if it were enacted there would no doubt be an immediate injunction granted to prevent enforcement.

Deputy City Attorney Kenealey stated that in three counties of the State of California such legislation has been declared unconstitutional as an improper classification. On the basis of those decisions, the City Attorney has advised the Board that these ordinances prohibiting topless and bottomless waitresses and performers could very well be unconstitutional. In response to further questions, Mr. Kenealey advised that if a legislative body were to enact legislation which it had every reason to believe was unconstitutional, a court could possibly find that there was a willful effort on the part of the members of the legislative body to violate the civil rights of an individual. Numerous officials throughout the United States have been found guilty of violating civil rights and damages have been assessed against them individually.

Adopted.

Motion to Suspend Rules.

Supervisor Francois, seconded by Supervisor Ertola, moved sus-

pension of the rules to grant the privilege of the floor to a representative of skycaps presently employed at the Airport.

No objection and motion adopted.

Mr. Eldridge Johns, representing the skycaps, told the Board that United Airlines is proposing to withdraw from its contract with Allied Aviation Company, employer of the skycaps, and replace them, or some of them, with personnel employed by United Airlines presently at other locations in the United States. He said that this action will put San Franciscans, particularly blacks, out of work at a time when the possibility of reemployment appears to be remote.

Supervisor Francois, seconded by Supervisor Boas, moved that a communication be directed to United Airlines, urging the company to reconsider its position to the end that those persons who are presently employed at the Airport may retain their jobs.

Supervisor Francois and Supervisor Boas both announced that if this matter is not resolved to the benefit of San Francisco they would feel inclined not to support the proposed charter amendment creating a new Airports Commission.

UNFINISHED BUSINESS.

Ordered Submitted as Amended.

The following recommendation of Legislative and Personnel Committee, heretofore considered, was thereupon taken up:

Charter amendment—Amending Sections 93, 121, 122 and 125 and adding Sections 137, 137.1, 137.2, 137.3, 137.4, 137.5, 137.6, 137.7, 137.8, 137.9, 138, 138.1, 139, 139.1, and 139.2, creating an Airports Commission as successor to the Public Utilities Commission in the management and control of airports and air transportation facilities owned or operated by the City and County.

File No. 153-70.

(March 30, 1970—Section 137 amended in Board. Further consideration continued to April 1, 1970.)

Supervisor von Beroldingen recalled that on March 30 she had raised certain objections to the proposed Charter amendment which she had later distributed by means of a memorandum to all interested persons. The objections are summarized as follows:

1. Transfers all power to purchase, lease, or otherwise acquire property, improvements or related facilities to the Airport Commission;
2. Precludes use of airport revenues for construction or expansion of systems or facilities for transportation of persons or property;

3. Commission would have power to lease lands and space in airport buildings and to issue permits for concessions without competitive bid;

4. Commission would have exclusive power to fix rates and charges, eliminating all control now existing in the Board of Supervisors;

5. Eliminates requirement for approval by the electorate of the sale or other disposition of the control of the airport and eliminates control by the Board of Supervisors over sale of property within the jurisdiction of the commission;

6. Precludes transfer of surplus airport funds to the General Fund;

7. Divests Board of Supervisors of all authority over budgets and supplemental appropriations; divests Controller of authority over intradepartmental transfers and pre-audit of expenditures;

8. Makes servicing of revenue bonds a first charge against airport revenues;

9. Authorizes commission to issue revenue bonds subject only to approval or rejection by the Board of Supervisors, without power to amend;

10. No limit is placed on the interest rate for revenue bonds.

Substitute Charter Amendment Presented.

Adopted as Amended.

Supervisor von Beroldingen presented a third draft as a substitute Charter amendment. She advised that it was prepared after consultation with members of the Public Utilities Commission, the City Attorney, Controller, and representatives of the airlines and, for the most part, reflects correction of the objections raised by her on March 30.

Adopted.

Motion to Amend.

Supervisor von Beroldingen, seconded by Supervisor Francois, moved amendment as follows: Section 137.1, page 6, line 4, **DELETE** "Nothing contained herein shall authorize the commission to construct, operate or maintain, at any location outside the boundaries of an airport, systems or facilities for the surface or sub-surface transportation of persons or property."

There being no objection, on motion of Supervisor Mailliard, rules of the Board were suspended to permit Mr. Burnham Enerson to address the Board.

Mr. Enerson stated that he had been asked to appear before the Board on behalf of the San Francisco committee of the domestic airlines using the airport, to report the views of the airline committee. Mr. Enerson spoke in opposition to the proposed amendment.

In response to a question by Supervisor Francois, Mr. Enerson stated that he has been informed that airport revenue has already been allo-

cated for transit planning purposes and that in his opinion the present language of the Charter amendment does not prohibit use of funds for planning purposes.

Supervisor Francois, seconded by Supervisor Mendelsohn, moved as an amendment of the pending motion, that Section 137.1, page 6, be amended as follows: At end of section, after "transportation of persons or property" DELETE "." and ADD ", provided, however, that the commission is authorized to expend funds for planning such facilities either inside or outside the boundaries of the airport."

Motion adopted by the following vote:

Ayes: Supervisors Barbagelata, Boas, Ertola, Francois, Gonzales, Mailliard, Mendelsohn, Pelosi, Tamaras, von Beroldingen—10.

Absent: Supervisor Feinstein—1.

Adopted.

Motion to Amend.

Supervisor Mailliard called attention to the fact that Section 137 was not in the form as approved by the Board at the meeting of March 30. In response to a question by Supervisor von Beroldingen, the Clerk stated that Section 137 would be corrected to conform to the language approved by the Board on March 30, 1970.

Supervisor von Beroldingen, seconded by Supervisor Francois, moved that Section 137 as approved by the Board on March 30, 1970, be amended by deleting therefrom the last sentence reading "The commission may establish an advisory committee composed of airport tenants and users."

Motion adopted by the following vote:

Ayes: Supervisors Barbagelata, Boas, Ertola, Francois, Gonzales, Mailliard, Mendelsohn, Pelosi, Tamaras, von Beroldingen—10.

Absent: Supervisor Feinstein—1.

Adopted.

Motion to Amend.

Supervisor von Beroldingen, seconded by Supervisor Mendelsohn, moved amendment as follows: Section 138, page 10, after "Section 138." DELETE "(a)"; line 2, after "this charter" ADD ": (a)"; capitalize the "t" in the following word.

Motion adopted by the following vote:

Ayes: Supervisors Barbagelata, Ertola, Francois, Gonzales, Mailliard, Mendelsohn, Pelosi, Tamaras, von Beroldingen—9.

Absent: Supervisors Boas, Feinstein—2.

Adopted.

Motion to Amend.

Supervisor von Beroldingen presented a new page 12 and moved

adoption of the new page as an amendment of the whole to underline all of Section 139 and change language on lines 11 and 12 to read "and subject to the approval or rejection by the Board of Supervisors".

Motion adopted by the following vote:

Ayes: Supervisors Barbagelata, Boas, Ertola, Francois, Gonzales, Mailliard, Mendelsohn, Pelosi, Tamaras, von Beroldingen—10.

Absent: Supervisor Feinstein—1.

There being no objection, on motion of Supervisor Mailliard, the privilege of the floor was granted to Mr. Burnham Enerson for the purpose of discussing the provisions of Section 137.2, leases and concessions on airport property.

Mr. Enerson stated that addition of a veto power by the Board of Supervisors came up only yesterday; therefore, he was not in a position to express the opinion of the airlines committee relative to the possible impact of this change on airport operation, but he felt it is somewhat inconsistent with the concept of an independent commission having responsibility and authority to manage airport business.

Mr. Enerson said that the change in language of Section 138 has caused the expression of some concern that it might have an impact on the sale of revenue bonds because annual revenues would be subject to the very rigid budgetary provisions of the charter. Regarding Section 138.1, Mr. Enerson said that a similar comment might be made relative to the change of language in this section because normally the statutes provide that the first charge against revenues shall be payment of interest and principal on revenue bonds. Mr. Enerson stated again that he was not expressing the attitude of the airlines but merely mention these points as being of possible fiscal disadvantage.

William J. Dwyer, Assistant General Manager, Finance, Public Utilities, stated that he discussed the change in Section 138.1, changing order of priorities for disbursement of revenues, with financial people in New York and found that they felt the change would have little or no effect on the marketability of revenue bonds.

In response to a question by Supervisor Mailliard, George F. Hansen, General Manager of the Airport, stated that respecting other major airports in the United States the legislative body does not have veto power over the negotiation and execution of leases.

Failed.

Motion to Amend.

Supervisor Mailliard moved amendment of Section 137.2 as follows: line 2, after "power to negotiate and" DELETE ", subject to approval by the board of supervisors,". Motion lost for want of a second.

Ordered submitted as amended by the following vote:

Ayes: Supervisors Barbagelata, Boas, Ertola, Francois, Gonzales, Mailliard, Mendelsohn, Pelosi, Tamaras, von Beroldingen—10.

Absent: Supervisor Feinstein—1.

Adopted.**Motion suggesting to Registrar of Voters order of placement of proposals on the June 2, 1970, ballot.**

Supervisor Tamaras stated that the Legislative and Personnel Committee recommends that measures be placed on the June 2, 1970, ballot in the following order:

- A—\$45,000,000 bond issue for improvement of schools;
- B—\$5,000,000 bond issue for improvement of street lighting;

Supervisor Mendelsohn, seconded by Supervisor von Beroldingen, moved that the Registrar of Voters be advised that the Board recommends that ballot measures appear on the June 2, 1970, ballot in the above order.

No objection and motion adopted.

Withdrawn.**Motion to Rescind Board Action.**

Supervisor Francois spoke against the motion.

Supervisor Boas withdrew his motion.

Motion that the City Planning Commission be requested to review the provisions of the City Planning Code with respect to billboards within the Market Street special sign district.

File No. 112-70-4.

Supervisor Mailliard stated that he was not entirely satisfied with the provisions of the ordinance creating a special sign district for the Market Street area, since under the ordinance billboards could remain indefinitely if the advertising on the board related to the business being conducted on the premises.

Supervisor Mailliard, seconded by Supervisor Ertola, moved that the City Planning Commission be requested to review the provisions of the City Planning Code with respect to billboards within the Market Street special sign district with a view to recommending for Board consideration legislation which would ensure the removal of all billboards within said district prior to completion of the Market Street improvement project, whether such billboards are used for general advertising or for advertising the business being conducted on the premises to which the billboard is attached.

Add Sec. 120.4, permitting buildings and structures exceeding height limitations under certain conditions in the Northeastern Embarcadero Variable Special Height District;

Amend Sec. 304 concerning planned unit developments and restricting the extent of exceptions from height limitations therein.)

(March 30, 1970—Consideration continued to April 6, 1970.)

In response to a question by Supervisor Mendelsohn, Supervisor Pelosi stated that the Committee is in receipt of a communication from the Telegraph Hill Dwellers, urging that Section 120.4 of the City Planning Code be amended to read as follows: "SEC. 120.4. In the Northeastern Embarcadero Variable Special Height District (Secs. 294-294.3), buildings and structures may not exceed the prescribed height limitations, except for projects approved by the San Francisco Planning Commission before the enactment of this ordinance. Such previously approved projects must conform to the procedures for conditional use approval in Section 303 of this Code for any development which includes an area (excluding the area of public streets and alleys) of at least three (3) acres, provided that: (balance of section to be retained in its present form)."

Supervisor Pelosi stated that this proposal had not been the subject of public hearing. He said it would be his recommendation that the Board vote a "do pass" on the ordinance before the Board at this time and that the amendment proposed by the Telegraph Hill Dwellers be forwarded to the City Planning Commission for their consideration in the normal manner.

In response to questions, Deputy City Attorney Kenealey stated that it would be necessary for the City Planning Commission to consider the proposal of the Telegraph Hill Dwellers before it can be acted upon by the Board of Supervisors.

Request Granted.

Supervisor Mailliard, joined by Supervisor Ertola, requested that a communication be directed to the City Planning Commission requesting further review and report back to the Board at the earliest possible time, but in any event not later than sixty days hence, of the area bounded by Battery, Union, Front, and Commercial Streets, and the area bounded by The Embarcadero, Sansome, Lombard, and Greenwich Streets. Supervisor Mailliard stated that he believed certain properties have been included in these areas for which the treatment afforded the property owners has not been entirely appropriate.

No objection and Clerk directed to comply.

In response to questions by Supervisor Feinstein, Spencer Steele, Zoning Administrator, explained that, as provided in Section 120.4, the City Planning Commission felt it would be acceptable in the Northeastern Embarcadero Variable Special Height District, with a basic

84-foot height limit, to permit some fifteen per cent of the area to go as high as 125 feet.

Withdrawn.

Motion to Refer to City Planning Commission.

Supervisor Feinstein, seconded by Supervisor Ertola, moved re-referral to City Planning Commission for further consideration of Section 120.4.

Supervisor Feinstein stated she believed the Board would be abrogating its authority; any development of consequence would be approved or disapproved by the City Planning Commission and there would be no recourse to the Board of Supervisors.

Spencer Steele explained that any conditional use granted by the City Planning Commission is appealable to the Board of Supervisors. He added that, were the language suggested by the Telegraph Hill Dwellers placed in the City Planning Code, it would rescind previous action with respect to the International Market Center.

Refused Adoption.

Amendment of Pending Motion.

Supervisor Boas, seconded by Supervisor Feinstein, moved as an amendment of the pending motion, that consideration be continued one week so that the Director of Planning can attend and give a full explanation to the Board.

Miriam Wolff, Port Director, stated that she believed any delay would be hazardous as far as the proposed Oceanic development is concerned.

Motion to continue consideration refused adoption by the following vote:

Ayes: Supervisors Boas, Feinstein—2.

Noes: Supervisors Barbagelata, Ertola, Francois, Gonzales, Mailliard, Mendelsohn, Pelosi, Tamaras, von Beroldingen—9.

In response to a question by Supervisor Feinstein, Deputy City Attorney Kenealey stated that if Section 120.4 is referred to the City Planning Commission, the entire ordinance must be referred with it.

Supervisor Feinstein thereby withdrew her motion to refer to City Planning Commission.

Passed for second reading by the following vote:

Ayes: Supervisors Barbagelata, Boas, Ertola, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Pelosi, Tamaras, von Beroldingen—11.

ROLL CALL FOR THE INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.**Request Granted.**

Requesting that consideration be given to the licensing of homes for delinquent minors.

Supervisor Ertola stated that it has come to his attention that, while homes for the elderly are licensed and carefully screened, homes for delinquent girls from sixteen to eighteen years are not licensed. He said that he felt the Department of Social Services should provide for at least some kind of licensing procedure.

Supervisor Ertola emphasized the fact that his recommendation has no reference to the particular couple whose qualifications and fitness for operation of a home for delinquent girls in the Mission District have recently been questioned and is not to be construed as either criticizing them or giving them a stamp of approval, but is generated from his overall concern about the future well-being of these minors.

Supervisor Ertola requested that a communication be directed to the Department of Social Services, asking for their suggestions relative to the establishment of criteria for licensing of homes in which minors are placed by the City and County, and that a communication also be directed to the California Department of Social Welfare, suggesting that the department consider taking the lead in establishing criteria for licensing of homes for minors along the same lines as those developed for homes for the elderly.

No objection and request granted.

Favoring filing of application for Federal funds for a feasibility study of extending the Bay Area Rapid Transit District system to San Francisco International Airport.

Supervisor Feinstein, joined by all members, requested that communications be directed to Congressman Mailliard and Congressman Burton, requesting their active support of the application for Federal funds to finance a study of the feasibility of extending the Bay Area Rapid Transit District system to San Francisco International Airport. Supervisor Feinstein stated that in view of Congressman Jerome Waldie's opposition, the active support of all interested is necessary so that Federal funding might be guaranteed. She added the request that a communication also be directed to Congressman Waldie, urging that he reverse his position.

No objection and Clerk directed to comply.

Referred to Committee.

Urging review of San Francisco's policy relative to construction of the proposed Southern Bay Crossing.

Supervisor Feinstein called attention to the fact that both the question of development of an overall transportation plan and reconsideration of the proposed Southern Bay Crossing are presently pending in Streets and Transportation Committee. She requested that hearings on these matters be combined and take place as soon as possible.

Supervisor Feinstein reminded the Board that it has gone on record by Resolution No. 61-65, endorsing construction of the Southern Bay Crossing; therefore, San Francisco's representatives were bound to vote accordingly when the subject came to a vote by the Executive Committee of the Association of Bay Area Governments.

Supervisor Feinstein noted that there is a great deal of public concern about damage that might be done to the environment as the result of the Southern Crossing and requested that all interested be notified when these matters are heard in committee, including the Sierra Club, California Tomorrow, Bay Conservation and Development Commission, California Department of Fish and Game, Bay Area Rapid Transit District, and State Department of Public Works.

Later on roll call Supervisor Pelosi requested that, in the event the Board should change its position relative to construction of the Southern Bay Crossing, San Francisco's delegates to ABAG bring the matter up for reconsideration by that body.

Referred to Streets and Transportation Committee.

Amending the Police Code by adding Article 15.2 thereto, entertainment regulations for cabarets.

Request Granted.

Requesting information relative to steps being taken by the Board of Education to educate children relative to the dangers of drug abuse.

Supervisor Mendelsohn, joined by Supervisors Pelosi and Feinstein, requested that a communication be directed to the President of the Board of Education, asking what steps are being taken by the San Francisco Unified School District to educate children relative to the dangers of, and to control the use of, drugs in the schools. Supervisor Mendelsohn stated he would like to be informed relative to what working relationships have been established with the Department of Public Health Community Mental Health Services, the Police Department, and the California Narcotics Bureau, and would appreciate an early response indicating in what way the Board of Supervisors might be helpful in combatting this problem.

No objection and Clerk directed to comply.

Requesting information relative to existing stairway in Filbert Street between Montgomery and Sansome Streets.

Supervisor Pelosi requested that a communication be directed to the Department of Public Works, asking who owns the wooden stairway in Filbert Street between Montgomery and Sansome Streets, whether or not there are any plans for removal of the stairway, and, if so, what procedures are required prior to removal.

No objection and Clerk directed to comply.

Requesting report relative to use of plastic pipe in residences.

Supervisor Tamaras requested that a communication be directed to the Superintendent of Building Inspection, asking why his department continues to oppose the use of plastic pipe in residences, in view of the fact that the Water Department has been using plastic pipe for the past four years and finds it highly satisfactory and that use would reduce the cost of home construction in San Francisco and would increase our chances for continued Federal funding for redevelopment and for federally assisted code enforcement projects.

No objection and Clerk directed to comply.

Referred to Committee.

Substitute Resolution Presented.**Adopted as Amended.**

The following from State and National Affairs Committee without

recommendation, heretofore considered and temporarily postponed, was taken up:

Establishing policy in support of Proposition 8, the property tax reform initiative co-sponsored by the California Teachers Association and the County Supervisors Association of California.

File No. 449-69-7, Resolution No. 219-70.

Supervisor Mailliard, seconded by Supervisor Francois, moved adoption for the purpose of discussion.

Supervisor Mailliard urged a "no" vote. He said that while he would favor any sound proposal to reduce the tax burden on the home owner, he opposes this proposal for two basic reasons: It contains no provision that would require the reduction of taxes on residential property, so that the result could simply be increased state taxes and increased expenditures for school purposes without a commensurate reduction in real property taxes. Also, there is no provision as to how the State is to raise the additional funds that would be required to finance the State's increased share of education and social service costs, which might mean increased income and sales taxes.

Supervisor Francois urged an "aye" vote. He said this measure would shift two major portions of the county budget—welfare and education—to the State, where it should have been all along. This measure will obviously require the State to find new sources of revenue, but no matter what the State does in this regard, it will be done on a statewide basis and the burden will not fall disproportionately on San Francisco.

In response to a question by Supervisor Pelosi, Controller Nathan Cooper explained that according to Proposition 8, the State will pay fifty percent of the cost of schools, and ninety percent of the State and County cost for social services. To date no bill has been introduced in the Legislature to implement the provisions of Proposition 8; therefore, the effect on San Francisco cannot be accurately estimated. However, on the basis of the California Teachers Association report, a saving to San Francisco of about \$33 million is the guess of the Controller and the Department of Social Services.

Mr. Cooper reminded the Board that the State must get revenue from some source to pay this money to the counties. One such source actively talked about is an increased sales tax. An increase of one percent in the sales tax will take some \$24 million out of San Francisco. Mr. Cooper stressed that these are only guesses at this time as there is no way of knowing what the bill which is necessary to bring this into effect would provide.

Supervisors Pelosi, Mendelsohn, and Ertola agreed that the inequities of the present tax structure require support of Proposition 8, but with the understanding that San Francisco must take the initiative in attacking any resulting efforts to increase the sales tax and in conceiving alternate, more progressive means of raising the necessary State revenue.

Substitute Resolution Presented.

Adopted as Amended.

Supervisors Mendelsohn and Francois jointly presented a substitute

resolution as an amendment of the whole, changing the wording from support of the initiative petition to support of State Proposition 8.

Adopted.

Motion to Amend.

Supervisors Mendelsohn and Francois moved amendment of the substitute resolution as follows: Page 2, first Whereas paragraph, line 3, change "\$30 million" to "\$33 million".

Supervisor Francois called the Board's attention to the fact that on March 5, 1970, by Resolution No. 107-70 the Board had declared the existence of an emergency and authorized the Director of Public Works to execute in the most expeditious manner the installation of protective construction and devices for district police stations and the Hall of Justice, and on March 3, 1970, by Ordinance No. 60-70, appropriated \$100,000 for protection of personnel at district police stations. Supervisor Francois stated that he is very much concerned, because at this time it appears nothing has been done to protect police station personnel.

Supervisor Francois requested that this matter be referred to the appropriate committee for immediate hearing and that the Police Department and the Department of Public Works be requested to inform the committee why no results are visible at this time and when the fences and lights are expected to be in place. He said the Fire, Safety and Police Committee would be willing to hear this matter at a special meeting on Wednesday, April 19, 1970, at 1:00 p.m.

Supervisor Francois requested that in the meantime a communication be directed to the Police Department, asking for a report on what action they are taking to protect their personnel pending installation of protective construction at stations.

Report.

Proposed new industrial waste disposal ordinance.

Supervisor Mendelsohn stated that he has been advised by the Chief Administrative Officer that within the week a proposed ordinance will be submitted for Board consideration, regulating the quality and quantity of discharges of industrial waste substances. The ordinance grew out of discussions with the Regional Water Quality Control Board and has the approval of Mayor Alioto. The basic philosophy of the ordinance is that domestic sewage should be accepted at all treatment plants without pretreatment but that any substance in the discharge from an industrial plant which might be harmful to the sewer system or the treatment plant or which could not be treated easily at the plant and which would be harmful to the waters of the Bay should be removed by the individual discharger prior to discharging into the sewer system. Supervisor Mendelsohn stated that such an ordinance will save the taxpayers an enormous amount of money.

File No. 262-70, Resolution No.

Adopting changes in Special Height District classification as amendments to the Zoning Map.

File No. 225-70-2, Ordinance No.

Consideration Continued.

The following recommendation of State and National Affairs Committee, heretofore considered, was taken up:

Endorsing and urging Congressional approval of the Dirksen Anti-Obscenity Bill, S 1077.

File No. 181-70, Resolution No.

Supervisor Francois urged a "no" vote. He said that S 1077 attempts to preclude the courts from reviewing a decision of a local jury as to whether something is in fact obscene. It deprives a person charged of his right of appeal. Supervisor Francois asked Deputy City Attorney Stark whether the legislation would stand the test of constitutionality.

Deputy City Attorney Stark stated that the City Attorney has had no opportunity to review S 1077 but would be happy to do so if the Board wishes.

Supervisor Barbagelata, seconded by Supervisor Francois, moved that consideration be continued to May 18, 1970, to permit the City Attorney to review the bill.

Motion adopted by the following vote:

Ayes: Supervisors Barbagelata, Boas, Ertola, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Tamaras, von Beroldingen—10.

Absent: Supervisor Pelosi—1.

Passed for Second Reading.

The following recommendations of Planning and Development Committee, heretofore considered and temporarily postponed, were taken up:

Amending the City Planning Code by amending Sections 251 and 290 thereof, and adding Sections 296 through 296.4 thereto, creating a permanent Variable Special Height District for the Ocean Beach Area; and deleting Sections 255 and 256 relating to interim Ocean Beach Height District.

File No. 225-70-1, Ordinance No.

Supervisor Boas stated that the only area under consideration on which there seems to be any controversy is the Cliff House-Sutro Baths area. The Planning Department staff had suggested a twenty-foot height limit in that area with the right to build to forty feet under a conditional use permit. Supervisor Boas said he was prepared to offer an amendment to subject legislation which would accomplish the aforesaid recommendation of the Planning Department staff.

In response to questions by Supervisor Tamaras, Deputy City Attorney Kenealey advised that if the Board wished to amend the proposal before the Board, rereferral to the City Planning Commission for public hearing and recommendation prior to Board action would be necessary. He added that California courts have held that rights to a particular zoning classification do not come into play until a permit has been issued for construction and money expended thereon.

Supervisor Mailliard stated that he has been told by representatives of developers of property in the Cliff House-Sutro Baths area that they believe it possible to develop the property so that the entire view

would be preserved for everyone. Supervisor Mailliard recommended enactment of subject legislation today. Later in the meeting he said he intends to move that the City Planning Commission be requested to review Section 251 of the City Planning Code in an endeavor to work out with the developer legislation which would permit them to maintain their equity in the property but at the same time preserve the view that is so important to all San Franciscans.

Refused Adoption.

Motion to Amend.

Supervisor Boas, seconded by Supervisor Tamaras, moved amendment of Section 251 to change the forty-foot height limit in the Cliff House-Sutro Baths area to a twenty-foot height limit with an additional twenty feet to be permitted under conditional use permit.

In response to questions by Supervisor Mailliard, City Planning Director Jacobs verified the fact that his staff's first recommendation to the City Planning Commission had been for a forty-foot height limit in the Cliff House-Sutro Baths area. Then the City Planning Commission requested that the staff study the advisability of establishing a twenty-foot height limit in that area. As a result, the staff recommended that a twenty-foot height limit be established but with the Commission authorized to permit additional height by conditional use procedures up to a maximum of forty feet, according to appropriate criteria. Upon receipt of the staff recommendations and after public hearing thereon, the City Planning Commission voted unanimously to recommend a height limit of forty feet in the Cliff House-Sutro Baths area.

Motion to amend refused adoption by the following vote:

Ayes: Supervisors Boas, Tamaras—2.

Noes: Supervisors Barbagelata, Ertola, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, von Beroldingen—8.

Absent: Supervisor Pelosi—1.

No: Supervisor Ertola—1.

Absent: Supervisor Pelosi—1.

(All those changes establishing a permanent Ocean Beach Variable Height District as shown on Sheets 4 SH, 5 SH, and 13 SH of the Zoning Map, ZM70.9, dated March 12, 1970.)

Passed for second reading by the following vote:

Ayes: Supervisors Barbagelata, Boas, Ertola, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Tamaras, von Beroldingen—10.

Consideration Continued.

The following from Finance Committee with recommendation "do pass after amendment" was taken up:

Annual budget of the City and County of San Francisco for the fiscal year 1970-71.

File No. 100-70.

(Consideration of budget to be continued to Monday, May 18, 1970.)

Supervisor von Beroldingen presented the following budget statement on behalf of the Finance Committee:

The Finance Committee presents to the Board of Supervisors today the proposed annual budget of the City and County of San Francisco for the fiscal year 1970-1971.

Two itemized lists of Finance Committee recommendations, (1) budget, and (2) supplemental budget, have been furnished Board members. Those lists, together with the two volumes of the budget, and the looseleaf supplemental budget requests, constitute a comprehensive budget report.

This year, the San Francisco Unified School District's tentative annual budget is not included with the City and County figures, and all statistics herein have been compiled or adjusted to reflect the absence of District data.

Salient total budget figures for comparative purposes are as follows:

1969-70 budget	\$474,290,485
1970-71 departmental requests*	582,349,669

1970-71 Mayor's recommendations	513,993,160
1970-71 Finance Committee recommendations	507,814,119

*(Exclusive of Charter Sec. 151 salary standardization.)

The amount of support for the annual budget from ad valorem taxes cannot be known or estimated prior to September 1970, when the assessment roll together with surpluses, subventions, grants, and various revenue and expenditure adjustments can be ascertained with precision by the Controller.

Specific Items and Categories:

Some of the budgetary items and appropriation categories of major or special interest merit brief comments concerning Finance Committee action:

Art Commission:

The requested appropriation of \$25,000 for the Municipal Band is recommended for deletion in its entirety. The Committee believes that this item is essentially one of a cultural nature, properly falling within the purview of the Hotel Room Tax revenues dispensed by the Chief Administrative Officer in the Publicity and Advertising Fund. Such revenues will be increased in the next fiscal year, and it is the intention of the Finance Committee to propose that the Chief Administrative Officer consider funding the Municipal Band therefrom.

The Finance Committee has recommended approval of the \$35,000 item submitted by the Mayor for continuation of the Neighborhood Arts program and supporting services. The Committee intends to request the Chief Administrative Officer to consider whether or not such amount may be funded partially or wholly from the Publicity and Advertising Fund. If it can, the appropriation of \$35,000 from the Property Tax may be reduced or eliminated accordingly, for the coming and succeeding fiscal years.

Controller—Central EDP Complex:

The Committee has particularly noted the following: Actual expenditures for fiscal year 1968-69, \$3,976,869; probable expenditures for fiscal year 1969-70, \$4,748,513; budget recommended by Mayor for fiscal year 1970-71, \$5,662,746. The proposed increase of \$919,433 is attributable in major degree to an expansion of services rendered operating departments, including Police and Public Health. It is the Committee's intention to request the Controller for an up-to-date, fully documented comparison of the relative features of providing all EDP services by our own forces and/or alternatively by an independent contractor, recognizing that the City and County program involves employment of 114 permanent employees, \$1,242,415 in temporary salaries, \$2,920,420 in contractual services, and problems of personnel recruitment, office space allocations, and refined equipment procurement, among other considerations.

Education, County Offices, etc.:

The Committee recommends deletion of a proposed item for construction of one elementary school in the Hunters Point Redevelopment Project. This structure is also included in the proposed bond issue which will appear on the ballot for the election to be held on

June 2, 1970. It has been represented to the Board of Supervisors that in the event the bond issue is successful, this amount of \$2,267,000 in the budget item now before the Board of Supervisors will be withdrawn prior to the setting of the tax rate for 1970-71.

The Finance Committee feels that this project and funding therefor appear improperly in the proposed annual budget of the City and County. Properly, the project should be included with all other school projects in the annual budget of the San Francisco Unified School District.

Under date of May 6, 1970, the Executive Director of the San Francisco Redevelopment Agency wrote to the Mayor and stated, among other things, the following: "The reason the Hunters Point schools were not included in the Board of Education budget is because the magnitude of that budget is so close to the statutory limit that the Board of Education cannot assimilate a \$2.2 million expenditure. If it were not for that fact, the Board of Education would have included the expense in its own budget."

The Finance Committee is informed that the Board of Education recognizes the extremely critical importance of the school. The Committee recalls that the statutory limit of the Board of Education budget was substantially expanded in the fairly recent past. The Committee has not been furnished with any figures from any source which would indicate that the Board of Education budget is approaching its statutory limit so that it cannot assimilate a \$2.2 million expenditure. The Committee believes that the Board of Education, within the statutory framework of its budget and through appropriate assignment of priorities, can and should accept its primary obligation for what is unquestionably a school district item.

Mayor:

The Special Assistance Program and City-financed Relocation Services are recommended for approval at a figure of \$124,474 as submitted by the Mayor.

A supplemental item of \$206,000, representing the City's cash contribution to the 20% of the cost of community action programs which is to be provided by the local community, under the Economic Opportunity Act, is recommended for approval. This item was the subject of extended discussion with representatives of the San Francisco Neighborhood Legal Assistance Foundation. The Finance Committee has been informed that the Board of Directors of the Foundation has delegated policy-making powers relative to the institution of litigation to the attorneys in the Foundation's employ, and that the Board of Directors has been requested by the Office of Economic Opportunity and the American Bar Association to maintain a "hands off" position relative to the filing of lawsuits, whether they be class actions or individual actions; further, that if the Board of Directors were to become involved in any way with the filing of lawsuits, funding of the Foundation would be jeopardized.

The Finance Committee believes it unusual if not unwise for employees rather than the policy-making body to determine whether or not litigation should be commenced, especially in many cases with important, far-reaching effects where class actions are involved, and

intends to request clarification from the Office of Economic Opportunity and American Bar Association.

The item of \$28,000 in the Mayor's budget for Federal Legislative Expense has been recommended for incorporation in the budget, with the proviso that the funds are to be held subject to the Board's prior approval of the contract pursuant to which this service will be provided for the next fiscal year.

Also included in the Mayor's supplemental budget are items of \$25,000 for the San Francisco Crime Committee, and \$12,000 for the Delinquency Prevention Committee. The latter item has been included in the Mayor's budget in the interest of time, with the understanding that appropriate assignment of said Committee's budget to a permanent department of City and County government will be made prior to July 1, 1970.

The Mayor's budget also includes an appropriation of \$7,000 for Office of Aging, an estimate of the County share of cash costs required under a Federal grant agreement administered by the California Commission on Aging.

Police Department:

There are 266 new positions contained in the proposed budget for this Department—113 in the uniformed force, and 153 in the civilian complement which latter positions the Committee has been informed will replace 141 uniformed personnel for assignment to patrol duty.

The budget requests as received from the Mayor are submitted to the Board virtually intact, with the notable deletion of a helicopter, with appurtenances, which the Finance Committee feels is not critically needed at this time. Some reduction in the total amount requested for equipment is also recommended, with the Department retaining the obligation of selecting for purchase those items having the greatest priority.

The Committee intends to discuss with the Chief of Police and the Chief of the Fire Department the possibility of establishing a more consistent program of dispensation of meritorious awards.

Social Services:

The Committee has duly noted the substantial increases in amounts requested for Categorical Aids, General Assistance and other programs administered by this Department. Recognizing that our Board during the current fiscal year was forced to appropriate surpluses of several million dollars in order to maintain acceptable levels of aid to the needy, the Finance Committee has left those items intact as they were received from the Mayor.

With respect to General Assistance which represents 100% County funds, without any participation by the Federal and State governments, under policies established and administered by the Social Services Commission, the Finance Committee has observed that the estimated expenditures in San Francisco during the current fiscal year totalled \$7,285,000. In sharp contrast, our neighboring counties appropriated the following totals of General Assistance: Alameda, \$2,230,329; Contra Costa, \$872,280; San Mateo, \$499,452; Santa Clara, \$1,487,983.

The Committee has also compared, and submits for the Board's information, public welfare cash grant expenditures for the last complete fiscal year, 1968-69, for the three largest Bay Area counties, as follows:

	<i>Cash Grant Expenditures</i>	<i>Source of Expenditure—Percent</i>		
		<i>Federal</i>	<i>State</i>	<i>County</i>
Alameda	\$66,792,728	45.7%	38.9%	15.4%
San Francisco	72,833,543	40.0	35.1	24.9
Santa Clara	45,483,117	45.2	38.1	16.7

Sheriff:

Reductions have been recommended in items for household furnishings, clothing and individual equipment, foodstuffs and equipment, with the understanding that a communication will be directed to the Sheriff, recalling to his attention the Surplus Property program and the availability of surplus items to his Department. The Director of the San Francisco Disaster Corps has informed the Committee that information concerning surplus materials, together with application data, has been furnished to the Sheriff. Additionally, it is the opinion of the Finance Committee that appropriations for foodstuffs may be materially conserved through quantity purchases.

Superior Court:

The requested item of \$24,500 for library and reference books is recommended for reduction to a total of \$16,500, the amount which was approved for the current year. It is the intention of the Committee to write to the Presiding Judge of the Superior Court in this connection, and urge that no new libraries be acquired but that, rather, newly appointed judges make arrangements to share existing libraries.

Board of Supervisors:

Pursuant to the Board's direction, the Finance Committee has included in its recommendations a supplemental item of \$37,392 for permanent salaries of a budget analyst and his secretarial assistant, needed to enable the Board to improve its budget-formulating function in the interests of achieving greater efficiencies and economies.

Also included is an item of \$9,240, for reimbursement of mileage charges accrued by members of the Board while using their personal automobiles in the performance of official duties. One employment of Chauffeur and one Class D automobile will be dispensed with as of December 1, 1970, upon the retirement of one employee who will have attained the age of 65.

The supplemental budget also contains items pursuant to which the Administrative-Secretarial Assistants to Board members will have their positions retitled to Administrative Assistants to Members of the Board of Supervisors, so as to properly reflect duties which are administrative in nature rather than clerical and secretarial. The salaries of such employees shall be \$795 per month for the period July 1-14, 1970, and \$834 per month for the period July 15, 1970 through June 30, 1971, in conformity with the approximately 5% salary standardization increase given for the next fiscal year to other miscellaneous employees.

Chief Administrative Officer:

The supplemental budget for this Department includes an item for walkways, landscaping, tot-lots and preliminary design of Galvez Playfield for the Hunters Point Redevelopment Project in the amount of \$596,878. This is a portion of the total recreation and open-space program proposed previously for funding by bond issue. The total program involving expenditures of \$3.4 million will contribute \$2.7 million toward the City's share of the project's cost. Each component of the program will require a budget for upkeep.

Real Estate Department:

A supplemental request for \$8,000 is included for services and expenses of inter-departmental personnel of this Department, pursuant to Board of Supervisors Resolution No. 880-69, in developing, promoting and negotiating economically sound proposals for transfer in fee of the Haslett Warehouse and other properties in the State Historical Maritime Park from the State of California to the City and County of San Francisco.

Public Works—Capital Improvements:

An item of \$86,000 relative to modernization and conversions for press and TV representatives, Board of Permit Appeals, Bureau of Engineering and Board of Supervisors on the second floor of the City Hall is recommended for exclusion from the budget as a project of relatively low priority at this time.

Public Works and Water Pollution Control:

A supplemental budget request in the total amount of \$499,599 is recommended to comply with requirements of the Regional Water Quality Control Board relative to San Francisco's effluent discharges and the mandatory self-monitoring program. The Director of Public Works reports that the budget increase due to Regional Water Quality Control Board requirements aggregates \$528,679. This is additional to the normal appropriations made for water pollution control in the Waste Water Pumping Division, the Treatment Division and the Sewer Repair Division of the Department of Public Works. The respective budget requests approved by the Mayor for those three Divisions are \$305,703; \$2,241,464 and \$1,677,513.

Public Health:

The budget requests of this Department as screened and recommended by the Chief Administrative Officer and the Mayor, have been the subject of but few and minor amendments in the recommendations of the Finance Committee. It was significant in the Committee's deliberations that Doctor Francis J. Curry, Acting Director of Public Health, reported in writing on April 24 that, "the net increase on the local tax base for public health services and institutional services, exclusive of mental health, will be \$36,838. The net increase on the tax base for mental health services will be \$49,609. The total net increase on the tax base will be \$86,447 for the proposed \$6.5 million increase in the budget."

The Finance Committee has noted particularly that the Community Mental Health services has been experiencing a marked expansion. During 1968-69 this Division had actual expenditures of \$4,163,581.

During the current fiscal year its estimated expenditures are \$15,024,440. The budget and supplemental budget as received from the Mayor total \$17,213,263. Major expansions are represented by the Bayview Mental Health Center, the Mission Mental Health Center, the Alcoholism Program for City and County employees and the Themis House Program for Alcoholics.

Public Health—Accounting:

Two new positions of Principal Accountant are recommended for approval. One will coordinate, supervise and audit the financial aspects of the Medi-Cal and Medicare programs. The other will prepare, supervise and audit all the monetary reports of the many diverse, complicated Federal and State projects. Both will assure production of considerable revenues which otherwise will be lost.

M. H. de Young Museum and California Palace of the Legion of Honor:

M. H. de Young Museum and California Palace of the Legion of Honor are progressing toward consolidation starting with the position of Director. The Charter provides that no one person can hold two salaried offices. The California Palace of the Legion of Honor has requested that the position of its Director remain in the budget and Annual Salary Ordinance without funds until the consolidation is fully effected. Thereafter, the budget provides, under the de Young Museum, for a position of Director, M. H. de Young Memorial Museum and California Palace of the Legion of Honor, with a maximum salary of \$32,244 per year. The current maximum annual salary of the Director, de Young Museum, is \$25,260, and of the Director, California Palace of the Legion of Honor, \$24,060.

Public Library:

The major items in this budget, as received from the Mayor, remain undisturbed, i.e., lease books under the McNaughton Plan at \$75,316; subscriptions at \$72,000 and library and reference books at \$725,000, all identical with the appropriations budgeted during the current fiscal year.

Publicity and Advertising:

The anticipated revenues available for this fund totalled \$1,950,000 for the current fiscal year. For 1970-71, the estimate is \$2,100,000, an increase of \$150,000. The Finance Committee recommends that a total amount of \$2,000,000 be allocated to the Publicity and Advertising fund, which will leave an anticipated \$100,000 unallocated.

The Board is reminded that pursuant to Section 515, Part III, San Francisco Municipal Code, on and after July 1, 1968, 40% of the total Hotel Room Tax collection shall be specifically set aside for acquisition, construction, or completion of a Sports Arena Convention Center in the Yerba Buena Redevelopment Area, through the fiscal year ending June 30, 1971, unless such date is further extended by the Board of Supervisors. The Controller has advised that to date the total so set aside is \$2,822,384.

Recreation and Park:

An item of \$1,000 to repair and paint the convenience station at

Marina Yacht Harbor has been deleted, since the new flotation project will provide modern, up-to-date facilities.

Items of \$46,000 and \$1,200 on pages 924 and 928 have been approved so that adequate recreational supplies can be made available to meet the great needs at various facilities.

The Committee intends to suggest that the Recreation and Park Commission thoroughly investigate the possibility of converting the large Sharon Building adjacent to Children's Playground into a senior center, thus avoiding construction of yet another building on the dwindling open space in Golden Gate Park.

Special Gas Tax Street Improvement Fund—Construction:

The Finance Committee recommends deletion of two proposed projects. One is the grade separation at Market and Castro Streets, \$990,000. The Committee feels that this item, which is to conduct a feasibility study, prepare plans and modify BART switch stations for possible future construction of a vehicular overpass, is not sufficiently justified at this time, particularly in the light of vehement objections registered by numerous organizations of residents and business people in the immediately affected area.

The other item is \$550,000 for a Portola Drive overpass to Junipero Serra Boulevard which the Chief Administrative Officer believes is a remote project for realization in the foreseeable future.

Special Gas Tax Street Improvement—1.04c Funds:

The proposed Castro Street sidewalk narrowing, Market Street to Waller Street, \$383,400, is recommended for deletion because of its relationship to the disapproved item for the Market and Castro grade separation mentioned in the immediately preceding comments.

Road Commissioner—Road Fund, General Maintenance:

The Mayor transferred \$200,000 from this fund (Index 686) which contains gas tax moneys, to the Department of Public Works, Street Cleaning Division, wages account, thus reducing the property tax requirement of the latter Division by said amount. The Finance Committee made further reductions totalling \$87,957 in various Road Fund appropriations, which will be transferred to further reduce the property tax requirement of the Street Cleaning Division. No other transfers of a similar nature appear to be warranted at this time.

Public Utilities Commission, General Office:

While the Committee has recommended retention of a vacant position of Director, Utilities Property Management Bureau, it has directed the Controller withhold certification of any appointment thereto until further approval of the Finance Committee has been obtained. The lengthy vacancy, and the availability of Real Estate Department personnel, raise some question concerning future need for the position.

Airport:

The Committee, in recommending reduction of the Travel Expense appropriation from \$9,000 to \$5,000, disapproves generally the dele-

gation of more than one representative to attend conferences and conventions.

Municipal Railway:

A requested \$175,000 for Clothing and Individual Equipment is recommended for reduction to \$150,000. The Committee will suggest that the Public Utilities Commission enact appropriate regulations to provide for issuance of used uniforms to newly-employed personnel who, following lapse of one year's time and satisfactory completion of the probationary period, will be furnished with new articles. The present accumulation of little-used, perfectly serviceable equipment turned in by terminated employees is reaching extremely large and wasteful proportions.

Port Commission:

Recommended items for this department include \$870,000 for Buildings, Structures and Improvements; \$964,500 for Reconstruction and Replacement; \$30,000 for a Public Access Study on the Southern Waterfront Area as required by the Bay Conservation and Development Commission; and \$25,000 for a new Midwest Trade Promotion Office in Chicago.

A recommended cut-back from \$15,000 to \$10,000 in the item for Entertainment of Visitors is included, the Committee having observed that \$247 was spent for this purpose during the latter half of the last fiscal year, and that a total of \$7,000 is being requested for Promotional Entertainment in the New York, Tokyo and Chicago offices.

Annual Salary Ordinance—Administrative Provisions:

The Civil Service Commission has proposed amendments to the administrative provisions, as follows:

(1) Section 1.34. **Maximum Rate of Part-Time Service.** To provide that effective July 15, 1970, the maximum rate for inmate help, or student nurses, or part-time service, shall not exceed \$233 per month, including the value of any allowances. The current rate is \$221 per month. The change is required by Section 142 of the Charter, to reflect average percentage increase for miscellaneous employees.

(2) Delete Section 1.36, which provides for \$86.58 per month premium to be paid to supervisory classes in the transit series to maintain the differential over operator classes. For the next fiscal year, this differential will be reflected in the Compensation Schedule when the rate for operator classes is determined.

(3) Section 1.36 (New Section) High Line—7338 Lineman—Hetch Hetchy Project. To provide that when employees in Class 7338 Lineman assigned to the Hetch Hetchy Project are required to work poles or towers which are more than 80 feet high, they shall receive 50% above the regular scale for each 80 feet or fraction thereof above 80 feet for work done at such heights. This provision is in conformity with the collective bargaining agreements.

(4) Section 1.35. **Charges and Deductions for Maintenance.** To provide a subsistence allowance of \$10 per day for Transmission Lineman Foreman, Lineman, and Lineman Helper, when assigned to work away from normally assigned headquarters at Moccasin in excess

of the normal work day. This procedure is in accordance with the provisions of the collective bargaining agreement.

The Finance Committee concurs in recommending these amendments.

The Controller has furnished cost data relative to charges levied for accommodations, services, and facilities furnished to employees in various departments.

As reflected in Section 1.35 of the Ordinance, no changes of 1969-70 charges are recommended except to increase the rate per person per day at the O'Shaughnessy Guest Cottage from \$24 to \$25.

Annual Appropriation Ordinance—Administrative Provisions:

The Controller has proposed an amendment to the administrative provisions by adding Section 11.12 to read as follows:

"The Controller is hereby authorized to establish appropriations based on the budget adopted by the Board of Education of the City and County of San Francisco, and to adjust appropriation transfers into general City and County funds."

This amendment is necessary to authorize the Controller to set up necessary appropriation accounts and transfers inasmuch as the School District budget for the first time is not reflected in the budget as submitted by the Mayor and adopted by the Board of Supervisors.

Acknowledgments:

The Finance Committee commends and thanks Controller Nathan B. Cooper, his budget assistants, David Fong and Robert Yuen, and their staff for their valued assistance.

Board Action:

In order that all the members of the Board may have an opportunity to consider in complete detail the Committee's recommended changes in relation to the entire budget, the Committee has completed its review of the budget as much before adoption as was possible in view of the numerous meetings required. The Charter provides that the Board shall adopt the budget not earlier than May 15. The Budgetary Procedure Ordinance declares that the budget may not be adopted later than May 21.

On the regular Board meeting date of May 18, I will move that the budget, as amended by the Board, be adopted.

Conclusion:

The members of the Finance Committee (my colleagues are Supervisor Francois and Supervisor Mendelsohn) submit their recommendations to the Board with unanimity.

All members of the Board were cordially invited to attend the Finance Committee's departmental hearings and executive sessions, and to favor the Committee with any suggestions they might have to offer. The Committee welcomed those who found it possible to attend, and the comments of all who submitted them.

The Committee's various recommendations for extra-budgetary

action to be taken concurrently with adoption of the budget, as set forth in preceding pages, are commended to the Board's careful attention. In the absence of contrary directives from the Board, the Committee will proceed further as recommended herein.

The Finance Committee intends to submit to the Board shortly a measure or measures designed to produce revenues which will offset any increases necessitated by adoption of the Annual Budget, with the understanding that such measures shall operate so as not to add to the net tax burden of San Francisco homeowners and renters.

Chairman, Finance Committee

Supervisor von Beroldingen, seconded by Supervisor Ertola, moved that consideration be continued to May 18, 1970.

(The City Engineer has reported to the Board under date of May 7, 1970, that the signatures on the appeal have been checked as to ownership of property within a radius of 300 feet of the property covered by this appeal, and it has been found that they represent less than the necessary twenty percent of the area. (14.89%))

The following are excerpts from City Attorney's Opinion No. 984, dated August 19, 1955: "The report of the City Engineer is to be considered along with any communication on this subject on the part of the protestants, and a determination made as to whether the required twenty percent has been obtained. If the Board determines that the protest is subscribed by the owners of twenty percent of the property affected, the Supervisors shall fix a time and place for hearing such objections . . . That determination is made affirmatively or negatively by affirmative or negative vote on the resolution fixing the time and place for hearing. If the Board finds the necessary twenty percent has not been obtained . . . it cannot set a time and place for hearing.")

Correction of Finance Committee Recommendations.

Supervisor von Beroldingen called the Board's attention to corrections in the Finance Committee recommendations as follows:

- (1) In the Sheriff's budget, Index 173, Page 217, Line 25, the item of one new Stationary Engineer should remain in the budget at a total of \$13,142, rather than be deleted as shown in the Finance Committee Recommendations.
- (2) In the Sheriff's budget, Index 173, Page 219, Line 1, the item for Overtime should be approved in the total amount of \$22,000, rather than \$35,000, as shown in the Budget Estimates, Volume I. This in effect will produce a savings of \$13,000, which will practically offset the item in Paragraph (1) above.
- (3) In the budget of the California Academy of Sciences (Steinhart Aquarium), Index 213, Page 294, Line 19, a position of Ichthyological Secretary, total \$7,560, has been recommended for deletion. That recommendation should be corrected so that the position will remain in the budget. This is a position which from an accounting procedure has been carried for more than ten years under the Contractual Services account, and in that account, on Page 298, Line 5, a related reduction of \$6,700, has been made.

Supervisor von Beroldingen urged that the Board consider no changes in the budget as recommended by Finance Committee. With respect to the \$2.2 million budget item for schools at Hunters Point which the Finance Committee has deleted from the budget, Supervisor von Beroldingen stated that the ultimate and primary responsibility for budgeting for schools is that of the Board of Education, which has always borne this kind of expense.

Adopted.

Motion to Suspend Rules.

Supervisor Francois, seconded by Supervisor Gonzales, moved that the Rules of Procedure be suspended in order that the privilege of the floor might be granted for five minutes to representatives of the Hunters Point area.

Motion adopted by the following vote:

Ayes: Supervisors Barbagelata, Boas, Ertola, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Tamaras, von Beroldingen—10.

Absent: Supervisor Pelosi—1.

The privilege of the floor was thereupon granted to Mrs. Eloise

Westbrook and to Miss Julia Comer, who urged that the Board budget \$2.2 million for construction of a new school and rehabilitation of an existing school at Hunters Point.

Refused Adoption.

Motion to amend recommendations of Finance Committee.

Supervisor Ertola, seconded by Supervisor Boas, moved amendment of Finance Committee recommendations by changing the item for schools in the Hunters Point Redevelopment Project area appearing in the budget for Education, County Offices, etc., appearing on Page 97, Line 2, from "Nil" as recommended by the Finance Committee to "\$1,133,500."

Supervisor Ertola said that he felt the Board of Education has been derelict in not meeting the need for schools at Hunters Point before this time; however, the problem might be solved by the City and County appropriating half the cost and the Board of Education the other half.

Motion refused adoption by the following vote:

Ayes: Supervisors Boas, Ertola, Feinstein, Francois—4.

Noes: Supervisors Barbagelata, Gonzales, Mailliard, Mendelsohn, Tamaras, von Beroldingen—6.

Absent: Supervisor Pelosi—1.

Amendment of the Whole Adopted.

The following recommendation of State and National Affairs Committee was taken up:

Reaffirming and amplifying policy of San Francisco Board of Supervisors relative to United States involvement in Southeast Asia.

File No. 289-70-4, Resolution No. 289-70.

Supervisor Mailliard urged adoption. He said he wished to make it clear that the following two calendar items (Files 289-70-1 and 289-70-2) which the committee has recommended be tabled, were not authorized by the Supervisors who presented them. Supervisors Feinstein and Tamaras simply cooperated in order that the measures might be referred to Committee for public hearing.

Adopted.**Amendment of the Whole.**

Supervisor Francois presented the following substitute resolution as an amendment of the whole:

Supporting Amendment 609 of H.R. 17123 of the United States Congress which provides that, unless Congress shall have declared war, no funds shall be expended after December 31, 1970, for the war in Viet Nam, except those necessary for the safe withdrawal of United States troops by June 30, 1971, and that no funds shall be expended for military operations in Laos or Cambodia after thirty days following enactment of that amendment.

File No. 289-70-4, Resolution No.

Supervisor Francois, seconded by Supervisor Mendelsohn, moved adoption of the substitute resolution. He stated that there is room for honest difference of opinion; however, he believes that Congress should — by its power to control funds — control the question of whether the United States should involve itself in the affairs of another country.

Supervisors Tamaras, Barbagelata, and Ertola spoke in opposition to the substitute resolution. Each expressed some concern about the procedure followed by committee and the fact that all interested persons were not permitted to speak. Supervisor Barbagelata said he felt this was not a proper subject for Board action. Supervisor Tamaras spoke in support of President Nixon's action.

Refused Adoption.**Motion to Refer to Committee.**

Supervisor Ertola, seconded by Supervisor Barbagelata, moved referral to committee of committee recommendation and substitute resolution for public hearing, since neither had been before the committee at the time the hearings took place.

In response, Supervisor Mailliard explained that after five hours of testimony, the list of proposed speakers was not exhausted. At that point there was no one present to speak in support of File 289-70-2. Testimony had become repetitive. Therefore, the committee ended debate and spent the remaining time in trying to work out a measure for presentation to the Board.

Supervisor Feinstein stated that at the committee meeting she had spoken in support of Amendment 609 to H.R. 17123, that she had prepared a proposed resolution which was introduced by Supervisor Francois and read into the record.

Motion to refer refused adoption by the following vote:

File No. 415-68.

(No specific legislation is before the Board. Legislative and Personnel Committee has expressed concern over estimated cost of proposed transfer of these personnel to PERS. On May 12, 1970, the Committee requested the City and County Retirement System to draft a modified plan that would provide a schedule of benefits equivalent to Social Security coverage in lieu of the proposed transfer to PERS. On May 19, 1970, the Retirement System replied that study of such plan will involve costs to be borne by the persons affected or by the City and County, that such cost is now being ascertained, and that survey results will not be available until at least six months after funds have been made available.)

Absent: Supervisor Pelosi—1.

Mr. George Lewis stated that any equivalent benefits would cost at least three times as much if they were incorporated in the City and County Retirement System; therefore, the City will be saving money by permitting this group to transfer to PERS. Mr. Lewis urged that his group be granted full status for the work performed and that the Board approve their request.

Supervisor Francois requested that the City Attorney prepare appropriate legislation to effectuate the intent of the Charter amendment permitting the Board to contract with PERS for transfer of certain

personnel of the Sheriff's Office into the State system, with the required payments to PERS to be made on an installment basis with the period of time for payment left open for Board determination.

Deputy City Attorney Garibaldi indicated that he could have such legislation ready for Board consideration at next Monday's meeting.

Adopted. (See infra for rescission.)

Motion to Continue Consideration.

Supervisor Francois, seconded by Supervisor Mendelsohn, moved that consideration be continued to June 1, 1970.

Supervisor Feinstein advised Supervisor Francois that any legislation presented next week would require unanimous consent for enactment without referral to committee for hearing thereon.

Supervisor Francois appealed from the ruling of the Chair. In response to a question of President Feinstein, Supervisor Tamaras stated that during committee hearings all facets of the question were explored. Thereupon, President Feinstein announced that because the subject of the legislation to be prepared was heard in committee, it is germane to the issue and she reversed her ruling.

Supervisor Tamaras requested that Mr. Edmond J. Walsh, Retirement System Actuary furnish the Board with an up-to-date statement of the cost of including these persons in PERS.

Motion adopted by the following vote:

Absent: Supervisor Pelosi—1.

Referred to Public Utilities Commission.

Approving establishment of a Municipal Railway local fare for each passenger at twenty-five cents or a valid transfer.

File No. 193-70-2, Resolution No.

Supervisor Francois suggested that the Public Utilities Commission seek Federal funding of public transportation and not an increase in local fares. He said it has been demonstrated that the only persons who would benefit by this measure is business. Supervisor Francois urged a "no" vote.

Supervisor Boas stated that in his opinion the Municipal Railway was established to perform a service. It is not going to make a profit no matter what the Board does. Supervisor Boas said he is opposed to the proposed fare increase.

Supervisor Feinstein enumerated her reasons for opposing the proposal.

Supervisor Mailliard stated that there has been much testimony about the problems of the poor but no one has addressed himself to those who are able to pay. He stated that he has asked the School District to investigate the possibility of subsidizing the Municipal Railway through the use of Federal or State grants for transit assistance for education.

Supervisor Mailliard, seconded by Supervisor Ertola, moved referral to the Public Utilities Commission for further consideration of the question he has raised and of some of the points raised by members of the public.

Motion adopted by the following vote:

Ayes: Supervisors Barbagelata, Ertola, Gonzales, Mailliard, Mendelsohn, Tamaras, von Beroldingen—7.

Noes: Supervisors Boas, Feinstein, Francois—3.

Absent: Supervisor Pelosi—1.

Referred to Public Utilities Commission.

Approving establishment of Municipal Railway express, cable car, and Candlestick Park fares.

File No. 193-70-3, Resolution No.

(Express fare: Thirty cents or a valid transfer plus five cents;

Cable Car fare: Twenty-five cents or a valid transfer in lieu of token or cash fare;

Candlestick Special fare: Fifty cents, or twenty-five cents and valid transfer, or twenty-five cents plus student card fare during periods when student rates are applicable, or senior citizen

fare plus twenty-five cents when senior citizens rate is applicable;

Candlestick Local fare: Passengers on local, having paid initial local fare, will pay twenty-five cents on arrival at Candlestick Park.)

Supervisor Mailliard, seconded by Supervisor Gonzales, moved adoption.

Upon being advised by Deputy City Attorney Stark that the Board could not amend the proposal before it, Supervisor Gonzales said he felt the Public Utilities Commission should consider charging a thirty-five-cent cash fare on the cable cars and a twenty-five-cent token fare.

Supervisor Gonzales, seconded by Supervisor Ertola, moved referral to the Public Utilities Commission.

Motion to refer adopted by the following vote:

Ayes: Supervisors Barbagelata, Ertola, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Tamaras, von Beroldingen—9.

No: Supervisor Boas—1.

Absent: Supervisor Pelosi—1.

Refused Adoption.

Approving establishment of Municipal Railway student fare at ten rides for one dollar.

File No. 193-70-4, Resolution No.

Supervisor Gonzales, seconded by Supervisor Francois, moved adoption.

Supervisor Barbagelata stated that while he sympathizes with the need to supplement student fares, he feels this is an obligation of the Board of Education. Very few elementary school children take the street car or bus to school and not many at the junior high school level. San Francisco still has the lowest student fare in the United States.

Supervisor Gonzales requested that a communication over his signature be directed to the Superintendent of Schools, calling attention to previous requests for information, and asking what the District is doing to help children who cannot afford the present rate of fare let alone an increased fare, and what the Board of Supervisors can do to help in obtaining a state or federal subsidy for this purpose.

No objection and Clerk directed to comply.

Refused adoption by the following vote:

Aye: Supervisor Barbagelata—1.

Noes: Supervisors Boas, Ertola, Feinstein, Francois, Gonzales, Mailliard Mendelsohn, Tamaras, von Beroldingen—9.

Absent: Supervisor Pelosi—1.

Supervisor Francois, seconded by Supervisor Ertola, moved adoption.

Supervisor Barbagelata observed that the Municipal Railway charter rates are not competitive with those of other motor coach services available in San Francisco. He said that if rates were competitive, perhaps more vehicles would be chartered and thus bring in more revenue to the City and County.

Supervisor Barbagelata, seconded by Supervisor Gonzales, moved rereferral to Public Utilities Commission.

Motion to refer adopted by the following vote:

Ayes: Supervisors Barbagelata, Boas, Ertola, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Tamaras, von Beroldingen—10.

Noes: Supervisors Boas, Feinstein, Francois, Gonzales, Mendelsohn, Tamaras, von Beroldingen—7.

Supervisor Barbagelata announced that he will regretfully vote no since no one has satisfactorily explained just what a community hospital is.

Adopted by the following vote:

Ayes: Supervisors Boas, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Tamaras, von Beroldingen—8.

No: Supervisor Barbagelata—1.

Absent: Supervisors Ertola, Pelosi—2.

(Supervisor von Beroldingen dissenting in Committee.)

Appropriating \$6,000, Civil Service Commission, for contractual services; an emergency measure.

File No. 80-70-47, Ordinance No.

(For employment of an attorney to represent the City and County in litigation involving establishment of compensation schedules for platform employees of the Municipal Railway for fiscal year 1969-70.)

Supervisor von Beroldingen stated that she agrees the City Attorney should not be required to undertake to represent the City and County in this case since he has already taken a public stand in contradiction thereto. However, inasmuch as this Board has already made a budgetary commitment to the City Attorney, the obligation is his to provide the services either by legal representation or by way of contractual services from his budget.

Supervisor von Beroldingen added that she felt \$6,000 would not be required and that the Board might be exposing itself to a taxpayer's suit for improper use of funds.

In response to a question by Supervisor von Beroldingen, City Attorney O'Connor stated that it is his position that the attorney should be selected by the Civil Service Commission, since the Commission is requesting the outside counsel.

Supervisor von Beroldingen stated, in that event, she must maintain her position. She recommended that some form of estimate and bid be obtained before the Board commits itself to a \$6,000 fee for a matter which will probably be a simple interpretation of law which the court can decide on briefs submitted to it.

Supervisor Francois stated that the disadvantages the City will suffer if the Board insists that the City Attorney represent the City in this action are obvious. The Board might be charged with waging a col-

lusive law suit and be liable to a taxpayers suit on that ground. He urged approval of the appropriation so this question can be litigated and diverse claims can be resolved.

Refused Adoption.

Motion to Amend.

Supervisor Francois, seconded by Supervisor Mendelsohn, moved amendment as follows: Delete Section 2, emergency clause; delete from title "an emergency ordinance."

Supervisor Gonzales moved a no vote on the amendment and on the question. He said he seriously questioned whether he would agree with Mr. Grubb's selection of an attorney; the Board of Supervisors should hire the attorney.

City Attorney O'Connor said that his office has barely sufficient funds available to complete the fiscal year; there is no money available in that budget for any other purpose.

Mr. O'Connor said that it would be an impossible position for his office to go to court and take an opposite view from that which he has given to the Board of Supervisors, the Mayor, and the Civil Service Commission as to the validity of the suit. Mr. O'Connor stated that he believes an absolute conflict of interest exists and it does bring up the idea of a collusive suit. Grave questions are to be decided in this suit. If the public and the court are not fully convinced that two opposite views are represented, you do not have an adversary proceeding, and such proceedings have, in the past, been thrown out of court.

Supervisor Gonzales stated that he is opposed to requiring the City Attorney to represent the City and County in this case, but he is also opposed to appropriating additional funds for legal representation.

Motion to amend refused adoption by the following vote:

Ayes: Supervisors Barbagelata, Feinstein, Francois, Mendelsohn—4.

Noes: Supervisors Boas, Gonzales, Mailliard, Tamaras, von Beroldingen—5.

Absent: Supervisors Ertola, Pelosi—2.

Ayes: Supervisors Barbagelata, Feinstein, Francois, Mendelsohn—4.

Noes: Supervisors Boas, Gonzales, Mailliard, Tamaras, von Beroldingen—5.

Absent: Supervisors Ertola, Pelosi—2.

In response to a question by Supervisor Francois, City Attorney O'Connor stated that he has no choice; at this time he considers that he has been directed to represent the City and County since he has no funds available for hiring outside counsel or for transfer to Civil Service Commission for that purpose.

File No. 415-68-3, Resolution No. 361-70.

(June 8, 1970—Consideration continued to June 15, 1970).

Supervisor Francois, seconded by Supervisor Mendelsohn, moved adoption.

Supervisor Tamaras restated that Legislative and Personnel Committee opposed this action because of the cost to the taxpayers of San Francisco. He stated that an attempt to work out a compromise had been in process when the matter was called out of Committee by Supervisor Francois.

Supervisor Francois urged an "aye" vote. He said he felt the deputized personnel were entitled to these benefits and were also entitled to a decision by the Board as to whether or not it intends to implement the Charter amendment approved by the electorate.

In response to a question by Supervisor Feinstein, Retirement System Actuary Edmond J. Walsh stated that he has not been able to communicate with representatives of the deputized personnel as to what type of benefits they are talking about with respect to Social Security. If they were to get full coverage, it would cost much more than the subject proposal.

Supervisor Francois requested that, prior to filing Form 121 with PERŠ, the Clerk of the Board determine that the City and County can meet the time schedule for performance of the various actions required by the State. No objection and Clerk directed to comply.

(June 8, 1970—Consideration continued to June 15, 1970.)

In response to a question by Supervisor Barbagelata, Deputy City Attorney Stark advised that basically each county adopts its own rules. However, many of the rules are re-statements of the Government Code; these cannot be modified.

Supervisor Barbagelata stated that he finds many of this year's proposed rules unfair to the taxpayer in that they make it practically impossible to successfully appeal the assessment placed on the property by the Assessor.

Supervisor Barbagelata, seconded by Supervisor Gonzales, moved that consideration be continued to June 22, 1970.

Supervisor Gonzales called attention to recent press reports that the Governor and certain legislators had last week announced they planned to cut \$87.5 million from the state welfare budget in the areas of aid to the disabled and aid to the blind. He said this could conceivably cost the City and County of San Francisco \$1.5 million a year. Under the state proposal, the state would grant aid only to the blind or disabled who are in need of constant physical assistance. This would force those who do not need constant physical help to seek aid from the counties in the general assistance category.

Supervisor Gonzales requested that the social services committee consider the social effect on the people of San Francisco of the announced cut in the State welfare budget.

Referred to Social Services Committee.

Referred to Committee.

The following from Planning and Development Committee without recommendation was taken up:

Supervisor Mailliard, seconded by Supervisor von Beroldingen, moved do pass of the following from Planning and Development Committee:

Amending the City Planning Code by amending Section 604 (f) thereof to provide that a change from general advertising to non-general advertising sign copy, or from non-general advertising to general advertising sign copy shall in itself constitute a new sign.

File No. 112-70-4.2, Ordinance No.

(This and the following item are alternative proposals. Amendment of Section 604 (f) as herein proposed would make action on the following item unnecessary since Market Street would be included in the City-wide provision.)

Supervisor Mailliard stated that it had been his intention to offer an amendment to the following item in order to accomplish certain changes in the period of amortization; however, the City Attorney has advised that such an amendment would not be in order but must be considered as a separate item.

Supervisor Mailliard, seconded by Supervisor Gonzales, moved re-referral to committee in order that subject proposal and the proposed amendment can be considered at the same time.

Motion to refer adopted by the following vote:

Ayes: Supervisors Barbagelata, Ertola, Francois, Gonzales, Mailliard, Mendelsohn, Tamaras, von Beroldingen—8.

Supervisor Ertola, seconded by Supervisor Tamaras, moved re-referral to Committee.

He said he believes that with proper controls there are better signs, better identification of business, and a better looking City. This is in the best interest of the City and of business.

Supervisor Barbagelata moved:

File No. 369-70.

Referred to Governmental Services Committee.

Referred to Committee.

Requesting City Attorney's opinion relative to the legality of Board action authorizing execution of a contract with Mission Model Neighborhood Corporation to assist in planning a comprehensive city demonstration plan for Mission Model Neighborhood.

Supervisor Ertola stated that during previous consideration of a city demonstration plan the matter had been considered by the Planning and Development Committee and then—because City funds were involved—the matter was referred to Finance Committee.

Supervisor Ertola recalled that last week the Board adopted Resolution No. 375-70, approving proposed by-laws for Mission Model Neighborhood Corporation and authorizing execution of a contract with the corporation to assist in planning a comprehensive city demonstration plan for a Mission Model Neighborhood, and rescinding Resolution No. 838-69. Resolution No. 375-70 had been considered by only Planning and Development Committee and was never referred to Finance Committee.

Supervisor Ertola stated he was of the opinion that Finance Committee consideration should have been given the matter prior to Board action and accordingly requested that the City Attorney's opinion be sought relative to the legality of Board action on subject resolution without the Board's having met the requirement that it be referred to Finance Committee for review.

The Chair announced the matter was referred to Finance Committee.

Supervisor Francois questioned the propriety of referral to committee. He stated that since the matter is now a matter of law, the Chair has neither the right nor the obligation to send the matter to committee.

In response to a request for clarification by the Chair, Supervisor Ertola stated that he would wish referral to committee of the question of the financial arrangements under the terms of the resolution.

Supervisor Gonzales stated that he would not wish any action of the Board to indicate that by this referral the Finance Committee has any obligation to report back to the Board. At the time of enactment of Resolution No. 375-70, each member of the Board was under an obligation to investigate and understand the financial arrangements being approved.

Referred to Finance Committee.

Adopted.

Mr. Katz.

Rebuttal period was allowed.

There being no one else present desiring to speak, the Chair declared the hearing concluded.

Consideration Continued.

The following from Streets and Transportation Committee was taken up:

Ordering the vacation of a portion of Merchant Street between Montgomery and Sansome Streets; authorizing execution of an agreement with Transamerica Corporation for the exchange of property for the widening of Clay Street and the exchange of monies therefor; and authorizing dismissal of litigation for the widening of Clay Street.

File No. 281-69-6, Ordinance No.

(Director of Property has determined that market value of City's

interest in portion of Merchant Street to be vacated is \$177,625, and value of property from Transamerica Corporation required for widening of Clay Street is \$295,875.

Transamerica Corporation will pay City \$177,625—of which \$42,000 will be represented by credit for exchange of real property—for City's interest therein. City will pay Transamerica Corporation \$295,875 for property to be acquired for street widening.)

In response to complaints by opponents that they had received no notice of the hearing, Supervisor Francois, seconded by Supervisor Mendelsohn, moved that consideration be continued to July 6, 1970.

Motion to continue consideration adopted by the following vote:

Ayes: Supervisors Barbagelata, Boas, Ertola, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Tamaras, von Beroldingen—10.

Absent: Supervisor Pelosi—1.

Referred to City Planning Commission.

There being no objection, on motion of Supervisor Boas, the following from Planning and Development Committee without recommendation was taken up out of order:

Amending the City Planning Code by adding Sections 120.6 and 295.3 thereto, expanding the Ferry Building Area Special Height District and permitting buildings and structures exceeding height limitations under certain conditions in that District.

File No. 171-70-3, Ordinance No.

(District in question is 84-foot Section No. 2, lying generally east of The Embarcadero between Howard and Harrison Streets.)

Supervisor Mailliard, seconded by Supervisor Boas, moved "do pass."

Director of Planning Jacobs presented the recommendations of the City Planning Commission.

Port Director Miriam Wolff urged that the matter be rereferred to the City Planning Commission so that the Port Commission may give the City Planning Commission the benefit of information obtained since the matter was originally heard by the Commission.

Motion to Refer.

Supervisor Tamaras, seconded by Supervisor von Beroldingen, moved that the matter be referred to the City Planning Commission for the express purpose of determining the location of the building on the platform with a view to enlarging the open space so as to provide a better building, aesthetically and economically.

Supervisor Mailliard asked that the record reflect the fact that he will support rereferral to City Planning Commission solely because such referral will give that Commission and the Port Commission an

opportunity to resolve their differences, not because he supports a height limit above 400 feet.

Director of Planning Jacobs said that, in his view, there has been no basic change in the proposal of this developer since the matter was considered by the planning staff and the City Planning Commission.

Supervisor Mendelsohn suggested that the pending motion be expanded to indicate the Board's feeling that any recommendation should have a locked-in guarantee that there be open space available for use by the general public surrounding whatever buildings are developed and that any subsequent plans for specific developments be judged in that respect.

Supervisor Tamaras indicated that he wished to incorporate Supervisor Mendelsohn's suggestion within his motion to refer.

Request for City Attorney Opinion.

Supervisor Feinstein requested that a communication be directed to the City Attorney asking for opinion regarding all aspects and ramifications of the proposed trust and lease agreement by and between the Port Commission providing that the air rights in the area of the northern waterfront lying north and northwest of Pier 9 be held in trust by the Recreation and Park Commission to be held for a sixty-six-year period for the benefit of and enjoyment by the citizens of San Francisco.

No objection and Clerk directed to comply.

Refused Adoption.

Motion to Amend Pending Motion.

Supervisor Boas, seconded by Supervisor Feinstein, moved that subject matter be referred to the City Planning Commission with the proviso that the Port Commission not be permitted to build a structure taller than 400 feet and be required to use all due diligence to protect the urban design of the area.

Motion refused adoption by the following vote:

Ayes: Supervisors Boas, Feinstein—2.

Noes: Supervisors Barbagelata, Ertola, Francois, Gonzales, Mailiard, Mendelsohn, Tamaras, von Beroldingen—8.

Absent: Supervisor Pelosi—1.

Addendum to Pending Motion.

Supervisor Francois suggested that the pending motion to refer include therein the request that the City Planning Commission fully resolve the question of the trust agreement and deed of air rights and obtain all required consents so that when matter is referred to the Board it will be with final action by all departments affected.

Supervisor Tamaras indicated that he wished to incorporate Supervisor Francois' suggestion within his pending motion to refer.

Supervisor Boas stated that he will vote against the pending motion because he sees this as another example of government's failure to respond to the wishes of the people.

Motion to refer adopted by the following vote:

Ayes: Supervisors Barbagelata, Ertola, Francois, Gonzales, Mailliard, Mendelsohn, Tamaras, von Beroldingen—8.

Noes: Supervisors Boas, Feinstein—2.

In response to a question by Supervisor Gonzales, Deputy City Attorney Stark advised that Section 987b of the California Penal Code provides that to the extent funds are made available, the Department of Finance shall pay up to ten percent of the monies actually provided by the counties in providing services. He said he understands the state has been funding about five percent of San Francisco's actual cost. He added that he believes the Mayor is considering asking for State legislation to require the State to provide ten percent of such cost.

Supervisor von Beroldingen called attention to the fact that the two positions herein proposed to be provided are the result of the finding of the judge in United States District Court Civil C-70-441 GLS, Royal Scott, Jr., et al., vs. Francis Mayer, Judge of the Superior Court, et al., that there is a serious and substantial failure to provide adequate legal assistance to the Juvenile Court which, if not corrected, will be a deprivation of the constitutional rights of certain juveniles.

In response to a question by Supervisor Gonzales, Deputy City Attorney Stark advised that ordinarily refusal to follow a court order leads to contempt proceedings.

Supervisor Gonzales requested that the City Attorney review applicable law to determine whether or not the State might be compelled to provide its share of the financing of any programs the State directs a political subdivision to provide.

Supervisor Francois expressed the hope that the City Attorney will consider whether the State might be brought into all matters relative to representing indigents so that all the parties are before the court for a full determination of this question.

Supervisor Gonzales observed that the Board of Supervisors is not named in the aforementioned litigation nor was the Board ordered to provide legal services. He said that he will vote "no" on the subject legislation in the hope that the court will issue an order to the Board of Supervisors, at which time the State could be named as a party defendant. In this way all areas in which the State is shifting its responsibilities to the counties might be clarified.

COMMITTEE REPORT.

Report of Social Services Committee's inquiry into the functions and operation of the Department of Social Services.

File No. 274-70.

Supervisor Gonzales, on behalf of himself and Supervisor Barbagelata presented the following report of Social Services Committee:

"As you know, the Social Services Committee has undertaken a series of comprehensive hearings concerning the functional operations of the Department of Social Services, in a determined effort to identify and implement from a legislative standpoint areas of widespread dissatisfaction in the community.

"One of the conclusions reached as a result of the hearings is that a comprehensive study of the Department ought to be undertaken in the interests of all concerned. Your Committee has in mind an in-depth study of the degree to which the Department of Social Services is complying with its governing regulations and achieving its program objectives, particularly in regard to efficient and accurate determination of recipient eligibility, effective delivery of welfare grants and supportive services to those who are eligible, systematic reinvestigation of eligibility, and effective rehabilitation efforts.

"The contemplated study will conclude an examination of administrative procedures, staff levels and utilization, work administration patterns, internal planning and budgeting processes, management systems and controls, staff relations, and all matters relating to efficient departmental operation. Such a study will conclude with definite recommendations to correct identified areas of weakness in operating policies and procedures.

"The current state of departmental operation indicates with some clarity that an emergency exists which demands immediate remedial measures. The emergency is amply supported by the fact that the Department of Social Services already has been served, this year, with a notice of non-conformity with State and Federal requirements by the State Department of Social Welfare with respect to processing of Aid to Totally Disabled grants. The hearings conducted by your Committee have indicated additionally that while the Department of Social Services has not yet been served in other areas of its operations, it nevertheless, is delinquent in its delivery of supportive services and rein-

vestigation of eligibility. As a consequence, under the law, the State of California can put the City and County of San Francisco into receivership insofar as welfare administration is concerned and should that occur, the Department of Social Services would cease to function as an autonomous department of local government, with obvious dire consequences to the City and County and all its people.

"It has been determined by your committee that a comprehensive and adequate study leading to appropriate remedial measures will cost in the neighborhood of \$80 thousand, of which \$40 thousand will be supplied by the City and County, with the remaining funds to be obtained from private sources."

Adopted.

Motion directing Clerk of the Board to initiate a supplemental appropriation request in the amount of \$40,000, Board of Supervisors, for the purpose of contracting for a survey of the Department of Social Services,

File No. 69-70-5.

Supervisor Gonzales, seconded by Supervisor Barbagelata, moved that the Clerk of the Board be and he is hereby authorized and directed to initiate immediately a request for a supplemental appropriation of \$40,000 to be placed in the accounts of the Board of Supervisors for the purpose of contracting with a qualified independent contractor who will conduct the survey and submit the recommendations contemplated by the foregoing, said amount to be appropriated from the Emergency Reserve Fund, in the interest of assuring the continued uninterrupted operation of the Department of Social Services as contemplated by Section 16 of the Charter, or from any other funds which may be available for this purpose.

Supervisor Francois announced that last week he had presented a certificate of honor to Alfred J. Nelder and the officers and men under his command, for the department's receipt of this year's California Youth Authority's outstanding service award for delinquency prevention in the State of California. He called attention to the fact that since receipt of that award the Department has done much more that is worthy of commendation: the reduction in major street crime, the program of involving youngsters in special programs, the work with children in the schools on a regular basis, the volunteer program to help potential recruits to prepare themselves to take the civil service examination.

Supervisor Francois said that all these things speak well for San Francisco and for the Department and give great hope for the future.

Supervisor Mendelsohn presented:

File No. 403-70.

Referred to Legislative and Personnel Committee.

Calling for consideration of methods of increasing city and county revenues as an alternative to proposed payroll tax.

Supervisor Mendelsohn stated that—given existing revenue sources and the total lack of assistance from the State—it appears that unless a new source of revenue is found there must be an increase in real property taxes and, indirectly, an increase in rents.

Supervisor Mendelsohn said that the proposed payroll tax pleases no one, appears very expensive to administer, and is not as equitable as he would wish. He therefore asked that the Finance Committee immediately conduct hearings and consider the following possible new sources as an alternative to a real property tax increase: (a) an off-street parking tax in the downtown area; (b) a utility users tax similar to the one recently enacted by the City of San Jose; (c) an increase in the existing gross receipts business tax.

Referred to Finance Committee.

Referred to Committee.**Recommendations of Citizens Charter Revision Committee for amendment of various sections which are obsolete and reorganizing remaining provisions without change in substance.**

Supervisor Tamaras presented:

File No. 297-70.

Referred to Legislative and Personnel Committee.

Request Granted.**Urging application for Federal funding of purchase of Police Department helicopter.**

Supervisor Tamaras called attention to the fact that Oakland has received Federal funding in the amount of \$85,000 for the purchase of two helicopters for use of their Police Department. San Francisco has financed purchase of one larger helicopter at over \$100,000 and deleted from the budget another helicopter because it was felt the City could not afford the expenditure.

Supervisor Tamaras said both Oakland and San Francisco were aware that applications for Federal funds through the Association of Bay Area Governments for this purpose have been held by ABAG until the State enacts regulations for the use of Police Department helicopters. However, Oakland proceeded to make their application direct to the Department of Transportation in Washington, D.C., on the basis that forty per cent of the time the helicopters are used for traffic control.

Supervisor Tamaras requested that a communication be directed to the Chief of Police, calling this to his attention and asking why he did not make a similar application.

No objection and Clerk directed to apply.

Adopted.

Requesting report on feasibility of extensive auditing of the various City and County revenue-producing activities.

Supervisor Tamaras referred to recent press accounts reporting a delay by the City in collecting State and Federal subsidies owed.

In response to questions by Supervisor Tamaras, Controller Cooper stated that in the 1970-71 budget his department has been granted one of the two additional positions he had requested for the purpose of assisting departments in making applications for Federal and State funds. The time lag in receiving such funds has seriously hampered the City's cash flow. Only time will tell whether this one position will be sufficient to correct the present situation.

Supervisor Tamaras then asked if the Controller's Office is presently engaged in any in-depth auditing to determine whether or not the City's revenue-producing activities are producing the revenue they should. Controller Cooper responded that the Board of Supervisors has granted him funds by which he can employ certified public accountants and that he at times has employed such firms to investigate departments and the revenue received. Such an audit is presently being conducted of the Recreation and Park Department. However, this is not a regular policy. Mr. Cooper said that the only solution he would have is augmentation of the auditing staff of the Controller's Office.

Supervisor Tamaras requested that the Controller consider and make a proposal, with an estimate of attendant costs, for Board action, which would provide for extensive auditing of the various city and county departments' revenue-producing activities and real properties (such as the golf courses, zoo, Candlestick Park, leased lands and buildings) in order to determine whether or not the maximum amount of revenue is being derived therefrom.

Controller Cooper indicated he would do so.

Report on proposal that the City and County of San Francisco and the City of Mountain View jointly sponsor an application for a solid waste disposal demonstration project grant.

Supervisor von Beroldingen reported that the Joint Finance and Health and Environment Committee has considered the proposal of Solid Waste Engineering and Transfer Systems that the City and County of San Francisco and the City of Mountain View jointly sponsor an application for a solid waste disposal demonstration project grant. The Committee has been impressed with the possibilities for developing new or improved techniques in recycling, shredding, and use in landfill construction and has asked the company and the Chief Administrative Officer to take steps to expedite preparation of such an application.

Referred to Committee.

Report of completion of work projects for emergency protection of police stations.

Supervisor Francois presented a copy of the report of the Department of Public Works to the Chief of Police, advising of the completion of authorized work projects for emergency protection of police stations and listing additional personnel protective work at each station which might be undertaken.

Statement.

Effects on City and County revenue estimates resulting from decrease in San Francisco's population.

Supervisor Tamaras advised that he has received a report from Evan H. Davey, Acting Area Supervisor for the Bureau of the Census, advising that San Francisco's population has dropped to 704,370 from

the 1960 count of 740,316. The 1950 census had been 775,357. These figures indicate a drop of approximately five per cent each decade.

As a result of this decrease in population the Controller must revise downward his estimates of revenues to be received, since San Francisco will receive less revenue from the various state funds which are apportioned to the counties on the basis of population. The extent of the additional taxes to be collected from the real property owner is not known at this time, but the problem is obvious when so many middle-class residents are leaving the city because of housing problems, the rising crime rate, and poor schools.

Referred to Committee.

Authorizing amendment to Joint Exercise of Powers Agreement with the Redevelopment Agency for financing and construction of neighborhood activities centers within Hunters Point Redevelopment Project Area.

Supervisor von Beroldingen presented:

Hearing of appeal from the decision of the City Planning Commission denying application for change in use classification of certain property located at 1343-45 Seventh Avenue from R-3 to R-4 District.

File No. 93-70-16.

The privilege of the floor was granted the following:

Alan S. Maremont, 9 Berkeley Way, San Francisco, housing consultant for Seventh Avenue Presbyterian Church, appellant; and Spencer Steele, Zoning Administrator.

There being no one else present desiring to speak, the Chair declared the hearing concluded.

Adopted.

The following presented by the Clerk, heretofore considered, was taken up:

Disapproving decision of the City Planning Commission denying application for change in use classification of certain property located at 1343-45 Seventh Avenue from R-3 to R-4 District.

File No. 93-70-16, Resolution No. 483-70.

At the request of the Zoning Administrator, Supervisor Francois asked whether the Board has the legal authority to change the use classification as requested by the appellant.

Deputy City Attorney James Stark advised that this has been described as "spot zoning," which is a practice frowned upon by many. However, Section 117 of the Charter does grant the Board of Supervisors power, on appeal from a decision of the City Planning Commission, to disapprove that decision; therefore, the Board does have authority to proceed.

Supervisor Francois, seconded by Supervisor von Beroldingen, moved adoption.

Adopted by the following vote:

Ayes: Supervisors Barbagelata, Boas, Ertola, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Tamaras, von Beroldingen—10.

Expressing intent to appropriate participating funds in the amount of \$1.3 million for construction of certain school properties in the Hunters Point-Bayview Community, and requesting Board of Education to initiate request for supplemental appropriation of remaining participating funds.

Supervisor Francois presented:

File No. 423-70, Resolution No.

The Clerk read a communication from Mayor Alioto, dated July 29, 1970, urging approval of subject legislation.

Supervisor Francois moved that matter be referred to Finance Committee with the direction that it be reported back to the full Board on August 17, 1970.

Supervisor von Beroldingen, Chairman of Finance Committee, stated her objections and said that the Committee calendar was long and already contained many important matters.

Supervisor Francois stated that he felt there is some urgency to the matter, since the Board of Education must act on its budget by August 10. He added that alternative methods of financing had been found not feasible: Formation of a nonprofit corporation would cost \$231,000 a year for the next twenty years; it is now too late to order a bond issue submitted, and bond counsel has advised that litigation would be required before counsel would approve such a bond issue.

In response to a question by Supervisor Mendelsohn, Deputy City Attorney Stark advised that the legislation which controls the time schedule for submission of proposed bond issues to the electorate is enacted by the Board of Supervisors and the Board has the power to amend that legislation so as to exempt a specific bond issue from those time limitations.

In response to a question by Supervisor Mendelsohn as to whether the Board of Supervisors has the power to place on the ballot a proposed bond issue for the construction of schools if the Board of Education does not do so, Deputy City Attorney Stark stated that he would like to confer with Chief Deputy City Attorney Blanchard and defer response until August 12.

Supervisor Mendelsohn thereupon requested that the Finance Committee on August 12 consider subject legislation and also consider the question of whether or not a proposed bond issue for construction of schools in the Hunters Point Redevelopment Project Area should be placed on the ballot for the November, 1970, election. Chairman von Beroldingen indicated she would be pleased to hear these matters on August 12.

Supervisor Francois thereupon withdrew his motion to refer to Finance Committee with direction to report back to the Board on August 17.

Referred to Finance Committee.

Request Withdrawn.

Suggesting that Municipal and Superior Courts remain in session for a longer period of time each day.

Supervisor Gonzales stated that he is concerned about the backlog of cases in the criminal courts of the Municipal and Superior Courts. He asked that a communication over his signature be directed to the presiding judge of each court, suggesting that the hours the court remains in session might be lengthened in order to meet the backlog of cases awaiting trial.

In response to a suggestion by Supervisor von Beroldingen that the volume of cases heard by each judge in San Francisco is so great that much overtime and night work is required in reviewing matters to come before the court, Supervisor Gonzales withdrew his request.

Referred to Committee.

Salary standardization ordinance, effective July 1, 1970, for members of the Police and Fire Departments.

Supervisor Tamaras presented:

File No. 114-70-3, Ordinance No.

Supervisor Tamaras recalled that sometime past Supervisor Francois had requested that the City Attorney be asked to prepare appropriate legislation regulating theatres. No objection and Clerk directed to comply.

The Board thereupon resumed consideration of Calendar items in the order set forth therein.

Refused Adoption.

The following presented by the Clerk was taken up:

Fixing date of Tuesday, September 8, 1970, at 2:00 p.m., for hearing appeal from the decision of the City Planning Commission granting a conditional use in Northern Waterfront Special Use District No. 1 to permit a multi-use development at Piers 1, 3, 5, and 7.

File No. 93-70-21.

(The City Engineer has reported to the Board under date of August 24, 1970, that the signatures on the appeal have been checked as to ownership of property within a radius of 300 feet of the property covered by this appeal, and it has been found that they represent less than the necessary twenty per cent of the area.

(The following are excerpts from City Attorney's Opinion No. 984, dated August 19, 1955: "The report of the City Engineer is to be considered along with any communication on this subject on the part of the protestants, and a determination made as to whether the required twenty per cent has been obtained. If the Board determines that the protest is subscribed by the owners of twenty per cent of the property affected, the Supervisors shall fix a time and place for hearing such objections. That determination is made affirmatively or negatively by affirmative or negative vote on the resolution fixing the time and place for hearing. If the Board finds the necessary twenty per cent has not been obtained, it cannot set a time and place for hearing."

Barry L. Bunshoft, attorney for E. Myron Bull, Jr., and Save San Francisco Bay Association, admitted that the appeal does not contain the required signatures. He added that in his opinion the City Planning Commission action has serious defects as do the provisions for appeal from decisions of the Commission. Mr. Bunshoft said he felt the Board should decide whether it should hear testimony on a matter of such importance.

Supervisor Francois, seconded by Supervisor Mailliard, moved adoption.

Refused adoption by the following vote:

Noes: Supervisors Barbagelata, Boas, Ertola, Feinstein, Francois, Mailliard, von Beroldingen—7.

Report on cost and effect on the tax rate of proposed Charter amendment amending Sections 5, 25, 49, 134, and 182, providing for elected boards of education.

At the request of Supervisor Francois, the Controller advised of the cost and effect on the tax rate of proposed Charter amendment amending Sections 5, 25, 49, 134, and 182 previously ordered submitted to the electorate. (A copy of the Controller's statement to the Registrar of Voters for inclusion in the ballot pamphlet will be furnished for the file.)

Adopted.

Motion to Recess.

Supervisor Francois moved as follows: It is my intention before adjournment to recess this Board meeting until Wednesday with the understanding that unless members hear from the President of the Board prior thereto that there is a necessity. Supervisor Francois presented:

File No. 80-70-76, Ordinance No.

Referred to Finance Committee.

Deploing recent disturbances in Los Angeles during which Ruben Salazar was killed and warning extremists not to cause trouble in San Francisco.

Supervisor Gonzales called attention, with regret, to the recent disturbances in Los Angeles during which Ruben Salazar, columnist for the Los Angeles Times and news director of a Spanish-language television station, was killed by a tear gas canister fired by a member of the Los Angeles Sheriff's Department.

Supervisor Gonzales said that the violence in Los Angeles was not caused by the Chicanos but by the over-reaction of the establishment to a few unruly persons on the outskirts of a peaceful meeting of people gathered to hear speakers on the subject of peace in Southeast Asia and the disproportionate number of Spanish surnamed persons inducted into the armed forces and killed in the operations in southeast Asia.

Supervisor Gonzales said he did not believe such an incident could happen in San Francisco because San Francisco's law enforcement officers are responsible and are willing to permit peaceful rallies to take place. He warned the radical element not to try to spark such an occurrence in San Francisco.

ROBERT J. DOLAN, Clerk.

WEDNESDAY, SEPTEMBER 2, 1970—4:45 P.M.

In meeting of the Board of Supervisors, San Francisco, Wednesday, September 2, 1970, 4:45 p.m., the Board of Supervisors met in recessed session.

In the absence of the President, the Clerk called the meeting to order.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Barbagelata, Ertola, Mailliard—3.

Absent: Supervisors Boas, Feinstein, Francois, Gonzales, Mendelsohn, Pelosi, Tamaras, von Beroldingen—8.

Quorum not present.

Election of President Pro Tempore.

Supervisor Mailliard, seconded by Supervisor Barbagelata, nominated Supervisor Ertola to act as President Pro Tempore.

Motion adopted by the following vote:

Ayes: Supervisors Barbagelata, Mailliard—2.

No: Supervisor Ertola—1.

Absent: Supervisors Boas, Feinstein, Francois, Gonzales, Mendelsohn, Pelosi, Tamaras, von Beroldingen—8.

Adopted.**Motion to Order a Call of the Board.**

Supervisor Barbagelata, seconded by Supervisor Mailliard, moved that absent members be sent for by the President Pro Tempore and brought to the legislative chamber by the Clerk.

Motion adopted by the following vote:

Ayes: Supervisors Barbagelata, Ertola, Mailliard—3.

Absent: Supervisors Boas, Feinstein, Francois, Gonzales, Mendelsohn, Pelosi, Tamaras, von Beroldingen—8.

The Clerk thereupon left the chamber and returned with Supervisors Francois, Mendelsohn, and von Beroldingen. A quorum then being present, the President Pro Tempore announced the recessed meeting of the Board now in session.

Question as to Legality of Proceedings.

Supervisor von Beroldingen stated that it was her understanding when the recessed meeting was authorized last Monday that Board members would have prior notice if it were deemed necessary for the Board to meet today.

The Clerk advised that discussions with the City Attorney which preceded this meeting took this matter into consideration. It was felt that regardless of the reason for the Board's motion to recess, the Board did, in fact, adopt the motion which recessed the regular meeting of August 31, 1970, to today and therefore this meeting is legal and proper.

Said motion to recess, made by Supervisor Francois, seconded by Supervisor von Beroldingen, and adopted by unanimous vote of the members present (Supervisors Pelosi and Tamaras absent) was as follows: It is my intention before adjournment to recess this Board meeting until Wednesday with the understanding that unless we hear from the President of the Board prior thereto that there is a necessity. Because we have taken action on very important matters rather hastily it may develop that the Clerk will discover before Wednesday that some further action is required with respect to the charter amendments. So I think we should leave that opportunity open to us. Unless some problems arise, there will be no meeting for lack of a quorum.

Discussion of Provisions.

The following, ordered submitted on August 31, 1970, was taken up:

Charter amendment—Amending Sections 5, 25, 49, 134, and 182, providing for a nine-member board of education of the unified school district and a nine-member board of education of the junior college district to be elected by the voters of the City and County, five members of each board to be elected by district and four, at large.

File No. 133-70-1.

The Clerk advised that the proposed Charter amendment as ordered submitted contains no provision for the holding of a special election

for the purpose of electing members of subject boards of education, although there was such a provision in File No. 133-70-3 which the Clerk and Deputy City Attorney Stark used in preparing the amended proposal which was ordered submitted on August 31, 1970. He said that Supervisor Barbagelata feels there may have been some error in that omission.

Supervisor Francois reminded members that Deputy City Attorney Stark had gone through the proposal as amended point by point, calling the Board's attention to each provision and that the matter of a special election was not alluded to.

Supervisor Barbagelata stated that he felt such an omission to be a very costly one, that he had asked to see the proposal in writing but that in the interest of time the proposal was simply read to the Board prior to the vote thereon. He said there were a number of other provisions which he had misunderstood until he had been given the opportunity to read the proposal. Supervisor Barbagelata foretold defeat of the proposal as submitted.

Refused Adoption.

Motion to Order Submission to the Voters.

Supervisor Barbagelata, seconded by Supervisor Mailliard, moved that the following recommendation of Legislative and Personnel Committee, as amended, be ordered submitted to the voters as an alternative proposal:

Charter amendment—Amending Sections 5, 49, and 134, providing for a seven-member board of education of the unified school district and a seven-member board of education of the junior college district to be elected by the voters of the City and County.

File No. 133-70-1.

Motion refused adoption by the following vote:

Ayes: Supervisors Barbagelata, Ertola, Mailliard—3.

Noes: Supervisors Francois, Mendelsohn, von Beroldingen—3.

Absent: Supervisors Boas, Feinstein, Gonzales, Pelosi, Tamaras—5.

President Pro Tempore Ertola thereupon asked if it would be possible, in the event the proposed Charter amendment is approved by the voters, for the Board by a two-third vote to call a special election for the purpose of electing school boards.

The Clerk advised that in order for the Board to consider that question, it would be necessary to rescind the order of submission, then attempt to amend the proposed charter amendment, and then take another vote on the question of submission to the voters.

Adopted.

Motion to Adjourn.

Supervisor Mendelsohn, seconded by Supervisor von Beroldingen, moved that the meeting be adjourned.

No objection; motion adopted.

ADJOURNMENT.

There being no further business, the Board, at the hour of 5:15 p.m., adjourned.

ROBERT J. DOLAN, Clerk.

Approved by the Board of Supervisors September 28, 1970.

I, Robert J. Dolan, Clerk of the Board of Supervisors of the City and County of San Francisco, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date stated and approved as recited.

Approving the First Year Action Comprehensive Development Plan, 1970-71, of the Bayview-Hunters Point Model Neighborhood Agency, and authorizing submission thereof to the United States Department of Housing and Urban Development for approval.

File No. 436-70, Resolution No.

In response to questions by Supervisor Mailliard, Michael McCone, Special Assistant for Model Neighborhoods, Mayor's Office, gave a brief explanation of the financing of the plan.

Supervisor Barbagelata said he felt the Board should have had the benefit of comments and recommendations of the various city departments involved in the model neighborhood program before being asked to make such an important decision.

Milton C. Roberts, Jr., Director, Bayview-Hunters Point Model Neighborhood Agency, said he felt one of the strong points in favor of the model cities program is the emphasis on evaluating the program each year.

Supervisor Barbagelata called attention to an article in "Municipal Finance" of August, 1970, in which Charles B. Huyett, Director of Financial Management for the Model Cities Program of the United States Department of Housing and Urban Development, states that, if the program is to succeed, municipal governments must treat model cities funds in the same manner as they budget, account for, appropriate, and audit local property tax revenues or other local funds.

In response to request of Supervisor Mendelsohn, Michael McCone and Milton C. Roberts, Jr. discussed the plan for, purpose of, and financing of television station and newspaper as described in Project No. 32-0, Community Communications Center.

Supervisor Boas said he felt the Board should have more complete information about the plan before acting.

Adopted.

Motion to Refer to Committee.

Supervisor Boas, seconded by Supervisor Mailliard, moved that subject legislation, along with pending motion to amend, be referred to a joint Finance and Planning and Development Committee with the suggestion that the television and radio industry be asked to give their

opinion of the plan for development of a neighborhood television station and that all department heads which might have an interest be invited to submit comments in writing, including any suggestions they may have for changes in the plan.

Adopted.

Motion to Amend.

Supervisor Ertola, joined and seconded by Supervisors Gonzales and Francois, moved amendment as follows: Page 2, first paragraph, DELETE; Page 2, last paragraph, after "responsibility for the designation" ADD "and approval"; Page 3, first paragraph, DELETE "cost of additional fixed-post control needed to relieve congestion caused by the optimum bus service will be borne by the Golden Gate Bridge, Highway and Transportation District;" ADD "institution of the optimum bus system will be jointly reviewed at regular intervals to ensure the hoped-for result of relieving traffic congestion and determining if additional traffic controls are required;"

Supervisor Mendelsohn asked if the Transport Workers Union had been involved in planning for the proposed bus system.

The privilege of the floor was granted to Thomas Jenkins, attorney for Golden Gate Bridge, Highway and Transportation District and John Squires, representing the Transport Workers Union.

Mr. Jenkins advised that the Transport Workers Union will be involved in discussions and recommendations relative to both the ferry boat system and the optimum bus system. The recruitment program has not as yet been formulated. This will be done under the direction

and determination of the Bridge District Board, nine of whose members are from San Francisco.

Mr. Squires asked a question relative to the relationship between operation of these systems and the provisions of the Federal Act under which San Francisco will receive a grant for purchase of new mass transit buses. Deputy City Attorney Dow advised he was not able to answer the question without research. The Chair advised Mr. Squires that when the information is received from the City Attorney it will be forwarded to him. (Mr. Squires was later informed that if he would deliver to the Clerk the precise question he wanted answered, it would be forwarded to the City Attorney with a request for his opinion thereon.)

Motion that Clerk recircularize all department heads to make it mandatory that they adhere to the Board's rules of legislative procedure.

Supervisor Barbagelata, seconded by Supervisor Ertola, moved that the Clerk be directed to recircularize all department heads to make it clear and mandatory that they adhere fully to the Board's rules of legislative procedure.

Supervisor Barbagelata said that he referred specifically to the Board's requirement that every legislative measure upon submission shall be accompanied by a written explanation, as brief as possible, but in sufficient detail to provide a comprehensive understanding of the measure and enable the Board to pass upon the measure without resort to oral explanation.

was to assure the completeness of the Board's records in the future.

Motion adopted by the following vote:

Statement.

Establishing height limit along the waterfront between the Ferry Building and the Bay Bridge.

Supervisor Boas stated that in his opinion the recent action of the City Planning Commission in approving a 550-foot height limit along the waterfront between the Ferry Building and the Bay Bridge was an extraordinarily greedy action which the Board of Supervisors should repudiate. Supervisor Boas requested that the President of the Board either poll members or hold a caucus to determine if the majority supports Supervisor Boas' suggestion that this matter not be heard in Planning and Development Committee until the return of Supervisor Pelosi and all committee members are present.

The Chair indicated she would take Supervisor Boas' request under consideration.

Referred to Committee.

Urging action to correct the hazardous traffic situation existing on the Great Highway.

Supervisor Feinstein presented a petition of various signators and a communication from Assemblyman Willie L. Brown, Jr., calling attention to the recent death of a little girl on Upper Great Highway and urging action to correct the hazardous traffic situation existing there.

Referred to Fire, Safety and Police Committee.

Statement.

Declaration of Policy—Shall the Board of Supervisors limit the height of structures along the waterfront between the Bay Bridge anchorage and the Ferry Building to not more than 175 feet?

Supervisor Feinstein, joined by Supervisor Boas, expressed the hope that at least two other members of the Board would join with them so that the voters might have the opportunity to express their feelings relative to proposed construction on the waterfront by voting on the question "Shall the Board of Supervisors limit the height of structures along the waterfront between the Bay Bridge anchorage and the Ferry Building to not more than 175 feet?"

Suggesting employment of security guards to reduce vandalism at San Francisco schools.

Supervisor Francois called attention to press reports relative to the strike of teachers and parents against Sir Francis Drake School at Hunters Point because of the dilapidated condition of the school plant.

Supervisor Francois stated that, while he realized the Board of Supervisors has no responsibility for schools, he would hope the Board

of Education would consider instituting a program similar to the Transportation Assistants Program of the Municipal Railway, wherein indigenous people are engaged to attempt to deal with the problem of vandalism and unruly behavior. He said that similar programs in the Police and Fire Departments appear to be working well. Sir Francis Drake School might well be used for a pilot program to see whether employing security guards during certain hours each day might reduce vandalism.

Consideration Continued.

The following from Legislative and Personnel Committee was taken up:

Authorizing Civil Service Commission to make expenditures for a salary survey from the funds appropriated therefor pursuant to Section 151 of the Charter.

File No. 270-70-4, Resolution No.

Supervisor Mailliard, seconded by Supervisor Ertola, moved adoption.

Supervisor Mailliard requested that the following communication, received September 3, 1970, from Mr. John L. Molinari, President, Civil Service Commission, be made a part of the record:

"Dear Mr. Dolan:

"At its meeting of August 31, 1970, the Civil Service Commission by a 2-to-1 vote approved a staff report requesting that the Board of Supervisors authorize a salary survey for miscellaneous employees for fiscal year 1971-72. I dissented from the staff recommendation.

"My reasons for dissenting are as follows:

"The staff report indicated that public agencies surveyed have reported increases averaging between 5 to 8.25% since the last survey. The average increase would be approximately 6.5%. However, in presenting the data to the Commission in last year's survey the staff projected a 5% increase in these public agencies between January 1 and June 30 based on increases granted in past years during this period. When this figure is subtracted from the average increase of the public agencies surveyed the amount of increase remaining is 1.5% and insufficient to warrant a survey.

"In the last two years the Board of Supervisors has not followed the Civil Service recommendations, but instead has voted increases on an across-the-board basis. This has resulted in a continuance of internal inconsistencies where some classifications are over salary data and some under salary data, and which the Commission had attempted to adjust in its report to the Board of Supervisors. If it is the intent of the Board to continue the practice of across-the-board increases, I feel that funds should not be authorized for the survey and staff time should not be utilized to make this survey.

"I believe that the Board of Supervisors should seriously consider asking the Health Service System, the Retirement Board, and the Civil Service Commission to study and recommend a meaningful fringe benefit package for miscellaneous employees instead of an across-the-board increase. Miscellaneous employees lag

behind many other public agencies and private industry in these areas.

"I request that my comments and explanations regarding my dissenting vote on this subject be made part of the record."

Supervisor von Beroldingen, seconded by Supervisor Mendelsohn, moved that consideration be continued to September 28, 1970, to permit the City Attorney time to formulate an opinion as to whether or not Charter Section 151 requires a state-wide survey of salaries paid or if it would be possible the limit the survey to the Bay Area.

ROLL CALL FOR THE INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Request Granted.

Requesting meeting to discuss creation of a Division of Consumer Affairs.

Supervisor Boas called attention to the State Attorney General's recent ruling that the sealer of weights and measures may not act also as a director of consumer affairs, and the fact that the San Francisco Economic Opportunity Council has announced its intention to establish and maintain a local office of consumer affairs.

Supervisor Boas requested that the Clerk of the Board arrange a meeting for members of Governmental Services Committee, the Chief Administrative Officer, and the City Attorney to attempt to work out details concerning creation of such a department of consumer affairs within the governmental structure, if it is determined that such a department is necessary or desirable.

Supervisor Boas announced that, after details are worked out, the Governmental Services Committee will schedule another public hearing.

No objection; Clerk directed to comply.

Statement.

Urging prompt action to permit certain personnel of the Sheriff's Office to become members of the State Public Employees Retirement System.

Supervisor Francois called attention to a newspaper column by Guy Wright in the San Francisco Examiner of September 20, 1970, criticizing City and County red tape for the excessive length of time evidently required to make it possible for certain deputized personnel of the Sheriff's Office to become members of the State Public Employees Retirement System.

Supervisor Francois said he hoped the Board would lend every effort to expedite this matter so that these employees can become part of PERS and be adequately protected if injured in line of duty.

Referred to Committee.

Investigation of City and County practices relative to hiring of Spanish surnamed personnel.

Supervisor Gonzales cited a recent publication of the Human Rights Commission reporting the result of a survey of the ethnic composition of City and County employees as of December 31, 1969.

Supervisor Mendelsohn commented that recent stories in the public press relative to failure to provide bus service to a portion of Bernal Heights presents the Board with another example of the slow motion of the governmental machine.

Supervisor Mendelsohn requested that a communication over his signature be directed to the Public Utilities Commission, with a copy to the Department of Public Works, asking for a report as to why bus service cannot be established in that area within a reasonable length of time.

No objection; Clerk directed to comply.

Referred to Committee.

Amending Ordinance No. 275-70, Payroll Expense Tax Ordinance, by amending Section 7 thereof, changing the date upon which the filing of returns and the date of payment become delinquent from April 15 of each year to the last day of February of each year.

Referred to Finance Committee.

Request Granted.

Requesting report on plans for undergrounding of Municipal Railway feeder wires on Fillmore Street.

Supervisor Francois called attention—as another example of the slow movement of government—to the failure to underground Municipal Railway overhead feeder wires on Fillmore Street.

Supervisor Francois commented that he had made many inquiries on this subject, but requested that one more communication be directed to the Public Utilities Commission, with a copy to the Department of Public Works, asking when they plan to underground these wires, which are in violation of law.

Request Granted.

Requesting legislation which would reduce the amount of non-reusable solid waste.

Supervisor Mendelsohn called attention to the urgent problem that confronts the City and County in disposing of solid waste, particularly nonrecyclable or nonreusable materials such as nonreturnable bottles and discarded packaging materials which are nonbiodegradable.

Supervisor Mendelsohn mentioned the general recognition that primary responsibility for appropriate legislation in this field rests with the State and Federal governments; however, refusal of these governmental entities to act compels local governments to seek a solution to the problem.

Supervisor Mendelsohn requested that a communication be directed to the Department of Public Works over his signature and that of any other Supervisor who wishes to join him, requesting that the Department formulate and submit recommendations as to what items which contribute to the solid waste disposal problem could be eliminated by legislation enacted locally. Supervisor Mendelsohn stated he was making this request with the assumption that other cities and counties in the Bay Area would take similar action concurrently, that San Francisco would not act alone but would lead the way to constructive action.

Taken Up Out of Order.

Passed for Second Reading.

There being no objection, on motion of Supervisor Francois, the following from Finance Committee without recommendation, appearing on the Calendar under New Business, was taken up out of order:

Approving and authorizing supplemental amended park lease between the Recreation and Park Commission and San Francisco Stadium, Inc., and approving sale of Series B bonds of San Francisco Stadium, Inc., for Phase II improvement and expansion and Candlestick Park Stadium.

File No. 372-69-5, Ordinance No.

Supervisor von Beroldingen recalled that approximately a year and a half ago the Board had approved the expansion and improvement of Candlestick Park at an estimated cost of \$9,100,000. She stated that the Board is now faced with a \$5,000,000 increase in construction costs alone, and the issuance of \$16,100,000 principal amount of San Francisco Stadium Bonds. Nothing can be done now to retrieve the \$8,000,000 already spent on the stadium nor the bonds which have been recalled. The Finance Committee has labored to find a solution to the dilemma and now believes it has found a solution whereby, at least, the entire financial burden will not be carried by the real property taxpayer. The Committee is prepared to recommend an increase of the hotel room tax to five-and-a-half per cent, with revenues therefrom to be allocated as follows: two per cent for continued allocation to the proposed convention center-sports arena in Yerba Buena Redevelopment Project Area; one-half per cent for interest and redemption of the San Francisco Stadium Inc. bonds; and the balance to the Publicity and Advertising Fund. In addition, the Committee will recommend a stadium operator admission tax which it is hoped the operators will pay from television revenue rather than by passing it on to the spectator. By these means it is anticipated the burden on the real property taxpayer will be reduced to approximately \$300,000 a year.

Supervisor von Beroldingen thereupon moved do pass of the subject measure, on the condition that the proposed increase in the hotel room tax and the stadium admission tax for financing the increased costs of expansion and improvement of Candlestick Park be approved by the Board. Motion seconded by Supervisor Mendelsohn.

Supervisor von Beroldingen thereupon moved suspension of the rules to permit Robert Sullivan, General Manager, San Francisco Convention and Visitors Bureau, to address the Board. There being no objection, the Chair declared the motion adopted.

Statement re Yerba Buena Sports Center.

Mr. Sullivan advised the Board that a \$100,000,000 bond issue will be required to be issued and sold for construction of the exhibit hall and sports arena proposed to be constructed in the Yerba Buena Redevelopment Project Area. He said that the bond houses and the developers both state that an absolute requirement for the sale of these bonds is a continuation of the revenue from the hotel room tax to pay partially the income and interest due on thirty-year bonds. Diversion of these funds from Yerba Buena to Candlestick Park would completely jeopardize the Yerba Buena project.

Mr. Sullivan said the Convention and Visitors Bureau and the major hotel interests are agreeable to an increase of the hotel room tax to five-and-one-half percent in order to finance both projects.

Supervisor Francois said that abandonment of the Candlestick Park project at this point would waste over eight million dollars of the taxpayers' money. The Finance Committee has considered reducing the scope of the work to be performed but have learned that this could be very risky. City departments find the low bid a favorable one. If the contract is not awarded now, it is quite possible that, at the present rate of inflation, it could cost more to do less work at a later time.

Supervisor Francois expressed the hope the Board will act favorably on the subject legislation with the clear understanding that the Finance Committee intends to proceed with the preparation of legislation to reduce the cost to the home owner as outlined by Chairman von Beroldingen.

Supervisor Mendelsohn said he felt the Board of Supervisors had been victimized by not being informed earlier of the tremendous increase in cost of this project and that he would not vote for the measure on final passage unless the Board has already passed for second reading the legislation which will provide that the increased costs will be paid by the athletic teams and by an increased hotel room tax.

Supervisor Gonzales said that while he previously did not vote in favor of the improvement and expansion of Candlestick Park, he will today support it because it appears to be the only way the City can make good on a bad thing.

In response to a question by Supervisor Gonzales, Chief Administrative Officer Mellon advised that the increased cost has arisen mainly as the result of a major error by the estimators of the nonprofit corporation. The fact that the cost was greater than that anticipated came to the City's attention late last fall. After much discussion and attempts to reduce the cost of the project, it was decided that the only way to ascertain what the cost actually would be was to put the project out to bid.

Supervisor Boas said that he voted against expansion of Candlestick Park last year on general principles. If the City were affluent, this could be a worthwhile expenditure, but when the need for housing and a whole variety of social services is so great, Supervisor Boas said he would be very reluctant to use City funds for something of this nature; therefore, he will vote against it.

Passed for second reading by the following vote:

Ayes: Supervisors Ertola, Feinstein, Francois, Gonzales, Mendelsohn, von Beroldingen—6.

Noes: Supervisors Boas, Pelosi—2.

Absent: Supervisors Barbagelata, Mailliard, Tamaras—3.

The Board thereupon resumed consideration of recommendations of Finance Committee appearing on the Calendar under Unfinished Business.

Finally Passed.

File No. 481-70-2, Ordinance No.

(Effective January 1, 1971, rate of tax shall be increased from 5% to 5½ %;

(Effective ((July)) January 1, 1971, 36% instead of 40% of amount collected and deposited in Hotel Room Tax Fund shall be set aside for Convention Center-Sports Arena in Yerba Buena Development Area;

(Effective ((July)) January 1, 1971, 10% of amount collected and deposited in Hotel Room Tax Fund shall be set aside for improvement and expansion of recreation center located at Candlestick Park.)

Adopted.

Motion to Amend.

Supervisor von Beroldingen, seconded by Supervisor Mendelsohn, moved amendment as follows: Sections 515(3) and 515(4), change effective date to "January 1, 1971." Section 2, Page 3, after "This ordinance shall become" DELETE "effective" and ADD "operative".

Motion adopted by the following vote:

Ayes: Supervisors Boas, Ertola, Feinstein, Francois, Mendelsohn, Pelosi, Tamaras, von Beroldingen—8.

Absent: Supervisors Barbagelata, Gonzales, Mailliard—3.

Supervisor von Beroldingen stated that there are presently 5,000 additional hotel rooms under construction which are expected to be completed by 1972, at which time the City will begin paying rent to Stadium, Inc. In response to a question by Supervisor von Beroldingen, Controller Nathan Cooper advised that it is estimated at this time that \$130,000 a year will be required from ad valorem taxes to meet the rent payments.

Supervisor von Beroldingen added that it is possible, with the expected increase in hotel room occupancies, that following commencement of payments to Stadium, Inc., revenues therefrom will be sufficient so that no tax subsidy will be required from the taxpayers. If this is correct, it would then be possible to reduce the stadium operators admission tax.

Supervisor Feinstein explained that while she does not feel this project ranks among the highest priorities, the only alternatives seemed to be either not to approve the amended lease and confine the improvements to the \$9,100,000 or to prepare new specifications and issue new invitations to bid. Supervisor Feinstein said she has become convinced that the latter course would result in fewer improvements resulting in as high a cost as that presently contemplated. Since the City has made a major commitment, Supervisor Feinstein said she would like to see that commitment honored. The important thing is that the people who will be using the stadium will be paying for it.

Supervisor Tamaras said that he will vote for the improvement and expansion of Candlestick Park because he feels the majority of the people of San Francisco want it. The longer the City waits to make these improvements, the more it will cost.

Supervisor Francois stated that he had hoped to modify the stadium operator admission tax so as not to place such a heavy burden on the lower-priced tickets. However, the Giants management was not interested in trying to modify the proposal; therefore, Supervisor Francois said he felt he had no choice except to support the proposal as presented.

Passed for second reading as amended by the following vote:

Ayes: Supervisors Boas, Ertola, Feinstein, Francois, Mendelsohn, Tamaras, von Beroldingen—7.

No: Supervisor Pelosi—1.

Absent: Supervisors Barbagelata, Gonzales, Mailliard—3.

Passed for Second Reading as Amended.

Amending Part III of the Municipal Code by adding Article 11 thereto, to impose a stadium operator admission tax on persons operating athletic contests, exhibitions, and other special events in any stadium; providing method and procedure for collecting said tax and deposit thereof; establishing a Stadium Operator Admission Tax Fund to be used for improvement of Candlestick Park Stadium; and prescribing penalties for violations.

File No. 482-70, Ordinance No.

Supervisor von Beroldingen stated that by this proposal a tax is not being imposed on the tickets. The Committee and the City Attorney are convinced that the wording of this legislation in no way violates the terms of the lease with the Giants. It is the hope of the Committee that both ball clubs will pay the tax from television and other receipts.

Adopted.

Motion to Amend.

Supervisor Ertola, seconded by Supervisor von Beroldingen, moved amendment as follows: Sections 801(b) and 802, DELETE final period and ADD "for each event."

Deputy City Attorney Kenealey advised that he sees no problem with the proposed amendment. The intent of the Board is to impose a fifty-cent charge for each event. If any questions arise, the Tax Collector may adopt rules and regulations to enforce the intent of the Board of Supervisors.

Motion to amend adopted by the following vote:

Ayes: Supervisors Boas, Ertola, Feinstein, Francois, Mendelsohn, Pelosi, Tamaras, von Beroldingen—8.

Absent: Supervisors Barbagelata, Gonzales, Mailliard—3.

Passed for second reading as amended by the following vote:

Ayes: Supervisors Boas, Ertola, Feinstein, Francois, Mendelsohn, Tamaras, von Beroldingen—7.

No: Supervisor Pelosi—1.

Absent: Supervisors Barbagelata, Gonzales, Mailliard—3.

Supervisor Ertola, seconded by Supervisor Francois, moved that consideration be continued to October 19, 1970.

Motion adopted by the following vote:

Ayes: Supervisors Boas, Ertola, Feinstein, Francois, Mendelsohn, Pelosi, Tamaras, von Beroldingen—8.

Absent: Supervisors Barbagelata, Gonzales, Mailliard—3.

Consideration Continued.

The following recommendation of Joint Finance and Planning and Development Committee was taken up:

Amending the five year urban beautification program; authorizing the Department of City Planning to prepare and submit an application to the United States Department of Housing and Urban Development for reimbursement funds in support of the program during the fiscal year 1970-71, and to accept such funds.

File No. 473-70, Resolution No.

In response to questions by Supervisor Ertola, Calvin Malone, City Planner, and Controller Cooper advised that restoration of the windmills in Golden Gate Park are not included in the program because such a project is not an eligible expenditure under Department of Housing and Urban Development regulations. However, the recommendation of the Director of Planning as to how grant monies shall be expended will come to the Board in the form of a supplemental appropriation request. At that time the Board can decide what projects it will approve.

Supervisor Ertola, seconded by Supervisor Mendelsohn, moved that consideration be continued to October 19, 1970. Supervisor Ertola stated that before voting on this proposal he would be interested in hearing from the Director of Planning as to his intentions relative to appropriation of funds for restoration of the windmills.

Supervisor Mendelsohn commented that it was his feeling the Board should also consider the advisability of transferring the urban beautification program to another department.

File No. 505-70.

Supervisor Ertola, seconded by Supervisor Tamaras, moved that the Board sit as a Committee of the Whole.

No objection; motion adopted.

The Chair introduced Mr. Walter F. Kaplan, Chairman, and Messrs. Michael J. Driscoll, Stanley E. Jensen, Francis J. Solvin, and Joseph Mosely, members of the Redevelopment Agency.

The Chair explained the order of business to be observed.

Mr. M. Justin Herman, Executive Director of the Agency, presented the proposed redevelopment plan; then public testimony was received. (Sworn testimony of Mr. Herman and members of the public was recorded by a stenographic reporter. See File No. 505-70 for a copy of the record.)

Members of the Board thereupon addressed questions to Mr. Herman and to Mr. Michael McCone, Special Assistant for Model Neighborhoods, primarily with respect to the financing of the City and County's share of the project cost.

In response to a question by Supervisor Tamaras, Mr. Herman assured the Board that the Redevelopment Agency would be happy to work with all citizens organizations that represent large groups in the Mission on an equal basis with the Mission Coalition Organization.

In response to a question by Supervisor Tamaras, Mr. Ben Martinez stated that the position of the Mission Model Neighborhood Corporation has been to back this project, that the Corporation will do whatever it feels is necessary to get this project through as long as the interests of the people of the district are protected.

There being no one else present desiring to speak, Supervisor Pelosi, seconded by Supervisor Gonzales, thereupon moved that the public hearing be concluded and that the matter be taken into the respective hands of the Board and the Agency.

Although the organization cannot at present say it will put up \$700,000, as a major community group it will do all possible to see that funding of the City's share of cost either is furnished by model cities or another process.

The following from Finance Committee with recommendation "do not pass" was taken up:

Appropriating \$27,000, Recreation and Park, for continuance of Golden Gate Park band concerts.

File No. 80-70-94.1, Ordinance No.

In response to a question by Supervisor Tamaras, Thomas G. Miller, Executive Assistant to the Chief Administrative Officer, stated that Publicity and Advertising funds for the current fiscal year are already allocated to the various organizations. However, the Chief Administrative Officer deliberately submits a conservative budget estimate which leaves a portion of the Hotel Tax revenue allocated to Publicity and Advertising available for transfer to the General Fund. If it is the intention of the Board to appropriate these surplus funds to Publicity and Advertising for continuance of the band concerts, the Chief Administrative Officer will administer the funds so appropriated.

Adopted as Amended.

Motion.

Supervisor Mendelsohn, seconded by Supervisor von Beroldingen, moved that the Board request the Chief Administrative Officer to initiate a supplemental appropriation request for use of Hotel Tax revenues for this purpose and that subject legislation be tabled.

In response to a question by Supervisor Ertola as to the possibility of funding the band concerts from the Publicity and Advertising Fund in future years, Mr. Miller stated that such funding would depend

upon the amount budgeted to the Chief Administrative Officer for Publicity and Advertising. This year the budget request had been reduced to such an extent that twenty-one new programs could not be funded. If similar reductions in the Publicity and Advertising budget are made by the Mayor and the Board of Supervisors in the future, the expenditure of such funds would be a question of priority.

Supervisor Ertola, seconded by Supervisor Tamaras, moved as an amendment of the pending motion, the following: That the subject legislation be tabled and that the Clerk of the Board be instructed to inform the Chief Administrative Officer that by this action the Board of Supervisors has no intention to discontinue the Golden Gate Park band concerts but urgently requests the Chief Administrative Officer to submit a supplemental appropriation request appropriating \$27,000 from Hotel Tax revenues, to Publicity and Advertising for continuance of the band concerts for the balance of this fiscal year and give the band concerts the highest priority in his allocation of Publicity and Advertising Funds for fiscal year 1971-72.

Supervisor von Beroldingen, seconded by Supervisor Ertola, moved as a further amendment to the pending motion that subject legislation be referred to Finance Committee rather than being tabled.

Request Granted.**Limiting amount local candidates may spend on radio and television advertising.**

Supervisor Pelosi recalled that he had previously requested the City Attorney to prepare legislation which would limit the amount of money local candidates may spend on radio and television advertising.

In this way, a strict accountability could be obtained.

Supervisor Pelosi requested that a communication be directed to the City Attorney asking that he include such a provision in the legislation he is presently preparing.

Supervisor Francois referred to a demonstration grant of Federal funds for a study of exhaust emission and vehicle noise control on motor coaches of the Municipal Railway. He asked that a communication be directed to Herb Caen about his comments of December 13, 1970, in the San Francisco Chronicle relative to the aforesaid demonstration grant, pointing out the manner in which this experiment is being conducted, the benefit to be derived therefrom by the City and County, and expressing the hope that the matter before the Board today relative to modification of Municipal Railway trolley system lines is not misunderstood.

In response to a question by Supervisor Feinstein, Deputy City Attorney Stark recalled that by Resolution No. 325-70, approved June 9, 1970, the Board had authorized the State Attorney General to conduct legal proceedings on behalf of the City and County of San Francisco in a civil anti-trust suit for damages against certain automobile manufacturers for conspiring to retard the introduction of smog control devices in the State of California.

In response to a question by Supervisor von Beroldingen, relative to the status of her request that the City Attorney investigate the possibility of bringing an action against General Motors for selling the City buses without smog control devices, Deputy City Attorney Stark stated that he would check with the City Attorney and advise Supervisor von Beroldingen.

John M. Woods, General Manager, Municipal Railway, stated that while this relocation of trolley lines necessitated by the new one-way

street pattern in the downtown area would cost \$768,000, it would require 55 new diesel buses at a cost of two million dollars if buses were to be used on these lines, and the trolley coaches now owned by the City would remain idle.

Refused Adoption.

Motion to Continue.

Supervisor Boas moved that the proposed appropriation of \$768,000 to Hetch Hetchy Project for modification of Municipal Railway trolley system be deleted from File 80-70-98 and that the Chief Administrative Officer be requested to confer with the Public Utilities Commission and advise whether or not it is anticipated that the present one-way street pattern in the downtown area is expected to be permanent and, if not, how much it would cost to replace the lines in their original location.

In response to a suggestion by Supervisor Francois, Supervisor Boas amended his motion to provide that consideration of the above-described appropriation be continued one week for receipt of requested information from the Chief Administrative Officer.

In response to a request by Supervisor Mendelsohn, the Chief Administrative Officer stated that the present one-way street pattern in the downtown area was the subject of intensive public hearings very recently and it is questionable that the departments concerned would be inclined to suggest any changes in the street pattern at this early stage.

In the proposal before the Board today, not only will revenue from operation of Hetch Hetchy be used to finance the relocation of the trolley system but the trolley coaches will be using Hetch Hetchy power. This is a considerable item as opposed to purchasing new diesel buses and purchasing fuel to run the buses. In addition to these considerable financial advantages, there is the obvious ecological advantage.

Supervisor Mendelsohn requested that members of the Public Utilities Commission, Captain Zaragoza of the Police Traffic Bureau and the Director of Public Works be asked to be present next Monday when this matter is before the Board for final passage.

No objection; Clerk directed to comply.

Motion to continue refused adoption by the following vote:

Ayes: Supervisors Boas, Ertola, Feinstein—3.

Noes: Supervisors Francois, Gonzales, Mailliard, Mendelsohn, Pelosi, Tamaras, von Beroldingen—7.

Absent: Supervisor Barbagelata—1.

Ayes: Supervisors Boas, Ertola, Feinstein, Francois, Gonzales, Mail-

liard, Mendelsohn, Pelosi, Tamaras, von Beroldingen—10.

Absent: Supervisor Barbagelata—1.

There being no objection, at request of Supervisor Boas the following was taken up out of order:

Consideration Continued.

Motion urging use of 1955 Recreation and Park Bond funds for repair of the Ocean View Recreation Center.

Supervisor Boas stated that the Ocean View Recreation Center which has been damaged by fire has been an important facility for the City. The Board has today passed for second reading File 80-70-98 in which \$24,000 is appropriated for plans and specifications for repair of this center. However, funds in an amount sufficient to complete the repair are not available.

Supervisor Boas said he has learned that there are some \$405,000 unused in the 1955 Recreation and Park Bond issue which could be used for this purpose. Supervisor Boas, seconded by Supervisor von Beroldingen, moved that the Board of Supervisors direct the Controller to sell the remainder of 1955 Recreation and Park bond issue and request that a portion of the funds to be derived from such sale be used toward refurbishing the Ocean View Recreation Center.

In response to a question by Supervisor Boas, Joseph Caverly, General Manager, Recreation and Park Department, stated that the department's records do not show that amount available in the 1955 bond issue. At the present time some projects funded by that bond issue are being worked on.

Supervisor Boas, seconded by Supervisor von Beroldingen, thereupon moved that consideration be temporarily postponed to give Mr. Caverly and Controller Cooper an opportunity to confer.

No objection; consideration temporarily postponed.

The Board thereupon resumed consideration of Calendar items in the order set forth therein.

The Chair advised Supervisor Boas that the subject report had been referred to Planning and Development Committee.

The hour of 4:00 p.m. having arrived, the following from Finance Committee were taken up:

SPECIAL ORDER—4:00 P.M.

Accepting bid of Bank of America, NT&SA, Crocker-Citizens National Bank, Wells Fargo Bank, NA, in connection with the sale of \$1,395,000 Street Lighting Bonds, 1964, Series E.

File No. 498-70-10, Resolution No. 734-70.

Supervisor Pelosi, seconded by Supervisor Ertola, moved that subject bid be rejected.

Supervisor Pelosi explained that his motion is designed to save the taxpayers the money which would be paid out on interest on these bonds. Funds for street lighting can be made available from gas tax funds; the Finance Committee at its meeting of January 6, 1971, plans to consider the use of gas tax funds for this and other purposes.

In response to a question by Supervisor Pelosi, Controller Nathan Cooper stated that taking money from the gas tax fund for either street cleaning or street lighting diminishes the amount of money available for street reconstruction. Therefore, if the Board depletes the money for street reconstruction, there will come a time when the Department of Public Works will be before the Board asking for the issuance of a bond issue for reconstruction of streets. The financing of an operating cost by the vehicle of using monies known to be required for street reconstruction is a false economy in his opinion, Mr. Cooper said.

In response to a question by Supervisor Pelosi, Chief Administrative Officer Thomas J. Mellon stated that when it became apparent that the Foran Bill permitted much more freedom in use of gas tax funds, the Department of Public Works began to study the question of whether the City should finance street lighting from gas tax revenues. Consideration was not given to using gas tax revenues for street cleaning, primarily because the Department did not want to get into the position of having to ask for a bond issue to finance street maintenance. Mr. Mellon said that this might well be the case unless the gas tax fund is handled very carefully. At the present time the Department is attempting to determine how much of the fund is committed and how much is uncommitted. That information should be available within the next week.

In response to a question by Supervisor Mendelsohn, the Controller advised that the Board must act to award or reject bids today.

Motion to reject refused adoption by the following vote:

Ayes: Supervisors Boas, Ertola, Pelosi—3.

Motion urging use of 1955 Recreation and Park Bond funds for repair of the Ocean View Recreation Center.

Supervisor Boas indicated he had no objection to such continuance; so ordered by the Chair.

Report on convention of National League of Cities in Atlanta, Georgia.

Supervisor Francois reported that one of the major issues considered at the convention of the National League of Cities recently held in Atlanta, Georgia, was the workable program for community improvement. At the convention a motion by Chief Administrative Officer Mellon carried, urging elimination of the workable program. This action indicates the depth of the animosity felt at the delays in certification of the workable program which have jeopardized local housing programs.

Statement of Position.

Licensing of motion picture theaters.

Supervisor Francois stated that legislation will soon be coming to the Board which will require the licensing of motion picture theaters and that he intends to support such legislation.

Request Granted.

Suggesting radio broadcasts alerting citizens to stolen automobiles.

Supervisor Francois stated that at the convention of the National

League of Cities, Mayor Stokes of Cleveland had reported that Cleveland had been able to reduce the number of car thefts by forty-one percent. This had been accomplished by broadcasting on the radio a description and the license number of stolen cars. Citizens have thus been able to assist the police in locating such stolen vehicles.

Supervisor Francois requested that a communication be directed to the Chief of Police, asking him to consider the possibility of enlisting the help of the citizens of San Francisco in locating stolen vehicles by this same method.

No objection; Clerk directed to comply.

Demanding a retraction of certain statements by the Director of the Federal Bureau of Investigation.

Supervisor Gonzales called attention to a recent article in Time magazine in which the Director of the Federal Bureau of Investigation, J. Edgar Hoover, was quoted as saying that, in its duty of assisting in the protection of the President of the United States, the Bureau has found that there are no problems when it comes to Puerto Ricans or Mexicans with guns because they don't shoot straight, but if they have a knife in their hands they are more dangerous.

Supervisor Gonzales said he and other members of the community find these comments irresponsible, gratuitous, and perhaps indicative of the state of mind of a man not qualified to be retained in office.

Supervisor Gonzales requested that a communication over his signature and that of any Supervisor wishing to join him, be directed to the President of the United States, calling this matter to his attention and demanding a public apology by Mr. Hoover.

No objection; Clerk directed to comply.

Referred to Committee.

Hill Residents and Homeowners Council for development of a portion of the waterfront.

Supervisor Pelosi stated that the Potrero Hill Residents and Homeowners Council has been concerned with the development of the waterfront in the area beneath Potrero Hill between the intersection of Channel and Seventh Streets and the Islais Creek Channel. After several years of study, the Council has recently issued a report containing recommendations indicating several potential sites for public access to the water.

Supervisor Pelosi requested that a communication be directed to the City Planning Commission, asking for recommendations on the report of the Council.

No objection; Clerk directed to comply.

Requesting action to implement the urban study of the Department of City Planning.

Supervisor Pelosi announced that the Department of City Planning is nearing completion of its two-year \$190,000 urban design study, the first of its kind in the nation.

Supervisor Pelosi requested that a communication be directed to the City Planning Commission, asking that the following action be taken to ensure that the benefits of this study shall not be lost:

(a) That the Commission move as quickly as feasible to adopt a set of urban design principles and guidelines;

(b) That the Department of City Planning determine the kinds of public action which should be subject to urban design review by the Planning Commission or other appropriate commission and, with the cooperation of the City Attorney, submit legislation to that end to the Board of Supervisors for consideration;

(c) That the Commission submit, in cooperation with the City Attorney, legislation which would enable neighborhoods to obtain designation as an "urban design target area" under which the Planning Department would be authorized to work with the neighborhood for intensified urban design treatment and for which non-local funds would be sought;

(d) That the Commission recommend to the Board of Supervisors an urban design pilot project area as an experimental urban design demonstration project and seek Federal and other funds for the accomplishment thereof.

Supervisor Pelosi also requested that a communication be directed to the City Attorney, asking that his office cooperate with the Department of City Planning in the preparation of the above-mentioned legislation.

Authorizing settlement of litigation of John T. Squire, et al., against the City and County.

File No. 431-70-1, Ordinance No. 413-70.

(Superior Court Action No. 617346.)

Finally passed by the following vote:

Absent: Supervisor Barbagelata—1.

Refused Final Passage.

The following from Finance Committee, without recommendation, was taken up:

Appropriating \$40,000, Board of Supervisors, from the Emergency Reserve Fund, for operational study of the Department of Social Services; an emergency measure.

File No. 69-70-5, Ordinance No.

Supervisor Gonzales urged the passage of this appropriation for a study, by an outside contractor, of the Department of Social Services. He cited many instances of inefficiencies of operation, using personnel in wrong classifications and using City and County funds instead of State funds.

Supervisor Tamaras stated that after reading a statement by Supervisor Gonzales, felt that the purported inefficiencies of the department can be traced to not enough personnel to handle the ever increasing work load.

Mr. Ronald H. Born, General Manager, Department of Social

Services, stated that there are many new rules and regulations coming into effect from the State Department of Social Welfare that will greatly change the department's procedures. Therefore, if such a study were to be made at this time, it would have little effect.

Refused final passage by the following vote:

Ayes: Supervisors Francois, Gonzales, Mendelsohn, Pelosi—4.

Noes: Supervisors Boas, Ertola, Feinstein, Mailliard, Tamaras, von Beroldingen—6.

Absent: Supervisor Barbagelata—1.

Motion to Take Up Out of Order.

There being no objection, on motion of Supervisor von Beroldingen, seconded by Supervisor Francois, the following recommendation of Joint Finance and Planning Committee was presented out of order.

Adopted.

Approving the Bayview-Hunters Point Model Neighborhood Agency Comprehensive Development Plan 1970-71 and authorizing its submission to the United States Department of Housing and Urban Development for approval.

File No. 436-70, Resolution No. 752-70.

Supervisor Gonzales questioned whether the proposed resolution will in any way compromise or relegate to a position of inferiority the Model Neighborhood Project in the Mission District, in relation to the Model Neighborhood Project in Hunters Point, insofar as allocation of funds are concerned.

Mr. Michael McCone, Special Assistant to the Mayor for Model Neighborhoods, in response stated that he does not believe that we are establishing any priorities which would mitigate against the Mission District. Further, he thinks that the case here in the proposed resolution, is that Hunters Point is being denied the opportunity to proceed with its action program if we do not adopt the proposed legislation and that they would be cut out of the first year's allocation if the resolution is not adopted.

Supervisor Gonzales sought to clarify the foregoing by asking whether the resolution could be made more expressive by an added resolution clause to the effect that we are not establishing any priorities for funds between Hunters Point and the Mission programs.

Supervisor von Beroldingen stated that only for the first year will the entire allocation go to Hunters Point and it is contemplated that for all following years there will be an equal division in the funds of both programs.

Supervisor Gonzales thereupon requested that the foregoing comments be made a part of the Journal of Proceedings to reflect the understanding of the Board in its adoption of the pending resolution.

Miss Warren requested a unanimous "no" vote so that the Public Utilities Commission and the Board of Supervisors might consider the matter further, since the Sunset District has been excluded from any discussions of this matter.

Mendel Herscowitz, President, Haight-Ashbury Merchants and Improvement Association, who advised that the Sunset-Parkside Education and Action Committee also endorses the proposal.

He said he would like to work out an arrangement which will benefit both the Haight-Ashbury District and the Sunset District.

Supervisor Francois, seconded by Supervisor Ertola, moved adoption.

Supervisor Francois stated that his motion was made with the understanding that the matter will be reconsidered by the Public Utilities Commission and rereferred to the Board of Supervisors within thirty days; that it is clearly not the intention of the Board to abandon the entire problem of transportation to the Haight-Ashbury District.

Supervisor Mendelsohn expressed the hope that the Public Utilities Commission will consider the possibility of returning one or more lines

to Haight Street while retaining service on Page Street for the benefit of Sunset District patrons and that the Municipal Railway management will find it possible to furnish some additional service during peak hours.

The Chair requested that the record reflect the comments of Supervisor Mendelsohn and Supervisor Francois.

Adopted by the following vote:

Ayes: Supervisors Boas, Ertola, Feinstein, Francois, Gonzales, Mailliard, Mendelsohn, Tamaras, von Beroldingen—9.

Absent: Supervisors Barbagelata, Pelosi—2.

UNFINISHED BUSINESS.

Finally Passed.

The following recommendations of Finance Committee, heretofore considered, were taken up:

Appropriating \$24,000, Recreation and Park, for plans and specifications for repairs to Ocean View Recreation Center.

File No. 80-70-98.1, Ordinance No. 420-70.

(December 21, 1970—Consideration continued to December 28, 1970.)

Motion Withdrawn.

Supervisor Boas, seconded by Supervisor Tamaras, moved that consideration be continued to January 4, 1971, for requested information from Recreation and Park Department.

Joseph Caverly, General Manager, Recreation and Park Department, presented his response to the previous request of the Board that the Department re-evaluate the 1955 Playground and Recreation Center Bond Issue priorities in light of the urgent need for reconstruction of the Ocean View gymnasium, copy of which was presented for the file. Supervisor Boas thereupon withdrew his motion to continue.

There being no objection, on motion of Supervisor Ertola, the privilege of the floor was granted to Henry Schindel, President, Visitation Valley Merchants Association. Mr. Schindel stated that he is also chairman of the district coordinating council representing more than thirty-one organizations in Visitation Valley. Mr. Schindel said that the people of the Valley are very much concerned about the proposal to reduce the allocation for McLaren Park development by some \$128,000; they feel such a proposal to be eminently unfair since they worked hard for the bond issue on the strength of its being used to develop this park land.

Supervisor Francois suggested that the Board act on the proposal before it today, since the matter under discussion will come before the Board later after action by the Recreation and Park Commission.

Request Granted.

Supervisor Francois requested that communications be directed to

the Departments of Recreation and Park, City Planning, and Public Works, asking that they explore the possibility of meeting the needs of McLaren Park from some of the Federal funds the City has received and will receive. No objection, Clerk directed to comply.

City Engineer Robert C. Levy explained that \$100,000 of the bond funds was allocated for a potable water system to serve improvements in the northern section of McLaren Park and connection of the golf course irrigation system to the new Water Department reservoirs. He further stated that there is no immediate need for this project since an adequate amount of water is now being supplied to the park.

Request Granted.

Supervisor Francois requested that a communication be directed to the Water Department, suggesting that development of the water system might be a legitimate expenditure of Water Department funds. No objection; Clerk directed to comply.

There being no objection, on motion of Supervisor Francois, the privilege of the floor was granted to Miss Kristo Lovett, who urged that Ocean View Recreation Center be repaired without delay.
